*Digital Media and Youth Discipleship* Vo Huong Nam, 2023-06-30

Today s youth grow up immersed in digital technology This presents a unique challenge to the church as it seeks to faithfully make disciples of the next generation What does it look like theologically and practically to minister contextually to those whose lives are permeated by social media and digital culture In this in depth study Dr Vo Huong Nam offers both social and theological insight into the task of discipling youth in the digital age He examines the impact of digital media on both society and young people and offers an overview of Christian responses to the changing technological landscape Engaging such authors as John Calvin Dietrich Bonhoeffer and Henri Nouwen he develops a constructive theology of spiritual formation relevant to the context of twenty first century youth He explores the implications of this theology on church practice urging the church to take seriously its call to be all things for all

people Drawing specific examples from youth ministry in Vietnam he addresses practical questions of application and contextualization and suggests that silence solitude and prayer are spiritual disciplines uniquely vital for the digital age This book is an important resource for all those involved in discipling young people and longing to see today's youth come to fullness of life in Christ     Measuring Spiritual Maturity Randy Tompkins,2019-10-21 Jesus commissioned His apostles and by extension the church to make disciples Many church leaders have come to the conclusion that attending worship services and Bible study classes will result in making disciples A review of statistical reports indicates a majority of church members and attenders do not believe this process will work or they have come to the conclusion they do not want to become disciples The 2010 US Religion Census report indicated 79% of the 150 686 156 members children and other attenders did not attend worship services It also reported over 60% of the same group did not attend Bible study classes In 2014 one of the major denominations in the United States reported 63% of church members did not attend worship services and 62% did not attend Bible study classes There are literally thousands of spiritual surveys available to church leaders A majority of these surveys develop conclusions based on a single survey being administered or two surveys being administered several months apart If a disciple making process is to be effective there needs to be a method of measuring the progress of individuals moving toward spiritual maturity This type of measurement would produce a visual of spiritual growth spiritual decline or spiritual non growth The only way to measure the spiritual progress of an individual is to create a measurement of the various elements of the spiritual life The process of measuring spiritual maturity in this book is self contained within the participating church and the responses of the participating individuals are highly confidential and warehoused by the participating church     *The Multidimensional Pastor* Samson Uytanlet,2020-07-08 A number of books have been written on the various roles of the pastor and many of these works focus on one particular aspect of the pastoral ministry only or just a few of them The Multidimensional Pastor is an attempt to bring together and discuss in a single volume these various elements of the pastoral ministry with a goal of looking at principles from the Scripture to guide the pastors as they fulfill these various roles The purpose of this work is to provide a balanced perspective and a bigger picture of the pastors functions while acknowledging their personal limitations In this way readers can develop a more realistic set of expectations from a pastor and celebrate the variety of expressions of the ministry     *Everyday Faith in Sufi Senegal* Laura Cochrane,2017-07-14 Everyday Faith in Sufi Senegal explores the historical religious cultural and economic contexts of Islam in Senegal through the narrative first hand accounts of people's everyday lives Drawing on rich ethnographic fieldwork conducted by the author over a period of seven years the result is a critical look at Senegal's religious diversity within Islamic beliefs and practices Containing interviews from men and women in both rural and urban locations this book is an important contribution to the literature on Islamic practices providing a much needed perspective from ordinary practitioners of the faith It is essential reading for scholars of the anthropology of religion Islamic studies mysticism African studies and development studies     The Psychic's Guide to
