**My Life and Work with Alfred Vogel** Jan de Vries,2011-04-08 *My Life and Work with Alfred Vogel* is the third

instalment of Jan de Vries's memoirs covering his life and career as a renowned alternative health practitioner. This volume focuses on his long and fruitful working relationship with Alfred Vogel which prospered right up until Vogel's death in 1996. Jan de Vries was the only person to whom Vogel taught his unique healing methods and philosophies and as a result of their close professional links they also became great friends sharing a mutual respect and trust over a period of 40 years. In this revealing and informative memoir de Vries details the methods employed by Vogel and the profound influence that the Swiss naturopath had on him and his career. De Vries reflects upon the controversial often almost impossible situations that he shared with Vogel as they travelled throughout the world to promote their methods and practices. De Vries also provides invaluable practical advice for daily living and stresses how by employing old folklore methods and taking on board aspects of dietary management long term health and happiness can be achieved by all.

### **Plant Spirit Shamanism** Ross

Heaven, Howard G. Charing, 2006-08-03. An in depth look at the role of plant spirits in shamanic rituals from around the world. Shows how shamans heal using their knowledge of plant spirits as well as the plant's medical properties. Explores the core methods of plant shamanism: soul retrieval, spirit extraction and sin eating and includes techniques for connecting with plant spirits. Includes extensive field interviews with master shamans of all traditions. In *Plant Spirit Shamanism* Ross Heaven and Howard G. Charing explore the use of one of the major allies of shamans for healing: seeing, dreaming and empowerment plant spirits. After observing great similarities in the use of plants among shamans throughout the world they discovered the reason behind these similarities. Rather than dealing with the medical properties of the plants or specific healing techniques, shamans commune with the spirits of the plants themselves. From their years of in depth shamanic work in the Amazon, Haiti and Europe including extensive field interviews with master shamans, Heaven and Charing present the core methods of plant shamanism used in healing rituals: the world over, soul retrieval, spirit extraction, sin eating and the Amazonian tradition of *pusanga* love medicine. They explain the techniques shamans use to establish connections to plant spirits and provide practical exercises as well as a directory of traditional Amazonian and Caribbean healing plants and their common North American equivalents so readers can explore the world of plant spirits and make allies of their own.
