**Philip Rieff**

## **Present Age And Of The Difference Between Genius And An Apostle:**

**The Toils of Understanding** Husain Sarkar,2000 The central theme is that understanding is essential if the individual and society are to be saved On the way to various conclusions The Toils of Understanding argues with a host of interpreters of Kierkegaard BOOK JACKET

**The Present Age and Of the Difference Between a Genius and an Apostle** Søren Kierkegaard,1962 God, Creation and Revelation Paul Jewett,2000-10-17 *The Mind of Kierkegaard* James Daniel Collins,2014-07-14 This introductory overview of Kierkegaard s writings summarizes their central arguments and places them in their historical context Originally published in 1984 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 *The Drama of Doctrine* Kevin J. Vanhoozer,2005-08-02 Observing a strange disappearance of doctrine within the church Kevin Vanhoozer argues that there is no more urgent task for Christians today than to engage in living truthfully with others before God He details how doctrine serves the church the theater of the gospel by directing individuals and congregations to participate in the drama of what God is doing to renew all things in Jesus Christ Taking his cue from George Lindbeck and others who locate the criteria of Christian identity in Spirit led church practices Vanhoozer relocates the norm for Christian doctrine in the canonical practices which he argues both provoke and preserve the integrity of the church s witness as prophetic and apostolic

**The Crisis of the Officer Class** Philip Rieff,2007 In this volume Rieff advances his thesis that the third culture of disenchantment which is now more widely and deeply entrenched than ever before as our culture is distinguished by its rejection of any and all visions of sacred order inherited from either first world cultures of fate or second world culture of faith introd *Kierkegaard's Authorship* George E. Arbaugh,George B. Arbaugh,2024-01-15 First published in English in 1968 Kierkegaard s Authorship begins with a brief account of the life and meaning of Kierkegaard and concludes with the brief treatment of his relation to multifaceted existentialism By reviewing the total authorship and by making available much of the fruit of widespread research this work throws into relief Kierkegaard s central purposes and makes it possible to avoid some of the dubious interpretations which have grown out of more narrowly selective study This critical introduction and guide is especially important because Kierkegaard s style was deliberately indirect and distorted and even more because half of the works are actually antagonistic to Kierkegaard s own views By the pseudonymous works he intended to lead into truth through a process of frustration provoking the reader into existence In another sense the body of the book is also a biography for in a degree perhaps without parallel in world history the library which he created was his deed and life This is an important read for scholars and researchers of Philosophy specially existentialism Kierkegaard's Writings, XXIV, Volume

24 Søren Kierkegaard, 2009-09-21 Kierkegaard was driven to write *The Book on Adler* after news spread that a Danish pastor Adolph P Adler claimed to have experienced a revelation in which Christ dictated a new doctrine Like many others Kierkegaard was intrigued by Adler but for different reasons than most Over the eight years during which Kierkegaard worked on the manuscript the phenomenon of Adler became a concern secondary to the larger question of authority Kierkegaard revised the manuscript many times and published a segment of it as *The Difference between a Genius and an Apostle in Two Ethical Religious Essays* but did not publish the work as a whole before his death The latest integral version of *The Book on Adler* is included here along with excerpts from the earlier drafts and a sampling of writing by Adler himself

Metzger, 2006-10-15 Professor Metzger has been a leader in New Testament studies for the past fifty years through his teaching his publications his text critical work and his translation work This volume brings his deep insight to three key epistles focusing on three fundamental Christian virtues The following pages set forth the teaching from three of the twenty one letters contained in the New Testament Galatians 1 Peter and 1 John Each letter presents characteristic emphases of three prominent leaders in the early church Paul Peter and John Each letter arises out of quite different social and theological backgrounds and each provides insight into the manner in which the special needs of the recipients of the letter were met Key words and phrases from each letter are discussed within the context of the occasion that called forth the writing of the letter At the same time the theological and devotional import of the writer s

