**Creative Destruction** Tyler Cowen,2009-01-10 A Frenchman rents a Hollywood movie A Thai schoolgirl mimics Madonna Saddam Hussein chooses Frank Sinatra s My Way as the theme song for his fifty fourth

birthday It is a commonplace that globalization is subverting local culture But is it helping as much as it hurts In this strikingly original treatment of a fiercely debated issue Tyler Cowen makes a bold new case for a more sympathetic understanding of cross cultural trade Creative Destruction brings not stale suppositions but an economist's eye to bear on an age old question Are market exchange and aesthetic quality friends or foes On the whole argues Cowen in clear and vigorous prose they are friends Cultural destruction breeds not artistic demise but diversity Through an array of colorful examples from the areas where globalization's critics have been most vocal Cowen asks what happens when cultures collide through trade whether technology destroys native arts why and whether Hollywood movies rule the world whether globalized culture is dumbing down societies everywhere and if national cultures matter at all Scrutinizing such manifestations of indigenous culture as the steel band ensembles of Trinidad Indian handweaving and music from Zaire Cowen finds that they are more vibrant than ever thanks largely to cross cultural trade For all the pressures that market forces exert on individual cultures diversity typically increases within society even when cultures become more like each other Trade enhances the range of individual choice yielding forms of expression within cultures that flower as never before While some see cultural decline as a half empty glass Cowen sees it as a glass half full with the stirrings of cultural brilliance Not all readers will agree but all will want a say in the debate this exceptional book will stir American Indians of the Southwest Bertha P. Dutton, 1983-03 More than providing a compendium of southwestern Indian history and culture this remarkable book gives the reader an understanding of and appreciation for the unique lifeways of these peoples whose philosophy the author believes may be our one great resource for peace *New Mexico Magazine*, 1980 **The Desert is No Lady** Vera Norwood, Janice J. Monk, 1997 Over the past century women artists and writers have expressed diverse creative responses to the landscape of the Southwest The Desert Is No Lady provides a cross cultural perspective on women by examining Anglo Hispanic and Native American women's artistic expressions and the effect of their art in defining the southwestern landscape The Desert Is No Lady has been made into a motion picture of the same title by Women Make movies New York NY A beautifully crafted book Although it varies in intensity the response of women to the environment is virtually always different from the male frontiersman's view of the land as inanimate boundless conquerable and controllable Polly Wells Kaufman in Women's Review of Books A powerful masterpiece Eve Gruntfest in The Professional Geographer
