Nature Of The Beast The:

The Nature of the Beast Carys Crossen, 2019-10-01 The werewolf is an increasingly popular subject of academic study and several monographs have been published in recent years Of these the closest in format and subject matter e g the contemporary werewolf in popular fiction are as follows Chantal Bourgault Du Coudray *The Curse of the Werewolf Fantasy Horror and the Beast Within* New York I B Tauris Co Ltd 2006 Brent A Stypczynski *The Modern Literary Werewolf A Critical Study of the Mutable Motif* Jefferson NC and London McFarland 2013 Kimberly McMahon Coleman and Rosalyn Weaver *Werewolves and Other Shapeshifters in Popular Culture* Jefferson NC McFarland 2012 *The Nature of the Beasts* Ian Jared Miller, 2021-01-05 It is widely known that such Western institutions as the museum the university and the penitentiary shaped Japan's emergence as a modern nation state Less commonly recognized is the role played by the distinctly hybrid institution at once museum laboratory and prison of the zoological garden In this eye opening study of Japan's first modern zoo Tokyo's Ueno Imperial Zoological Gardens opened in 1882 Ian Jared Miller offers a refreshingly unconventional narrative of Japan's rapid modernization and changing relationship with the natural world As the first zoological garden in the world not built under the sway of a Western imperial regime the Ueno Zoo served not only as a staple attraction in the nation's capital an institutional marker of national accomplishment but also as a site for the propagation of a new natural order that was scientifically verifiable and evolutionarily foreordained As the Japanese empire grew Ueno became one of the primary sites of imperialist spectacle a microcosm of the empire that could be traveled in the course of a single day The meaning of the zoo would change over the course of Imperial Japan's unraveling and subsequent Allied occupation Today it remains one of Japan's most frequently visited places But instead of empire in its classic political sense it now bespeaks the ambivalent dominion of the human species over the natural environment harkening back to its imperial roots even as it asks us to question our exploitation of the planet's resources *Nature of The Beast* Hannah Howell, Adrienne Basso, Eve Silver, 2009-09-01 In this captivating new collection from Hannah Howell Adrienne Basso and Eve Silver three women meet the irresistible vampires who are their destiny and discover a passion satisfied only by complete surrender *Dark Hero* by Hannah Howell Unlike most of his clan Berawald MacNachton chooses to live in comfortable seclusion far from the enemies who hunt his kind until Evanna Massey and her young brother intrude upon his solitude *Bride of the Beast* by Adrienne Basso When Haydn of Gwynedd first met Bethan of Lampeter she was a brave and fearless young girl risking her life to save his Now Bethan has grown into a striking courageous woman who needs Haydn's help to defeat her tyrannical stepfather Haydn's dark gift compels him to offer marriage in name only but he cannot deny the passion that sears them both *Kiss of the Vampire* by Eve Silver Devoted to her work at King's College Hospital Sarah Lowell is shocked to discover that someone or something is killing the weakest patients draining them of their blood Killian Thayne an enigmatic surgeon offers Sarah his protection but his sensual commanding presence presents another kind of danger **The Nature of the Beast** ,1989

The Nature of the Beast Ryan Josey, 2014-12-11 Too often our servicemen return with more than scars and invisible wounds They become something often considered monstrous for our military in order to defend our homeland But what happens when their work is done and their respected units have no further use for them Trained killers now told to be normal members of society and forget about what they were programmed to do For most it isn't that easy to just revert back Once killing is in your blood you return to your primal roots and never again will you ever be the same On the south coast of Texas five fishermen grown disenfranchised by hard work and low wages find themselves in over their heads in the seedy world of international drug trafficking and in a crossfire between feuding cartels When two border patrol agents find a dead man and a large sum of money on the banks of the Rio Grande they are faced with the age old decision between right and wrong Alas the distinction is not always so clear A cartel enforcer is tasked with enforcing smuggling routes but the former Mexican soldier has his own fanatical agenda as well They are all lost souls on a collision course with one another that can only end with violence an all too familiar outcome on the troubled Texas Mexico border
