Navy Gray A Story Of The Confederate Navy On The Chattahoochee And Apalachicola Rivers

Maxine T. Turner

Navy Gray A Story Of The Confederate Navy On The Chattahoochee And Apalachicola Rivers:

Navy Gray Maxine T. Turner,1999 The story of the Confederate Navy been told less often than the spectacular history of the armies but many of the familiar elements are there the exuberant hopes of the Confederacy the risk in spite of very long odds against success the basic deficits in resources becoming desperate needs and the dogged exhausted persistence in the face of certain defeat The story is epic in its importance to a nation and a people New strategies and developing technology however introduce new elements into this story of the Civil War The officers and men of the Confederate Navy were defeated at every turn by a national policy and a local tangle of political economic and social issues Southern officers resigned their Union Navy commissions to fight for principle and soon found themselves enmeshed in construction schedules and bureaucratic delays All too often naval officers on both sides found themselves engaged in what is now termed modern warfare In this story of the Civil War the phrase arms and the man begins to take on the contemporary ring of man and machine and man within and against the system

Voices of the Confederate Navy R. Thomas Campbell,2013-10-15 This collection of writings by Confederate naval participants aptly tells the story of the hardships and trials faced by the men of the South on the seas and waterways The narratives include fond memories of skirmishes in beloved ships recollections of bitter defeats dispatches of officers claiming victory gritty excerpts from journals accounts of cunning blockade dodges and carefully worded reports of the loss of a ship Each entry lends valuable information and color as a modern reader tries to understand just what these men faced [Air University Library Index to Military Periodicals](#) ,1989 *From These Honored*

Dead Clarence R. Geier,Douglas D. Scott,Lawrence E. Babits,2014-04-22 This book contains sixteen original essays that highlight the role of historical archaeology in our understanding of the American Civil War **Breaking the Heartland**

John D. Fowler,David B. Parker,2011 The Civil War was arguably the watershed event in the history of the United States forever changing the nature of the Republic and the relationship of individuals to their government The war ended slavery and initiated the long road toward racial equality The United States now stands at the sesquicentennial of that event and its citizens attempt to arrive at an understanding of what that event meant to the past present and future of the nation Few states had a greater impact on the outcome of the nation's greatest calamity than Georgia Georgia provided 125 000 soldiers for the Confederacy as well as thousands more for the Union cause Also many of the Confederacy's most influential military and civilian leaders hailed from the state Georgia was vital to the Confederate war effort because of its agricultural and industrial output The Confederacy had little hope of winning without the farms and shops of the state Moreover the state was critical to the Southern infrastructure because of the river and rail links that crossed it and connected the western Confederacy to the eastern half Finally and perhaps most importantly the war was arguably decided in North Georgia with the Atlanta Campaign and Lincoln's subsequent reelection This campaign was the last forlorn hope for the Southern Republic and the Union's greatest triumph Despite the state's importance to the Confederacy and the war's ultimate outcome not

