Press Presidents And Crises

Stanley I. Kutler

Press Presidents And Crises:

The Press, Presidents, and Crises Brigitte Lebens Nacos, 1990 **Presidential Crisis Rhetoric and the Press in the Post-Cold War World** Jim A. Kuypers, 1997-08-26 Kuypers combines rhetorical theory and framing analysis in an examination of the interaction of the press and the president during international crisis situations in the post Cold War world Three crises are examined Bosnia Haiti and the North Korean nuclear capability issue Kuypers effectively demonstrates the changed nature of presidential crisis rhetoric since the end of the Cold War Kuypers employs a new historical critical approach to analyze both the press and the Clinton administration s handling of three international crisis situations Using case studies of Bosnia Haiti and the alleged North Korean nuclear buildup in 1993 he examines contemporary presidential crisis communication and the agenda setting and agenda extension functions of the press The importance of this study lies in its timeliness President Clinton is the first atomic age president not to have the Cold War meta narrative to use in legitimating international crises Prior studies in presidential crisis rhetoric found that the president received broad and consistent support during times of crisis Kuypers found that the press often advanced an oppositional frame to that used by the Clinton administration The press frames were found to limit the options of the President even when the press supported a particular presidential strategy This is a major study that will be of interest to scholars and researchers of the press the modern presidency and American foreign policy Presidents in Crisis Michael Bohn, 2016-03-01 Every American president when faced with a crisis longs to take bold and decisive action When American lives or vital interests are at stake the public and especially the news media and political opponents expect aggressive leadership But contrary to the dramatizations of Hollywood rarely does a president have that option In *Presidents in Crisis* a former director of the Situation Room takes the reader inside the White House during seventeen grave international emergencies handled by the presidents from Truman to Obama from North Korea s invasion of South Korea to the revolutions of the Arab Spring and from the thirteen days of the Cuban Missile Crisis to the taking of American diplomats hostage in Iran and George W Bush s response to the attacks of September 11 2001 In narratives that convey the drama of unfolding events and the stakes of confrontation when a misstep can mean catastrophe he walks us step by step through each crisis Laying out the key players and personalities and the moral and political calculations that the leaders have had to make he provides a fascinating insider s look at modern presidential decision making and the fundamental role in it of human frailty **When Presidents Lie** Eric Alterman, 2005-10 Assesses the impact of governmental and presidential lies on American culture revealing how such lies become ever more complex and how such deception creates problems far more serious than those lied about in the beginning

FDR and the News Media Betty Houchin Winfield, 1994 Power was at the heart of FDR s relationship with the media the power of the nation s chief executive to control his public messages versus the power of the free press to act as an independent watchdog over the president and the government This compelling study points to Roosevelt s consummate news

