The International Politics of Whaling Peter J. Stoett, 2011-11-01 Whales large mysterious intelligent and endangered In 1986 a global moratorium on

whaling was issued by the International Whaling Commission. However, that decision was not without controversy. Some countries such as Norway continue to whale in defiance of the ban. In this fascinating book, Peter Stoett combines ecological sensitivity with a hard assessment of the political realities of the international regime to examine this important issue. *The International Politics of Whaling* examines contemporary whaling issues with an emphasis on three factors: our knowledge of whales and current whale populations and the impact of whaling; the actors and institutions involved in the debate over whaling; and the ethical dimension. Reluctantly, he concludes that the current global moratorium on whaling is problematic and that we must focus instead on habitat preservation in order to protect whales more effectively. *The Whale Watcher's Guide* Patricia Corrigan, 1999. An updated edition of the book that helps plan a whale watching trip. With new information regarding whale tours in North America, this valuable guide explains everything from where to see these magnificent animals and what a tour will cost to what to watch for and what to wear. Includes updated information on pricing, dates, tour operators, and contact information. 35 illustrations.

Ecocritical Aesthetics Peter Quigley, Scott Slovic, 2018-02-28. This lively collection of essays explores the vital role of beauty in the human experience of place, interactions with other species, and contemplation of our own embodied lives. Devoting attention to themes such as global climate change, animal subjectivity, environmental justice, and activism, and human moral responsibility for the environment, these contributions demonstrate that beauty is not only a meaningful dimension of our experience but also a powerful strategy for inspiring cultural transformation. Taken as a whole, they underscore the ongoing relevance of aesthetics to the ecocritical project and the concern for beauty that motivates effective social and political engagement. *Canadian Book Review Annual*, 1995.

The Publishers Weekly, 1995. **Quill & Quire**, 1995. *American Book Publishing Record*, 1995. *Ballads of the North, Medieval to Modern* Sandra Ballif Straubhaar, Richard Firth Green, 2019-04-15. This volume is intended as a belated but heartfelt thank you and Gedenkschrift to the late Larry Syndergaard. 1936-2015, long-time professor of English at Western Michigan University and Fellow of the Kommission für Volksdichtung International Ballad Commission. Larry's contributions over the decades to ballad studies, particularly Scandinavian and Anglophone, included dozens of papers and articles as well as his supremely useful book *English Translations of the Scandinavian Medieval Ballads*. As David Atkinson and Thomas A. McKean of the Kommission have written: "May 2015, Larry was a sound scholar with a penetrating mind which he used to support, encourage, and befriend others rather than show off his own knowledge. He will be remembered for his contributions to international balladry, especially for providing a bridge between the English and Scandinavian language ballads. Larry's particular fascination with the vernacular ballads of the northern medieval world are reflected in this collection; topics here range from plot elements such as demonic whales, otherworldly antagonists, and mer-people to thematic issues of genre, religion, and sexual mores. As a tribute to the global influence of Larry's scholarship and the broad academic interest in medieval ballads, the essays in this volume were contributed by twelve international scholars of narrative song based in
