

# The Personal Response System.

## How did we get started?

---

- The impact of PRS is well established, but cost has been the main reason not to adopt it.
- In October 2003 I attended an AAPT meeting about the introductory Physics course curriculum, and found out that Prentice Hall offered the possibility of bundling the PRS units with their text book (the cost per book increased by \$15). In addition, for every 40 text books sold, I would receive one receiver.
- Since we already use books from Prentice Hall in our introductory physics courses, I decided to order the bundled version for Physics 121 for spring 2004, and Prof. Manly decided to do the same thing for Physics 114.
- I received 8 receivers from the PRS company at no charge.
