Collins, Patrick L. Cox**

President Bush The Challenge Ahead:

President Bush, 1989 **The Bush Administration (1989-1993) and the Development of a European Security Identity** Sophie Vanhoonacker, 2017-11-22 This title was first published in 2001 This compelling study draws insightful conclusions about US foreign policy towards Europe at a critical juncture in the post Cold War period An absorbing and illuminating account this material will be useful to non specialists and student readers of US foreign policy European integration and international relations alike **George Bush** United States. President (1989-1993 : Bush), 1990 Public Papers of the Presidents of the United States, George Bush United States. President (1989-1993 : Bush), George Bush, 1990

Powersharing Shirley Anne Warshaw, 1996-04-25 The complex relationship between the White House staff and the presidential cabinet has changed dramatically in the last 25 years During that time the White House has emerged as the center of power in the domestic policy process leaving the departments with a diminishing role in initiating major policy proposals This book focuses on powersharing between the White House and the cabinet in the policy process and examines how and why the White House has become the dominant player relegating the departments to implementation rather than design of key initiatives Powersharing begins with an overview of the role of the modern cabinet and a discussion of the cabinet s emergence in a policy role and then in a chapter by chapter analysis of presidential administrations from Nixon through Clinton chronicles the shifting balance of power from the departments to the White House in both the design and management of the nation s major domestic programs The book concludes with an assessment of the prospects for effective powersharing between the cabinet and the White House staff **Presidential Anecdotes** Paul F. Boller, 1996-10-03

Dramatic poignant hilarious and sentimental anecdotes about our presidents are as varied as the presidents themselves This new and revised edition of *Presidential Anecdotes* recounts some of the most striking stories about America s 42 chief executives from Washington to Clinton shedding light on the presidents as human beings and on the culture that produced them

Transformed by Crisis J. Kraus, K. McMahon, D. Rankin, 2016-04-30 The presidency of George W Bush has been a curious one born in contention challenged by the most dramatic foreign directed attack on American soil and transformed by a combination of crisis and conflict that has generated considerable support domestically And yet while much attention has been focused on the Bush administration s external policies how it has pursued its goals and had its effects on the domestic scene has been as important Examining the push and pull of the Bush presidency by looking especially at domestic dynamics the authors look at the tendency towards centralizing power and its implications for American politics From the midterm elections of 2002 where the Republicans scored historic victories to relations with the press and from executive branch relations with Congress to increased federal involvement in education the authors examine and shed light on crucial issues This book examines how words and deeds in a time of crisis will define the Bush presidency place in American politics and history **Clinton and Congress: The Challenges Ahead**, *The Man I Knew* Jean Becker, 2021-06-01 A heartfelt

portrait of President George H W Bush and his post presidential life by the confidante who knew him best *The Department of State Bulletin* ,1989 Profiles in Power Kenneth E. Hendrickson, Jr.,Michael L. Collins,Patrick L. Cox,2010-01-01 Profiles in Power offers concise biographies of fourteen twentieth century Texans who wielded significant political power and influence in Washington D C First published in 1993 by Harlan Davidson it has been revised and updated with new chapters on John Nance Garner and Henry Gonzalez and expanded chapters on Lyndon Johnson Barbara Jordan Ralph Yarborough Jim Wright and John Tower Demonstrating the validity of a biographical approach to history the book as a whole covers all the major political issues of the twentieth century as well as the pivotal role of Texans in defining the national agenda **Weekly Compilation of Presidential Documents** ,1991 **American Global Challenges** M. Zaki,2011-05-23 Discussing the most pressing global challenges this book suggests ways for the Obama Administration to tackle them in a holistic manner In particular the book proposes effective measures for various problems like the war on terror resolution of the Arab Israeli dispute and forging of better relations with the Muslim World *Nomination of Jack Kemp* United States. Congress. Senate. Committee on Banking, Housing, and Urban Affairs,1989 Public Papers of the Presidents of the United States United States. President,2013 Containing the public messages speeches and statements of the President 1956 1992 The Failure Factory Bill Gertz,2008-09-30 The U S government is in crisis With America s attention fixated on who will step into the Oval Office in 2009 no one has noticed where the real power has shifted to a vast network of unelected officials whose authority has grown wildly out of control In his latest blockbuster book acclaimed defense and national security reporter Bill Gertz exposes these astonishingly powerful leaders and their enablers in the political class and their devastating impact on America s national security Gertz shows how entrenched liberal activists have become dominant even under an ostensibly conservative administration And he names names of those who actively subvert official U S policy including not only liberal Democrats but also a number of so called Republicans who have joined this insidious Blame America First crowd The Failure Factory reveals The shocking previously untold story of the partisan bureaucrats who completely undercut the U S position on Iran s radical Islamist regime Barack Obama s disastrous national security policies and his stable of advisers who have already put America at risk The recent showdown in the Pentagon that laid bare the U S government s ongoing failures to tackle the threat of Islamist extremism Flagrant cases of sabotage by top State Department officials that have emboldened dangerous states like Iran North Korea Russia and Communist China Stunning new intelligence failures including one that may have allowed a terrorist group to penetrate the FBI and CIA How even the Bush White House was overrun with Democrats and liberal Republicans The legions of Clinton generals top military brass whose careers blossomed during the Clinton administration who make the United States more vulnerable How Democrats are exploiting the antiwar movement for political gain with little regard for the potentially devastating consequences How the defense secretary s public defiance of official U S policy could have gotten him fired but instead went

unchallenged Based on scores of exclusive interviews and displaying the groundbreaking reporting that has made Bill Gertz's previous books smash bestsellers *The Failure Factory* offers a chilling look at the threats to our national security that exist within our own government

Multilateralism and U.S. Foreign Policy Stewart Patrick, Shepard Forman, 2002 Puzzled by the disjunction between global trends and US foreign policy since the end of the Cold War mostly American scholars of political science law and economics explore the causes and consequences of US ambivalence to multilateral cooperation They consider such dimensions as the growing influence of domestic factors US grand strategy the chemical weapons convention and the International Criminal Court Annotation copyrighted by Book News Inc Portland OR Jet ,1989-08-28 The weekly source of African American political and entertainment news

Life After the White House Clement E. Asante, 2002-04-30 In 2000 for the first time in American political history four former presidents were still alive after serving in the White House This book critically and systematically examines press coverage of these four ex presidents for three years after they left office Through content analysis the volume draws together the tone and major themes in press coverage of stories about Gerald Ford Jimmy Carter Ronald Reagan and George H Bush The study serves as a useful historic document depicting the private lives of these former presidents from both parties as seen through the American press The book is a unique examination of the relationship between ex presidents and the press Examining the nature and scope of the relationship between the press and ex presidents the study assumes that although they are out of office and thus out of the limelight ex presidents still have powerful influence domestically and internationally That influence makes it valuable to know how and with what intensity the press covers ex presidents This volume documents their post White House careers through the prism of the press enriching our understanding of life after the presidency