management as a key to his political artistry and leadership legacy *Clash* Jon Marshall, 2022-05 *Clash* describes the powerful political technological economic and social forces that shape the relationship between presidents and the press and how that relationship shapes public opinion Jon Marshall argues that the press now faces new threats and must grow stronger American democracy depends on it Terrorism and the Media Brigitte Lebens Nacos, 1994 Exploring the recent increase in anti American terrorism this updated study argues that terrorist groups are now exploiting the link between the media and public opinion polls particularly regarding the popularity of American presidents in order to publ **Framing Terrorism** Pippa Norris, Montague Kern, Marion Just, 2004-08-02 *Framing Terrorism* argues that the September 11 attacks precipitated a critical shift in the predominant news frame used by the US mass media for understanding issues of national security thereby altering perceptions of risk at home and abroad **A Companion to Lyndon B. Johnson** Mitchell B. Lerner, 2012-02-13 This companion offers an overview of Lyndon B Johnson s life presidency and legacy as well as a detailed look at the central arguments and scholarly debates from his term in office Explores the legacy of Johnson and the historical significance of his years as president Covers the full range of topics from the social and civil rights reforms of the Great Society to the increased American involvement in Vietnam Incorporates the dramatic new evidence that has come to light through the release of around 8 000 phone conversations and meetings that Johnson secretly recorded as President The Watergate Crisis Michael A. Genovese, 2020-08-11 This reference provides background information about the Watergate crisis and discusses its significance to U S politics today Relatively insignificant at first glance the Watergate crisis led to the downfall of a president and emerged as the most important constitutional crisis since the Civil War Journalists and the media were instrumental in shedding light on Watergate and exposing political corruption at the highest levels of government Watergate became part of American popular culture and synonymous with presidential corruption This book surveys the background of the Watergate crisis and links it to contemporary American politics The first part of the book provides a narrative overview and examination of the Watergate crisis with a consideration of what happened and why and the relevance of Watergate to today s political issues The book considers such topics as political corruption and impeachment the role of the media and the abuse of presidential power The book also offers biographical sketches of key players in the Watergate crisis a chronology glossary primary source document excerpts and an annotated bibliography **Handbook of Administrative Communication** James Garnett, 2024-11-01 This volume takes a communications oriented approach to a wide range of topics encompassing organization management political theory and practice business government relations innovation processes and IT Offering a balanced international presentation it contains authoritative contributions from world renowned experts representing various disciplines including administrative law organizational and political theory phenomenology public and business management educational technology psychology and other fields The book addresses typically neglected subjects such as communicating through humor drama film poetry fiction and other creative forms

We Keep America on Top of the World Daniel Hallin, 2005-10-25 We Keep America on Top of the World is a lucid exploration of contemporary American journalism with particular emphasis on its influential and controversial component television news Daniel Hallin's discussion encompasses the central and most controversial issues in the study of journalism the wars in Vietnam and Central America US Soviet summits the origin of the ten second soundbite the differences between print and television journalism and the tension between professionalism and populism We Keep America on Top of the World offers a distinctive approach to understanding an institution torn between the imperatives of the market political ideology and popular fashion and journalistic professionalism It will be essential reading for students of media communication and journalism

The Handbook of Crisis Communication W. Timothy Coombs, Sherry J. Holladay, 2022-11-14 The revised and updated new edition of the comprehensive guide to crisis communication research and practice The Handbook of Crisis Communication provides students researchers and practitioners with a timely and authoritative overview of the dynamic field Contributions by an international team of 50 leading scholars and practitioners demonstrate various methodological approaches examine how crisis communication is applied in a range of specific contexts discuss the role of culture and technology in crisis communication and present original research of relevance to the development and evaluation of crisis communication theory Now in its second edition the Handbook covers the latest advances in global crisis communication technology current trends in research and practice social media in crisis communication and more Each of the 38 chapters incorporate new material offering fresh insights into existing areas of crisis communication and explore new and emerging lines of research A wealth of new case studies practical scenarios and in depth analyses of recent crises are integrated throughout Examines traditional applications recent advances and emerging areas in crisis communication Discusses communication approaches for organizational crises disasters political crises and public health crises Provides up to date coverage of the latest terminology methods and research trends in the field Highlights how crisis communication theory and research can inform real world practice Features detailed analyses of crisis communication in major events such as terrorist attacks natural disasters industrial accidents and global pandemics The Handbook of Crisis Communication Second Edition is an excellent textbook for advanced students in public relations and strategic communication programs and a valuable reference for researchers and practitioners in fields such as crisis communication public relations and corporate communication

The Wars of Watergate: The Last Crisis of Richard Nixon Stanley I. Kutler, 1992-03-17 The definitive account of Watergate St Louis Post Dispatch

Bibliography on the Urban Crisis Jon K. Meyer, 1969

The Cuban Missile Crisis M. White, 1995-11-20 Why did the Cuban Missile Crisis happen How was it resolved By focusing on the roles of a number of key individuals such as JFK Robert Kennedy and Nikita Khrushchev and by using recently declassified materials this book frames answers to these questions In so doing it presents a cluster of new findings and arguments including a fresh interpretation of Khrushchev's motives for putting missiles in Cuba new information on the mystery

surrounding Senator Kenneth Keating's secret sources and evidence indicating that JFK planned to carry out a military strike on Cuba at the start of the crisis