teaching is related to the Christian life then and now A concluding chapter weaves together theological and ethical themes common to the three principal strands of New Testament Christianity Faith puts us on the path hope keeps us walking and love is what the Christian life is all about from the Preface **Georg Simmel and German Culture** Efraim Podoksik,2021-07-15 Offers a penetrating contextual interpretation of German philosopher and social thinker Georg Simmel's ideas on modernity and modern civilisation **Biblical Authority after Babel** Kevin J. Vanhoozer,2016-10-18 Christianity Today Book Award Winner A Jesus Creed Church History Book of the Year In recent years notable scholars have argued that the Protestant Reformation unleashed interpretive anarchy on the church Is it time to consider the Reformation to be a 500 year experiment gone wrong World renowned evangelical theologian Kevin Vanhoozer thinks not While he sees recent critiques as legitimate he argues that retrieving the Reformation's core principles offers an answer to critics of Protestant biblical interpretation Vanhoozer explores how a proper reappropriation of the five solas sola gratia grace alone sola fide faith alone sola scriptura Scripture alone solus Christus in Christ alone and sola Deo gloria for the glory of God alone offers the tools to constrain biblical interpretation and establish interpretive authority He offers a positive assessment of the Reformation showing how a retrieval of mere Protestant Christianity has the potential to reform contemporary Christian belief and practice This provocative response and statement from a top theologian is accessibly written for pastors and church leaders Practice in Christianity Søren Kierkegaard,2013-04-21 Of the many works he wrote during 1848 his richest and most fruitful year Kierkegaard specified Practice in Christianity as the most perfect and truest thing In his reflections on such topics as Christ's invitation to the burdened the imitatio Christi the possibility of offense and the exalted Christ he takes as his theme the requirement of Christian ideality in the context of divine grace Addressing clergy and laity alike Kierkegaard asserts the need for institutional and personal admission of the accommodation of Christianity to the culture and to the individual misuse of grace As a corrective defense the book is an attempt to find ideally a basis for the established order which would involve the order's ability to acknowledge the Christian requirement confess its own distance from it and resort to grace for support in its continued existence At the same time the book can be read as the beginning of Kierkegaard's attack on Christendom Because of the high ideality of the contents and in order to prevent the misunderstanding that he himself represented that ideality Kierkegaard writes under a new pseudonym Anti Climacus **A Shock to Thought** Brian Massumi,2005-07-05 We are the leading publishers of quality commentaries on Deleuze Guattari Brian Massumi is the author of one of the biggest selling books on Deleuze Guattari and translator of the famous A Thousand Plateaus his name will carry this collection Deleuze Guattari sell well in cultural studies and film studies as well as comparative literature The collection boasts essays by an international mix of well known Deleuze Guattari commentators Includes an interview with Guattari **The Phenomenology of Moods in Kierkegaard** Vincent A. McCarthy,2012-12-06 Kierkegaard himself hardly requires introduction but his thought continues to require explication due to its inherent

complexity and its unusual method of presentation Kierkegaard is deliberately un systematic anti systematic in the very age of the System He made his point then and it is not lost upon us today But that must not deter us from assembling the fragments and viewing the whole Kierkegaard s religious psychology in particular may finally have its impact and generate the discussion it deserves when its outlines and inter locking elements are viewed together Many approaches to his thought are possible as a survey of the literature about him will readily reveal The present study proceeds with the simple ambition of looking at Kierkegaard on his own terms of thus putting aside biographical fascination or one s own personal religious situation I understand the temptation of both and have seen the dangers realized in Kierkegaard scholarship In English language Kier kegaard scholarship we are now in a new phase in which the entire corpus of Kierkegaard s authorship is at last viewed as a whole We have passed the stages of fad and of under formed Almost all the corpus is available in English or soon will be Perhaps now Kierkegaard can be viewed understood and criticized dispassionately and objectively not withstanding author Kierkegaard s personal horror of those adverbs The present study hopes to make its contribution toward this goal

*Houses of the Interpreter* David Lyle Jeffrey,2003 In *Houses of the Interpreter* David Lyle Jeffrey explores the terrain of the cultural history of biblical interpretation But Jeffrey does not merely rest content to chart biblical scholarship and how it has both influenced and been influenced by culture Instead he chooses to focus upon the art of Biblical interpretation how sculptors musicians poets novelists and painters have read the Bible By so doing Jeffrey clearly demonstrates that such cultural interpretation has deepened the church s understanding of the Bible as Scripture and that remarkably this cultural reading has contributed to theology and the practice of faith Jeffrey s chapters effectively root the theological issues central to any hermeneutical enterprise e g Scriptural authority narrative the Old Testament as Christian Scripture the role of the reader gender and postmodernism in specific authors and artists e g Chaucer Bosch Sir Orfeo C S Lewis and he does this in constant conversation with literature both eastern and western

**Excessive Subjectivity**

Dominik Finkelde,2017-09-05 How are we to conceive of acts that suddenly expose the injustice of the prevailing order These acts challenge long standing hidden or silently tolerated injustices but as they are unsupported by existing ethical rules they pose a drastic challenge to dominant norms In *Excessive Subjectivity* Dominik Finkelde rereads the tradition of German idealism and finds in it the potential for transformative acts that are capable of revolutionizing the social order Finkelde s discussion of the meaning and structure of the ethical act meticulously engages thinkers typically treated as opposed Kant Hegel and Lacan to develop the concept of excessive subjectivity which is characterized by nonconformist acts that reshape the contours of ethical life For Kant the subject is defined by the ethical acts she performs Hegel interprets Kant s categorical imperative as the ability of an individual s conscience to exceed the existing state of affairs Lacan emphasizes the transgressive force of unconscious desire on the ethical agent Through these thinkers Finkelde develops a radical ethics for contemporary times Integrating perspectives from both analytical and continental philosophy *Excessive Subjectivity* is a