enough has been written concerning Georgia's experience during those turbulent years. The essays in this volume attempt to redress this dearth of scholarship. They present a mosaic of events, places, and people exploring the impact of the war on Georgia and its residents and demonstrating the importance of the state to the outcome of the Civil War. **Georgia** Buddy Sullivan, 2010-05-05 Georgia's past has diverged from the nation's and given the state and its people a distinctive culture and character. Some of the best and the worst aspects of American and Southern history can be found in the story of what is arguably the most important state in the South. Yet just as clearly Georgia has not always followed the road traveled by the rest of the nation and the region. Explaining the common and divergent paths that make us who we are is one reason the Georgia Historical Society has collaborated with Buddy Sullivan and Arcadia Publishing to produce *Georgia: A State History*, the first full-length history of the state produced in nearly a generation. Sullivan's lively account draws upon the vast archival and photographic collections of the Georgia Historical Society to trace the development of Georgia's politics, economy, and society and relates the stories of the people, both great and small, who shaped our destiny. This book opens a window on our rich and sometimes tragic past and reveals to all of us the fascinating complexity of what it means to be a Georgian. The Georgia Historical Society was founded in 1839 and is headquartered in Savannah. The Society tells the story of Georgia by preserving records and artifacts, by publishing and encouraging research and scholarship, and by implementing educational and outreach programs. This book is the latest in a long line of distinguished publications produced by the Society that promote a better understanding of Georgia history and the people who make it. Georgia Sullivan, Buddy, Georgia Historical Society, 2010-05-10 *Georgia: A State History* opens a window on our rich and sometimes tragic past and reveals to all of us the fascinating complexity of what it means to be a Georgian. Georgia's past has diverged from the nation's and given the state and its people a distinctive culture and character. Some of the best and the worst aspects of American and Southern history can be found in the story of what is arguably the most important state in the South. Yet just as clearly Georgia has not always followed the road traveled by the rest of the nation and the region. Explaining the common and divergent paths that make us who we are is one reason the Georgia Historical Society has collaborated with Buddy Sullivan and Arcadia Publishing to produce *Georgia: A State History*, the first full-length history of the state produced in nearly a generation. Sullivan's lively account draws upon the vast archival and photographic collections of the Georgia Historical Society to trace the development of Georgia's politics, economy, and society and relates the stories of the people, both great and small, who shaped our destiny. **The American Civil War** Steven E. Woodworth, 1996-12-09 The single most important volume for anyone interested in the Civil War to own and consult. From the foreword by James M. McPherson: The first guide to Civil War literature to appear in nearly 30 years, this book provides the most comprehensive up-to-date and informative survey and analysis of the vast body of Civil War literature. More than 40 essays, each by a specialist in a particular subfield of Civil War history, offer unmatched thoroughness and discerning assessments of each work's value. The essays cover every aspect of the

war from strategy tactics and battles to logistics intelligence supply and prisoner of war camps from generals and admirals to the men in the ranks from the Atlantic to the Far West from fighting fronts to the home front Some sections cover civilian leaders the economy and foreign policy while others deal with the causes of war and aspects of Reconstruction including the African American experience during and after the war Breadth of topics is matched by breadth of genres covered Essays discuss surveys of the war general reference works published and unpublished papers diaries and letters as well as the vast body of monographic literature including books dissertations and articles Genealogical sources historical fiction and video and audio recordings also receive attention Students of the American Civil War will find this work an indispensable gateway and guide to the enormous body of information on America's pivotal experience *The Civil War in Georgia* John C. Inscoe, 2011 A project of the New Georgia Encyclopedia [A Journal of the American Civil War: V4-3](#) Theodore P. Savas, David A. Woodbury, 2021-12-31 Balanced and in depth military coverage all theaters North and South in a non partisan format with detailed notes offering meaty in depth articles original maps photos columns book reviews and indexes Notable titles of 1994 Buckner's unpublished report of the Kentucky Campaign author Mark Bradley talks about the Battle of Bentonville **Life in Jefferson Davis' Navy** Barbara B Tomblin, 2019-04-15 The Civil War is often considered a soldier's war but *Life in Jefferson Davis' Navy* acknowledges the legacy of service of the officers and sailors of the Confederate States Navy In this full length study Barbara Brooks Tomblin addresses every aspect of a Confederate seaman's life from the risks of combat to the everyday routines which sustained those sailing for the stars and bars Drawing upon diaries letters newspaper accounts and published works Tomblin offers a fresh look at the wartime experiences of the officers and men in the Confederate Navy including those who served on gunboats ironclads and ships on western rivers and along the coast and at Mobile Bay as well as those who sailed on the high seas aboard the Confederate raiders Sumter Alabama Florida and Shenandoah The author also explores the daily lives deprivations and sufferings of the sailors who were captured and spent time in Union prisoner of war camps at Point Lookout Elmira Camp Chase Johnson's Island Ship Island and Fort Delaware Confederate prisoners journals and letters give an intimate account of their struggle helping modern audiences understand the ordeals of the defeated in the Civil War **A People's History of the Civil War** David Williams, 2011-05-10 Does for the Civil War period what Howard Zinn's *A People's History of the United States* did for the study of American history in general Library Journal Historian David Williams has written the first account of the American Civil War as viewed through the eyes of ordinary people foot soldiers slaves women prisoners of war draft resisters Native Americans and others Richly illustrated with little known anecdotes and firsthand testimony this path breaking narrative moves beyond presidents and generals to tell a new and powerful story about America's most destructive conflict *A People's History of the Civil War* is a readable social history that sheds fascinating light on this crucial period In so doing it recovers the long overlooked perspectives and forgotten voices of one of the defining chapters of American history Publishers Weekly Meticulously

