PT boats captured the imagination of the American public during WW2 From the darkest days of 1941 and 1942 the PTs were bravely slugging it out with the overwhelming Japanese invasion forces PTs extracted MacArthur from Manila and when he returned it was on a PT The PTs were nimble and quick and packed a wallop They were Davids to the Axis Goliaths And the crews what young man wouldn't want to be a dashing PT sailor This collection of WW2 ads follows the PTs and their crews from those dark early days to the final victory and the promise of carefree yachting in the ensuing peace Over 200 wartime PT ads are crammed into this affordable Black White Collection Also look for the companion volume *Fighting Boats for a Fighting Navy Supplemental Color Edition* which contains a selection of the most colorful ads from this larger B W edition

MotorBoating ,1944-03 **The Boat that Won the War** Charles C. Roberts, Jr., 2017-07-30 This is an excellent examination of one of the most important Allied naval weapons of the Second World War HistoryOfWar.org The Landing Craft Vehicle Personnel LCVP for short or simply the Higgins boat to most of its users was one of the keystones of victory in the Second World War Like the army's Jeep or the Air Force's C 47 transport it served in almost every theatre of war performing unglamorous but vital service in the Allied cause Derived from a humble workboat the Higgins boatbuilding company designed a brilliantly simple craft that performed its role so well that over 23 000 of them were constructed indeed a high proportion of all the troops landed on enemy beaches came ashore from LCVPs an achievement that led General Eisenhower to describe it as the boat that won the war As Eisenhower had more experience of major amphibious operations than any other commander it is a judgment to be taken seriously This book combines the first in depth history of the development and employment of the type with a detailed description of its construction machinery performance and handling based on the author's first hand experience masterminding the restoration of a wartime example for his museum Well illustrated with plans and photographs it will be of interest to modelmakers and enthusiasts both military and naval An invaluable record for military historians and the designers builders and operators of the successor boats The photographs and drawings of every imaginable aspect of the LVCPs are beyond price A magnificent contribution to both naval history and the future planning of amphibious operations Ausmarine *MotorBoating* ,1944-11 MotorBoating ,1944-08 **Crash Boat** George D. Jepson, 2021-04-15 After the Japanese attacked Pearl Harbor on December 7 1941 young Americans lined up at recruiting stations across the nation Crash Boat is the compelling story of an armed United States air sea rescue boat

crewed by volunteers during World War II in the South Pacific Only months earlier they had been civilians living the best years of their lives In the Pacific they conducted dramatic rescues of downed pilots and clandestine missions off of enemy held islands at great peril and with little fanfare George D Jepson chronicles these ordinary young men doing extraordinary things as told to him by Earl A McCandlish commander of the 63 foot crash boat P 399 Nicknamed Sea Horse the vessel and her crew completed over thirty rescues at sea weathered typhoons fought a fierce gun battle with Japanese forces experienced life from another age in isolated native villages carried out boondoggle missions and played a supporting role in America s return to the Philippines
