The Dynamics and Complexities of Interracial Gay Families in South Africa: A New Frontier Oluwafemi Adeagbo, 2018-12-12 This book provides an in depth account of a qualitative study on the familial arrangements and domestic settings shaping interracial gay partnerships in the South African context and it offers both empirical and theoretical insights on the topic. While heterosexual intimate relationships particularly mixed race couples have attracted societal and scholarly attention in South Africa due to the country's past history of racial segregation it is however striking how little emphasis is placed on understanding same sex unions in a transforming South Africa. This book is timely and important because it explores the vignettes complexities and dynamics of interracial gay intimate relationships an area that hardly gets the scholarly attention it deserves. The book addresses the intersectionality and the question of how sexuality gender racial identity and personal resources influence the relationship as well as the way resilience strategies are drawn upon to sustain the partnership.

Between Black and Brown Rebecca Romo, G. Reginald Daniel, J. Sterphong, 2024-10 Between Black and Brown begins with a question: How do individuals with one African American parent and one Mexican American parent identify racially and ethnically? In answer the authors explore the experiences of Blaxicans individuals with African American and Mexican American heritage as they navigate American culture which often clings to monoracial categorizations. Part 1 analyzes racial formation and the Blaxican borderlands comparing racial orders in Anglo America and Latin America. The Anglo Americanization of Latin North America particularly in the Gulf Coast and Southwest regions shapes Black and Mexican American identities. Part 2 delves into Blaxicans lived experiences examining their self identification with pride and resilience. The book explores challenges and agency in navigating family school and community dynamics and discusses expectations regarding cultural authenticity. It also delves into Black and Brown relations and how situational contexts influence interactions. This work contributes to the discourse on multiracial identities and challenges prevailing monoracial norms in academia and society. Ultimately Between Black and Brown advocates for a more inclusive and nuanced understanding of identity race and culture.
