Transatlantic Charismatic Renewal, c.1950-2000, 2021-07-05 In Transatlantic Charismatic Renewal c 1950 2000 Andrew Atherstone Mark Hutchinson and John Maiden bring together leading researchers to examine one of the globally most important religious movements of the twentieth century Various referred to as the charismatic renewal or revival it was a key Christian response to globalization modernity and secularization Unlike other accounts which focus either on denominational pentecostalism or charismatic phenomena outside the West this volume describes transatlantic Christianity drawing deeply on its pneumatic roots to bring about renewal New research in archives and overlooked journals illuminate key figures from David du Plessis to John Wimber providing insights which challenge the standard interpretations of the charismatic movement s origins and influence

The Charismatic Movement in Taiwan from 1945 to 1995 Judith C.P. Lin, 2020-07-10 This book presents a comprehensive account of the historical development of the Charismatic Movement in Taiwan placing it within the context of Taiwan s religious and political history Judith C P Lin unearths invaluable sources of the Japan Apostolic Mission the Full Gospel Business Men s Fellowship International Formosa Chapter and Jean Stone Willans short stay in Taiwan in 1968 Lin describes and analyzes how the efforts of 1970s charismatic missionaries in Taiwan including Pearl Young Nicholas Krushnisky Donald Dale Allen J Swanson and Ross Paterson shaped the theological convictions of later Taiwanese charismatic leaders She also explores significant developments in the Taiwanese Church which contributed to the gradual and widespread recognition of the Charismatic Movement in Taiwan from 1980 to 1995 Lin offers a thorough treatment of history reconfigures historiography from a Taiwanese perspective and challenges the academic circle to take seriously the Taiwanese consciousness when engaging Taiwan s history

Grassroots Unity in the Charismatic Renewal Connie Ho Yan Au, 2011-02-23 This book explores the nature of grassroots unity in the British charismatic renewal in the 1970s and its significance to ecumenism The study is based on the five international conferences of the Fountain Trust and focuses on two grassroots activities worship in general and the celebration of the Eucharist in particular Worship in this setting nurtured unity through charisms but the Eucharist exposed the inadequacy of this grassroots unity because of doctrinal and ecclesiological differences This book aims to suggest a way forward by searching for the complementarity of institution and charisms and Christology and Pneumatology in a charismatic context It argues that the two emphases of the charismatic renewal charisms and the Holy Spirit complement the institutional commitments of the church and ecumenism The concepts of Christus praesens and Spiriti praesens are considered intrinsic to the charisms and thus Christology and Pneumatology should both be considered significant for ecumenism The study finally discusses the complementarity of ecumenical institutions and the charismatic renewal the convergence of ecumenical streams and continuity in modern ecumenical history

Pentecostals and Roman Catholics on Becoming a Christian Karen Murphy, 2018-05-23 In Pentecostals and Roman Catholics on Becoming a Christian Dr Karen Murphy explores the fifth round

of the International Roman Catholic Pentecostal Dialogue 1998 2006 Discussing Spirit baptism faith conversion experience and discipleship Dr Murphy notes areas in which the Dialogue has evolved since its inception in 1972 She unpacks the commonalities that bond Catholics and Pentecostals and examines theological divergences and challenges to dialogue While Catholics approach becoming a Christian from a sacramental perspective most Pentecostals think of Christian initiation in non sacramental or conversionist terms a reality that fosters ongoing tensions between the two traditions Dr Murphy reveals how Catholics and Pentecostals seek to overcome this dichotomy by honoring spirituality and experience as integral to the ecumenical encounter

Charisms and Charismatic Renewal Francis A. Sullivan, 2004-10-13 The rapid growth of the charismatic renewal in the Catholic Church has brought with it both controversy and confusion and it has raised a number of important theological questions Is it an authentic renewal movement Exactly what is the baptism of the Holy Spirit How should we understand the gift of tongues What is prophecy Does God really heal by supernatural means One by one Francis Sullivan takes up these controversial points in one of the most thorough theological investigations yet undertaken into the Catholic charismatic renewal *Charisms and Charismatic Renewal* is a scholarly analysis of this dynamic renewal movement for those who want to know more about its history its theological and scriptural bases its present impact on the church and its probable future course

Theological Dialogue with Classical Pentecostals Jelle Creemers, 2015-09-24 The last two decades have witnessed the growing participation in theological dialogues of non institutional free church movements This poses a serious challenge to 21st century ecumenism since ecclesial realities and internal diversity of these movements impede fruitful dialogue in the classical manner The present volume addresses fundamental aspects of this challenge by a critical study of an exemplary case of such dialogues the International Roman Catholic Classical Pentecostal Dialogue 1972 2007 This unique study builds both on primary archival sources and on earlier research on the IRCCPD After providing an ecumenical profile of the Classical Pentecostal dialogue partner Creemers demonstrates how fair representation of the Classical Pentecostal movement has been pursued in the course of the dialogue Next he gives attention to the ecumenical method of the IRCCPD First the development of a dialogue method hinging on hard questions is traced which has allowed a balanced theological exchange between the dialogue partners Regarding theological method it is demonstrated that both partners showed a willingness to experiment together by integrating sources of theological knowledge typically distrusted in their own traditions In conclusion the analyses are integrated in an overview of challenges and opportunities for dialogue with the Classical Pentecostal movement in the context of ongoing discussions on ecumenical method