America in Crisis Michael A. Alexander, 2022-12-13 America is in trouble Today's young people seem destined to become the nation's first generation poorer than their parents A changing climate dangerously overvalued financial markets and political instability recent polling shows many Americans believe civil war is imminent simultaneously threaten America What has happened to us What can we do about it America in Crisis employs the new disciplines of cliodynamics and cultural evolution to explain how and why we have come to this place Cliodynamics teaches that crises like this have happened before and stem from consequences of rising inequality Cultural evolution provides the processes through which inequality and society in general change with time The book tells the story of how and why America evolved from the previous crisis a century ago through a period of broadly shared prosperity and stability both political and financial to the current crisis This story welds the ideas of cliodynamacists evolutionary scientists cultural historians economists and political scientists into data rich verbal and mathematical models illustrated with numerous charts and tables From this synthesis come fresh insights concerning race relations economics foreign policy and how addressing climate change can create a stronger and more prosperous America The final chapter describes some ideas on how we might proceed going forward

Transformed by Crisis J. Kraus, K. McMahon, D. Rankin, 2016-04-30 The presidency of George W Bush has been a curious one born in contention challenged by the most dramatic foreign directed attack on American soil and transformed by a combination of crisis and conflict that has generated considerable support domestically And yet while much attention has been focused on the Bush administration's external policies how it has pursued its goals and had its effects on the domestic scene has been as important Examining the push and pull of the Bush presidency by looking especially at domestic dynamics the authors look at the tendency towards centralizing power and its implications for American politics From the midterm elections of 2002 where the Republicans scored historic victories to relations with the press and from executive branch relations with Congress to increased federal involvement in education the authors examine and shed light on crucial issues This book examines how words and deeds in a time of crisis will define the Bush presidency place in American politics and history

The Managerial Presidency James P. Pfiffner, 1999 As the scope and size of the U S government has expanded the importance of good management to the success of a presidency has also increased Although good management cannot guarantee political or policy success poor management can certainly undermine good policy and political efforts In this second edition of The Managerial Presidency James P Pfiffner brings together both classic analyses and more recent treatments of managerial issues that affect the presidency Some of the foremost presidency scholars have contributed to this volume including Richard Neustadt Charles O Jones Hugh Heclo George Edwards and Louis Fisher This second edition includes more recent scholarship by Roger Porter Steven Kelman Peri Arnold and Ronald Moe The focus of this collection is the extent to which presidents can exercise control over the executive branch bureaucracies and whether it

is wise for them to exert that control Part one deals with the question of how to organize the White House staff If this organizational problem is not resolved solving the broader problems of organization and policy will be that much more difficult Part two addresses the question of how much control presidents should exert over the departments and agencies of the executive branch and how the White House staff and other political appointees relate to career civil servants The final section examines presidential managerial reform efforts and the congressional role in managing the government Although the contributors to this collection do not all agree on how the presidency should be managed there is surprising consensus on which questions ought to be asked The analyses addressing those questions will be of interest to students and scholars of the modern presidency as well as those interested in executive leadership and public administration *The Cuban Missile Crisis, 1962 ,1990*

Fuel your quest for knowledge with is thought-provoking masterpiece, **Press Presidents And Crises** . Press Presidents And Crises Introduction

In the digital age, access to information has become easier than ever before. The ability to download Press Presidents And Crises has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Press Presidents And Crises has opened up a world of possibilities. Downloading Press Presidents And Crises provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Press Presidents And Crises has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Press Presidents And Crises. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Press Presidents And Crises. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Press Presidents And Crises, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Press Presidents And Crises has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of

continuous learning and intellectual growth.

FAQs About Press Presidents And Crises Books

1. Where can I buy Press Presidents And Crises books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