researched and persuasively argued *The Atlanta Journal Constitution* *Becoming Free in the Cotton South* Susan Eva O'Donovan, 2010-04-10 This book challenges our most basic ideas about slavery and freedom in America Instead of seeing emancipation as the beginning or end of the story O'Donovan explores the perilous transition between these two conditions offering a unique vision of the enormous changes and the profound continuities in black life before and after the Civil War

Slavery in Florida Larry Eugene Rivers, 2009-03-15 This important illustrated social history of slavery tells what life was like for bond servants in Florida from 1821 to 1865 offering new insights from the perspective of both slave and master Starting with an overview of the institution as it evolved during the Spanish and English periods Larry E Rivers looks in detail and in depth at the slave experience noting the characteristics of slavery in the Middle Florida plantation belt the more traditional slave based cotton growing economy and society as distinct from East and West Florida which maintained some attitudes and traditions of Spain He examines the slave family religion resistance activity slaves participation in the Civil War and their social interactions with whites Indians other slaves and masters Rivers also provides a dramatic account of the hundreds of armed free blacks and runaways among the Seminole Creek and Mikasuki Indians on the peninsula whose presence created tensions leading to the great slave rebellion the Second Seminole War 1835-42 Slavery in Florida is built upon painstaking research into virtually every source available on the subject a wealth of historic documents personal papers slave testimonies and census and newspaper reports This serious critical work strikes a balance between the factual and the interpretive It will be significant to all readers interested in slavery the Civil War the African American experience and Florida and southern U S history and it could serve as a comprehensive resource for secondary school teachers and students

Footprints of a Regiment W. H. Andrews, 1992-05-25 An absorbing first person Civil War memoir from the perspective of a foot soldier looking back some thirty years later *The Battle for the University of Alabama* William Warren Rogers, 2025 The University of Alabama was burned to the ground in the final days of the Civil War In the war's aftermath survivors constructed a new collection of buildings using many of the bricks left from the original campus Nevertheless the university's presidency changed frequently Alabama had a new egalitarian constitution created by a racially diverse coalition of Republicans the fate of the University of Alabama soon became a key battleground in the contested nature of state Assuming control of the university shortly before its formal reopening the new state Board of Education dismissed the previous regime's chosen faculty replacing them with idealistic Republican outsiders in a firestorm of controversy that set the stage for further conflicts to come Inflamed by reactionary rabble rousers Tuscaloosa became a notorious hotbed of intimidation and violence against radical Republicanism African Americans and the University of Alabama where a series of short lived presidencies financial crises brutal threats fabricated controversies and a dwindling student body came to symbolize Alabama's complicated Reconstruction experience in the public eye As the university's leaders struggled to shore up its fortunes Democratic interests abetted by the Ku Klux Klan began to regain political power leveraging the university's

difficulties as a Trojan horse to recapture the governor's office in 1870 This splintered Republican led reformist efforts and initiated the steady reconsolidation of elite white power across the state including the University of Alabama In *The Battle for the University of Alabama and the Perilous Path of Higher Education in the Reconstruction South* William Warren Rogers Jr traces this incredible yet little known story of the bitter contest for the fate of a cultural citadel in relation to the histories of other public universities in the former states of the Confederacy as they struggled to make their own way after the war