The Holiness-Pentecostal Tradition Vinson Synan, 1997-08-25 Called a pioneer contribution by Church History when it was first published in 1971 as *The Holiness Pentecostal Movement in the United States* this volume has now been revised and

enlarged by Vinson Synan to account for the incredible changes that have occurred in the church world during the last quarter of the twentieth century Synan brings together the stories of the many movements usually listed as holiness pentecostal or charismatic and shows that there is an identifiable second blessing tradition in Christianity that began with the Catholic and Anglican mystics that was crystallized in the teaching of John Wesley and that was further perpetuated through the holiness and Keswick movements of the nineteenth and twentieth centuries to the appearance of modern Pentecostalism Synan then chronicles the story of the spread of Pentecostalism around the world after the heady days of the Azusa Street awakening with special attention given to the beginnings of the movement in those nations where Pentecostalism has become a major religious force He also examines the rise of various mainline church charismatic movements that have their roots in Pentecostalism Because of the explosive growth of the Pentecostal movement in the last half of the century Pentecostals and Charismatics now constitute the second largest family of Christians in the world after the Roman Catholic Church This could well be the major story of Christianity in the twentieth century writes Synan Pentecostalism has grown beyond a mere passing movement and can now be seen as a major Christian tradition alongside the Roman Catholic Orthodox and Reformation Protestant traditions The Holiness Pentecostal Tradition will continue to be an important handbook for shaping our understanding of this phenomenon **Pentecostal Theology** Wolfgang

Vondey, 2017-07-13 Winner of the Pneuma Book Award 2018 from The Society for Pentecostal Studies Pentecostalism is the most rapidly growing branch of Christianity since the 20th century yet it does not lend itself well to a singular doctrine and there is therefore no single comprehensive account of Pentecostal theology worldwide In this volume Wolfgang Vondey suggests an account of Pentecostal theology that is genuine to Pentecostals worldwide while allowing for different adaptation and explication among the various Pentecostal groups He argues that Pentecostal theology is fundamentally concerned with the renewal of the Christian life identified by the transforming work of the Holy Spirit and directed toward the kingdom of God The book unfolds in two main parts illustrating the full gospel story and theology Eleven chapters identify the spiritual underpinnings and motivations for Pentecostal theology formulate a Pentecostal theology of action translate apply and exemplify Pentecostal practices and experiences and integrate Pentecostal theology in the wider Christian tradition **Ken**

Sumrall and Church Foundational Network Terry D. Shiver, 2015-12-04 This is the first extensive examination of the life of Ken Sumrall and his firm belief in the modern day apostolic restoration movement It presents Sumrall's journey from his Baptist beginnings through his experience of the baptism of the Holy Spirit through his learning struggles with Liberty Fellowship of Churches and Ministers and into his birthing of Church Foundational Network It represents Sumrall in his own light while dealing with his paradigm changes concerning church government the heart of which revolved around the restoration of modern day apostles Godly government was grounded in godly relationships with one's apostle whom Sumrall understood as a spiritual father For Sumrall the best biblical government for the New Testament church today is a theocracy

Instead of a centralized hierarchical church government Sumrall advanced a decentralized network of churches connected relationally This volume contains the major influences upon Sumrall s thinking and the progress of his comprehension of the life of the church as family Moreover it engages some of the apprehensions that have surfaced over the present day apostolic movement and provides insights of the direction and survivability of the movement **Initial Evidence** Gary B.

