Preventing Child Sexual Abuse Kathryn Goering Reid, 1994 This important companion to Preventing Child Sexual Abuse A Curriculum for Children Ages Nine Through Twelve takes the message of abuse prevention to a younger audience Reid draws on excellent secular material while using basic biblical resources confronting misinterpretations of scripture that have been used to support abusive relationships to teach prevention techniques in an environment of God's caring and a supportive community

Preventing Child Sexual Abuse Kathryn Goering Reid, Marie M. Fortune, 1989 Provides information on sexual abuse and prevention to older children in the context of a religious education program The 13 sessions draw on excellent secular materials while using basic biblical resources

Welcoming Children Joyce Ann Mercer, 2005-11-01 This book develops a theology of childhood both from a theoretical basis in biblical theology especially the gospel of Mark and practical experience in children and youth ministry Mercer builds on classical theologians such as Augustine Calvin Barth and Rahner as well as modern feminist theologians such as Brock and Russell She gains insights from pastoral theologians such as Capps and Couture and from contemporary cultural criticism Mercer challenges approaches to educational and liturgical practices with children in congregations that segregate children from the rest of the church and its key practices of service mission worship care and learning She reframes ministries with children as processes through which the church as a community of practice forms children into an alternative identity that resists surrounding consumerist culture and walks in the ways of Jesus This book offers strategies for educational practices with children in congregations as it seeks to address the question What might educational practices that welcome children and contribute to their flourishing look like in the context of a faith community where children's learning happens in collaboration with experienced practitioners of faith Outlining a feminist practical theology of childhood it explores five basic theological claims 1 children as gifts and parenting as a religious practice of stewardship 2 welcoming those who welcome and care for children 3 children as already fully human 4 children as part of the purposes of God and 5 acknowledging and transforming the sufferings of children

Render Unto God James Newton Poling, 2012-03-01 What marks principles and values from our study of Jesus can guide our reflections about the church and its witness in a world of economic injustice What kinds of principles ought to be part of an ecclesiology in a world where family violence is epidemic So asks author James Poling in his exploration of the role of faith and religious practice as a resource for those who are economically vulnerable to domestic violence In this groundbreaking work Poling focuses his research on women and children in working class and poor communities of three cultures analyzing the forces that define

and sustain economic vulnerability and detailing how such vulnerability affects the daily lives of people within these communities He looks at how the church can function as a source of healing and empowerment for persons who are trapped by domestic violence and economic vulnerability and develops models for prevention of violence and of practical ministry for pastoral care of the victims and perpetrators **Feminist and Womanist Pastoral Theology** Bonnie J.

Miller-McLemore, Brita L. Gill-Austern, 1999 In the last decade the focus of pastoral theology has shifted dramatically from care defined as counseling to care understood within a wider social political and religious context Feminist and womanist theory as well as feminist and womanist faith convictions have played a key role in this development According to the authors feminists and womanists in pastoral theology have begun to reconstruct the definitions parameters and commitments of pastoral care and counseling These changes have critical implications for care within congregations and for the understanding of theology in seminaries and divinity schools Yet these developments in the theory and practice of pastoral theology and their broader ramifications have not been carefully analyzed or even acknowledged by pastoral theologian minister and religion scholar alike This is due to a failure to articulate clear understandings of the field the gap between congregational ministry and higher education in religion and conflicts in theological education in general over the place of practice and theory experience spirituality and practical theology To redress these problems this collection of essays has a threefold aim First the book identifies the many changes occurring in definitions of pastoral theology care and counseling Second the volume defines and develops new methods and approaches Third the authors attend to the implications of these changes for congregational care and theological education Roughly speaking the order of the chapters in this volume follows this threefold agenda moving from an exploration of the changes in pastoral theology to its reconstruction to some of the implications of recent innovations **Evidence-Based Practices for Children Exposed to Violence** Clare

Anderson, 2011-08 This report summarizes findings from federal reviews of research studies and program evaluations to help communities improve outcomes for children exposed to violence It cites evidence based practices that practitioners and policymakers can use to implement prevention services and activities for these children In each case programs and practices that are reviewed are supported by multiple research studies or program evaluations Charts and tables This is a print on demand edition of an important hard to find report *Preventing Child Sexual Abuse*, 2005 [Health and Wellbeing in Childhood](#) Susanne Garvis, Donna Pendergast, 2014-09-10 Written by a team of experts Health and Wellbeing in Childhood is an essential resource for students educators and carers *Resources in Education*, 2001-04 **SIECUS Report**, 2000
