Diaspora Studies This is peculiar because the flow of Scots to New Zealand although relatively unimportant to Scotland constituted a sizable element to the country's much smaller population Seen as adaptable integrating relatively more quickly than other ethnic migrant groups in New Zealand the Scots presence was obscured by a fixation on the romanticised shortbread tin facade of Scottish identity overseas Uncovering Scottish ethnicity from the verges of nostalgia this study documents the notable imprint Scots left on New Zealand It examines Scottish immigrant community life culture and identity between 1850 and 1930 Modern Irish and Scottish Poetry Peter Mackay, Edna Longley, Fran Brearton, 2011-04-14 The comparative study of the literatures of Ireland and Scotland has emerged as a distinct and buoyant field in recent years This collection of new essays offers the first sustained comparison of modern Irish and Scottish poetry featuring close readings of texts within broad historical and political contextualisation Playing on influences crossovers connections disconnections and differences the affinities and opposites traced in this book cross both Irish and Scottish poetry in many directions Contributors include major scholars of the new archipelagic approach as well as leading Irish and Scottish poets providing important insights into current creative practice Poets discussed include W B Yeats Hugh MacDiarmid Sorley MacLean Louis MacNeice Edwin Morgan Douglas Dunn Seamus Heaney Ian Hamilton Finlay Michael Longley Medbh McGuckian Nuala ni Dhomhnaill Don Paterson and Kathleen Jamie This book is a major contribution to our understanding of poetry from these islands in the twentieth and twenty first centuries *Scottish Life and Poetry* Lauchlan MacLean Watt, 1912 History of Scottish Women's Writing Douglas Gifford, 2020-03-31 No detailed description available for A History of Scottish Women's Writing One Hundred Modern Scottish Poets David Herschell Edwards, 1884 **The Oxford Handbook of Contemporary British and Irish Poetry** Peter Robinson, 2013-09-26 The Oxford Handbook of Contemporary British and Irish Poetry offers thirty eight chapters of ground breaking research that form a collaborative guide to the many groupings and movements the locations and styles as well as concerns aesthetic political cultural and ethical that have helped shape contemporary poetry in Britain and Ireland The book's introduction offers an anthropological participant observer approach to its variously conflicted subjects while exploring the limits and openness of the contemporary as a shifting and never wholly knowable category The five ensuing sections explore a history of the period's poetic movements its engagement with form technique and the other arts its association with particular locations and places its connection with and difference from poetry in other parts of the world and its circling around such ethical issues as whether poetry can perform actions in the world can atone redress or repair and how its significance is inseparable from acts of evaluation in both poets and readers Though the book is not structured to feature chapters on authors thought to be canonical on the principle that contemporary writers are by definition not yet canonical the volume contains commentary on many prominent poets as well as finding space for its contributors' enthusiasms for numerous less familiar figures It has been organized to be read from cover to cover as an ever deepening exploration of a complex field to be read in one or more of its five thematically structured sections or

indeed to be read by picking out single chapters or discussions of poets that particularly interest its individual readers

*Representing Scotland in Literature, Popular Culture and Iconography* A. Riach, 2004-12-10 This fascinating new study is about cultural change and continuities At the core of the book are discrete literary studies of Scotland and Shakespeare Walter Scott R L Stevenson Arthur Conan Doyle the modern Scottish Renaissance of the 1920s and more recent cultural and literary phenomena The central theme of literature and popular representation recontextualises literary analysis in a broader multi faceted picture involving all the arts and the changing sense of what the popular might be in a modern nation New technologies alter forms of cultural production and the book charts a way through these forms from oral poetry and song to the novel and includes studies of paintings classical music socialist drama TV film and comic books The international context for mass media cultural production is examined as the story of the intrinsic curiosity of the imagination and the intensely local aspect of Scotland s cultural self representation unfolds One hundred modern Scottish poets [afterw.] Modern Scottish poets.
