The Heart of the Path Lama Zopa Rinpoche,2009-01-01 Guru devotion is a greatly misunderstood but extremely important topic in the practice of Tibetan Buddhism In this exhaustive treatment of the subject the author explains clearly what it is what it is not and how to practice it Provided by publisher *The Yoga Tradition* Georg Feuerstein,2012-09-18 A unique reference work from the foremost writer on Yoga today THE YOGA TRADITION surveys the 5 000 year history of Hindy Buddhism Jaina and Sikh Yoga featuring full and partial translations of numerous key scriptures and over 200 illustrations It is considered the CLASSIC text on Yoga practice and history **The Psychology of Yoga** Georg Feuerstein,2014-01-14 How the mind works according to the ancient yogic traditions compared and contrasted to the approaches of Western psychology by one of the greatest yoga scholars of our time Georg Feuerstein begins the book by

establishing the historical context of modern Western psychology and its gradual encounter with Indian thought then follows this introduction with twenty three chapters each of which presents a topic generally a point of correspondence or distinction between Western and Eastern paradigms These are grouped into three general sections Foundations Mind and Beyond and Mind In Transition The book concludes with a brief epilogue as well as three appendices adding depth to the discussion of the ancient yoga traditions as well as an informative survey of yoga psychology literature The Psychology of Yoga is a feast of wisdom and lore assembled from a perspective possible only for one whose monumental scholarship has been tempered and leavened by practice Odyssey to Freedom Kyabje Gelek Rinpoche,1998 **Religion and Doctor Who** Andrew Crome,James F. McGrath,2013-11-14 Doctor Who has always contained a rich current of religious themes and ideas In its very first episode it asked how humans rationalize the seemingly supernatural as two snooping schoolteachers refused to accept that the TARDIS was real More recently it has toyed with the mystery of Doctor s real name perhaps an echo of ancient religions and rituals in which knowledge of the secret name of a god angel or demon was thought to grant a mortal power over the entity But why does Doctor Who intersect with religion so often and what do such instances tell us about the society that produces the show and the viewers who engage with it The writers of Religion and Doctor Who Time and Relative Dimensions in Faith attempt to answer these questions through an in depth analysis of the various treatments of religion throughout every era of the show s history While the majority of chapters focus on the television show Doctor Who the authors also look at audios novels and the response of fandom Their analyses all written in an accessible but academically thorough style reveal that examining religion in a long running series such as Doctor Who can contribute to a number of key debates within faith communities and religious history Most importantly it provides another way of looking at why Doctor Who continues to inspire to engage and to excite generations of passionate fans whatever their position on faith The contributors are drawn from the UK the USA and Australia and their approaches are similarly diverse Chapters have been written by film scholars and sociologists theologians and historians rhetoricians philosophers and anthropologists Some write from the perspective of a particular faith or belief others write from the perspective of no religious belief All however demonstrate a solid knowledge of and affection for the brilliance of Doctor Who The Great Treatise on the Stages of the Path to Enlightenment (Volume 1) Tsong-kha-pa,2015-03-31 The first volume of the 15th century spiritual classic that condenses Buddhist teachings into one easy to follow meditation manual The Great Treatise on the Stages of the Path to Enlightenment Tib Lam rim chen mo is one of the brightest jewels in the world s treasury of sacred literature The author Tsong kha pa completed it in 1402 and it soon became one of the most renowned works of spiritual practice and philosophy in the world of Tibetan Buddhism Because it condenses all the exoteric s tra scriptures into a meditation manual that is easy to understand scholars and practitioners rely on its authoritative presentation as a gateway that leads to a full understanding of the Buddha s teachings Tsong kha pa took great pains to base his insights on classical Indian Buddhist literature

illustrating his points with classical citations as well as with sayings of the masters of the earlier Kadampa tradition In this way the text demonstrates clearly how Tibetan Buddhism carefully preserved and developed the Indian Buddhist traditions This first of three volumes covers all the practices that are prerequisite for developing the spirit of enlightenment bodhicitta

The Great Treatise on the Stages of the Path to Enlightenment (Volume 1) Tsongkhapa,2025-07-01 The Great Treatise on the Stages of the Path to Enlightenment Lam rim chen mo is one of the brightest jewels in the world s treasury of sacred literature The author Tsong kha pa 1357 1419 completed this masterpiece in 1402 and it soon became one of the most renowned works of spiritual practice and philosophy in the world of Tibetan Buddhism Tsong kha pa took great pains to base his incisive insights on the classical Indian Buddhist literature illustrating his points with classical citations as well as with sayings of the masters of the earlier Kadampa tradition In this way the text demonstrates clearly how Tibetan Buddhism carefully preserved and developed the Indian Buddhist traditions Volume One covers all practices that are prerequisite for developing the spirit of enlightenment bodhicitta Volume Two explains how to train in the six perfections in order to develop the heart of compassion indispensable for any student who wants to put the Dharma into practice Volume Three contains a presentation of the two most important topics to be found in the Great Treatise meditative serenity shamatha and

practices which have much to offer as a means of cultivating and maturing the practitioner's psychological ground. They can enable experiences to unfold and they can clear the way when there seem to be problems or hindrances practitioners are struggling with. In *Preparing for Tantra* Preece draws on his experience as a Tantric Buddhist practitioner, meditation teacher and psychotherapist to explain how to make the preliminary practices psychologically meaningful and spiritually transformative. He examines each of the practices with an eye to revealing how they may be used to heal and transform psychological trauma and offers practical suggestions for integrating them into daily life as well as ensuring that practitioners are prepared psychologically, emotionally and energetically to start out safely on the tantric path. *Preparing for Tantra* is an accessible guidebook for engaging in ngondro, the preliminary practices that are done before engaging in a long tantric retreat.