The Tifts of Georgia John D. Fair, 2010 This unique book addresses the under analyzed subject of internal migration in American historiography by showing the impact of eight generations of a family from New England on the development of Southern Georgia from the eighteenth to the end of the twentieth centuries Focusing on cross regional influences *The Tifts of Georgia* sheds new light on such traditional topics as paternalism cultural assimilation and race relations Originally from Mystic Connecticut the Tifts migrated to Key West Florida where they profited from the wrecking trade set up business operations at various points along the eastern coast of the United States and eventually made a significant impact on some of the less developed areas of Georgia The most important member of the family was Nelson Tift a pioneer businessman who founded the city of Albany Georgia in the 1830s and played a major role on behalf of his adopted state during the Civil War and Reconstruction His enterprises were often coordinated with his brother Asa in Key West Their nephew Henry Harding Tift founded Tifton and Tift County and Tift College in Forsyth was named for Henry's wife Bessie a major benefactor Later Tifts were not only involved in the continued development of Albany and Tifton but made significant contributions to the economy and civic life of Macon Atlanta and other communities The most important theme embodied in this monograph is how the Tifts brought Connecticut Yankee values to the South but were in turn transformed into Southerners *The Tifts of Georgia* is richly illustrated with charts maps and original photographs This history of an important Georgia family should be of special interest to professional and amateur historians sociologists cultural anthropologists and genealogists

The Papers of Andrew Johnson Andrew Johnson, 1967 The project continues with treatment of six extremely important months in Johnson's presidency and in the evolving of the Reconstruction story Documents have been selected from thousands for inclusion in full a few are summarized with identification for virtually every person and event mentioned Annotation

copyright by Book News Inc Portland OR *Flowing Through Time* Lynn Willoughby, 2012-05-23 This handsome illustrated book chronicles the history of the Lower Chattahoochee River and the people who lived along its banks from prehistoric Indian settlement to the present day In highly accessible energetic prose Lynn Willoughby takes readers down the Lower Chattahoochee River and through the centuries On this journey the author begins by examining the first encounters between Native Americans and European explorers and the international contest for control of the region in the 17th and 19th centuries Throughout the book pays particular attention to the Chattahoochee's crucial role in the economic development of the area In the early to mid nineteenth century the beginning of the age of the steamboat and a period of rapid growth for

towns along the river the river was a major waterway for the cotton trade The centrality of the river to commerce is exemplified by the Confederacy's efforts to protect it from Federal forces during the Civil War Once railroads and highways took the place of river travel the economic importance of the river shifted to the building of dams and power plants This subsequently led to the expansion of the textile industry In the last three decades the river has been the focus of environmental concerns and the subject of water wars because of the rapid growth of Atlanta Written for the armchair historian and the scholar the book provides the first comprehensive social economic and environmental history of this important Alabama Georgia Florida river Historic photographs and maps help bring the river's fascinating story to life

Bitterly Divided David Williams, 2010-04-16 The little known history of anti secession Southerners Absolutely essential Civil War reading Booklist starred review Bitterly Divided reveals that the South was in fact fighting two civil wars the external one that we know so much about and an internal one about which there is scant literature and virtually no public awareness In this fascinating look at a hidden side of the South's history David Williams shows the powerful and little understood impact of the thousands of draft resisters Southern Unionists fugitive slaves and other Southerners who opposed the Confederate cause This fast paced book will be a revelation even to professional historians His astonishing story details the deep often murderous divisions in Southern society Southerners took up arms against each other engaged in massacres guerrilla warfare vigilante justice and lynchings and deserted in droves from the Confederate army Some counties and regions even seceded from the secessionists With this book the history of the Civil War will never be the same again Publishers Weekly starred review Most Southerners looked on the conflict with the North as a rich man's war and a poor man's fight especially because owners of 20 or more slaves and all planters and public officials were exempt from military service The Confederacy lost it seems because it was precisely the kind of house divided against itself that Lincoln famously said could not stand Booklist starred review

The Enigmatic Realm of **Navy Gray A Story Of The Confederate Navy On The Chattahoochee And Apalachicola Rivers**: Unleashing the Language is Inner Magic