McGee,2008-01-01 This is a superb collection of articles on the central issue of Pentecostalism speaking in tongues as the initial evidence for the baptism in the Holy Spirit The articles written by both Pentecostals and non Pentecostals are historically informative scholarly irenic in spirit ecumenical in treatment and wide ranging in interest Here is an opportunity for both Pentecostals and non Pentecostals to become better informed about Pentecostalism While offering a solid defense of traditional Pentecostalism the book also offers candid assessments that take a different view This book should become a must for those who want to understand both historic and present day Pentecostalism Gordon D Fee Professor Emeritus of New Testament Regent CollegeThe most complete and scholarly analytical treatment of glossolalia as initial evidence of the baptism in the Holy Spirit that has yet appeared Both the historical and theological sections support and challenge the distinctive Pentecostal teaching on the subject of tongues Vinson Synan Former Chairman North American Renewal Service Committee a remarkably diverse collection of essays that thoughtfully probe the distinctive which has come to characterize the Pentecostal Movement namely speaking in an unknown tongue Irenic in tone the volume is a must for scholars pastors and lay persons of all theological perspectives who desire to enter into dialogue in this area of debate D William Faupel Professor of the History of Christianity Wesley Theological SeminaryInitial Evidence edited by Gary McGee is a substantive contribution to the study of American Pentecostalism The historical overviews in it are of tremendous value particularly for newcomers to Pentecostalism who may lack a historical grounding in the movement Exegetical essays such as that by Donald Johns will challenge readers who are comfortable with current hermeneutical models to rethink the biblical text and it offers great promise for more contributions to Pentecostal exegesis Howard M Ervin Professor Emeritus of Old Testament Graduate School of Theology Oral Roberts University **Bold Faith** Ben Pugh,2017-03-09 Bill Johnson Joyce Meyer Heidi Baker The fame of these names is evidence enough that though the controversies are less intense the Charismatic Movement is alive and well today It continues to attract thousands of adherents who find its vision of a supernatural lifestyle uniquely compelling Now for the first time all that is most theologically innovative about the movement is synthesized into five distinct and original ideas These five brand new theologies have been created not by theologians but by practitioners who believed their concepts were inspired by the Spirit Inner Healing Shepherding Word of Faith Spiritual Warfare and Signs and Wonders Plenty of studies have been written by Pentecostal scholars about Pentecostal theology but these tend to group the very distinct approaches of Charismatics together with Classical Pentecostals Bold Faith aims to analyze and evaluate the ways in which practitioners within independent Charismatic networks especially in their Anglo American expressions have

responded to the challenges of secular modernity

The Doctrine of the Holy Spirit Yacob Godebo, 2025-07-03 The Scriptures teach the church that in biblical times the coming of the Holy Spirit equally entailed objective gift of divine reality and subjective experience of his presence gifts and works There was objective pouring out and imparting of the Holy Spirit from the divine side and subjective experiential demonstration from the receivers side which resulted from the gifts endowed and power imparted along with the Holy Spirit Having given them either verbally uttered or visibly performed gifts the Holy Spirit then moved believers towards practical demonstration through subjective experience Believers subjective experience took place only as a result of the objective gift of the Holy Spirit and the resulting endowment and empowerment Thus in the objective content of his manifestation the Holy Spirit is the objective gift of God to indwell his people In the subjective content of his manifestation the Holy Spirit endows people with audibly uttered or visibly performed gifts The subjective experience of the Holy Spirit's presence therefore is an original theological input from God just like the objective impartation of the Holy Spirit Practitioners were just objects of divine purpose and their subjective experience was divine provided and divine initiated genuine experience beyond their consciousness and calculation Reception of the Holy Spirit therefore means equally an experience of his presence gifts power and works in the church and in with and through believers from Hosanna to Maranatha

Pentecostalism, Catholicism, and the Spirit in the World Stan Chu Ilo, 2019-10-17 This volume's essays are an ecumenical ensemble of the best scholars and leading practitioners in the Pentecostal and Charismatic movements from all four corners of the world The contributors bring together various denominational perspectives and dialogue for understanding the present momentum of these Spirit movements in the world church Their diverse methodologies transverse the traditional and new approaches to studying these movements Pointing the way forward the authors highlight some of the lessons learned in their scholarly engagement with Spirit movements These lessons offer significant insight and viewpoints for the academy in the historical analysis of these movements They also serve as a good guide for pastoral discernment and accompaniment for God's people in their daily lives as well as for social ministries in the world church This volume addresses questions of salvation and eschatology health and healing prosperity and poverty suffering and death fear and faith despair and hope Other topics include the conflict between charism and institution and the tension between cultic clericalism and the affirmation and use of the gifts and talents of lay members of Christ's faithful in the church

The Holy Spirit -- In Biblical Teaching, Through the Centuries, and Today Anthony C. Thiselton, 2013-06 The book is divided into three parts Part One provides a thematic analysis and exegetical commentary on all the relevant biblical and cognate literature including Josephus Philo and the Mishnah Part Two investigates the thinking of key Christian theologians on the Holy Spirit from the

Apostolic Fathers to eighteenth century authors such as John Wesley and Jonathan Edwards Part Three examines more recent writings on the Spirit from the nineteenth century onwards including major systematic theologians such as Schleiermacher Barth and Moltmann as well as biblical scholars such as James D G Dunn Gordon Fee and Gerd Theissen Thiselton concludes the entire study by identifying seven fundamental themes and calling for greater dialogue between mainstream scholarship and contemporary leaders of the Pentecostal and Renewal movements **Your Sons and**

Idinopulos,Brian C. Wilson,James Constantine Hanges,2018-08-14 Given the fact that today s university students are far more culturally sophisticated than ever before Comparing Religions Possibilities and Perils brings together a distinguished group of professors of religion with years of teaching experience to address the central question of how comparison of religions should be pursued in today s classroom Covering topics such as recent theoretical approaches to comparison case studies of comparing religions in the classroom and the impact of postcolonialism and postmodernism on the modernist assumptions of comparativism the volume seeks to problematize and interrogate the field especially as it relates to emerging models of pedagogy at the university level Comparing Religions will be of especial interest to those who teach in religious studies
