**Culinary Landmarks** Elizabeth Driver, 2008-04-05 *Culinary Landmarks* is a definitive history and bibliography of Canadian cookbooks from the beginning when *La cuisinière bourgeoise* was published in Quebec City in 1825 to the mid twentieth century. Over the course of more than ten years Elizabeth Driver researched every cookbook published within the borders of present day Canada whether a locally authored text or a Canadian edition of a foreign work. Every type of recipe collection is included from trade publishers bestsellers and advertising cookbooks to home economics textbooks and fund raisers from church women's groups. The entries for over 2 200 individual titles are arranged chronologically by their province or territory of publication revealing cooking and dining customs in each part of the country over 125 years. Full bibliographical descriptions of first and subsequent editions are augmented by author biographies and corporate histories of the food producers and kitchen equipment manufacturers who often published the books. Driver's excellent general introduction sets out the evolution of the cookbook genre in Canada while brief introductions for each province identify regional differences in developments and trends. Four indexes and a Chronology of Canadian Cookbook History provide other points of access to the wealth of material in this impressive reference book.      *Dining with the Washingtons* Stephen Archie McLeod, 2011 Combining vivid photography with engaging essays *Dining with the Washingtons* explores the menus, diet and styles of entertaining that characterized the beloved home of the nation's principal founding father. Compelling accounts, historic artwork and images of gardens, table settings, prepared food and objects from the Mount Vernon collection blend to shed fresh light on the daily lives of George and Martha Washington on their ceaseless stream of household guests and those who served them and on the ways food and drink reflected the culture of eighteenth century America. Featuring a foreword by former White House executive chef Walter Scheib and more than 90 historic recipes adapted for today's kitchens by renowned culinary historian Nancy Carter Crump, this book is ideal for veteran and novice cooks alike as well as for those wishing to learn about both formal and everyday dining at Mount Vernon. Drawing from a wide range of sources including memoirs, diaries, plantation documents, archaeological research and the personal correspondence of the Washington family and their visitors, this charming volume brings the household of America's first president and his wife vividly to life for modern day readers. The contributors are Steven T. Bashore, Manager of Historic Trades, Mount Vernon; Carol Borchert Cadou, Robert H. Smith, Senior Curator and Vice President for Collections, Mount Vernon; Nancy Carter Crump, author and founder, Culinary Historians of Virginia; J. Dean Norton, Director of Horticulture, Mount Vernon; Dennis J. Pogue, Vice President of Preservation, Mount Vernon; Walter Scheib, former executive chef, The White House; Mary V.
