Preventive Intervention In Social Work:

Preventive Intervention in Social Work Carol H. Meyer, 1974 **Preventive Intervention in Social Work** Ludwig L. Geismar, 1969 Preventive Intervention in Social Work Social Work (New York), 1974 **A Reader on Prevention and Social Policies** Canadian Council for Social Development, 1982-01-01 First published in 1982 this book examines issues of prevention in a Canadian context culling comment and experience from those deeply involved in human service delivery It remains useful both to the student looking for an introduction to the subject as well as to practitioners and policy advisors looking for perspectives and developments in various spheres of human services A Reader on Prevention and Social Policies is a useful resource for those examining prevention as practised in the early 1980s Social Work in Health Care Neil F. Bracht, 1978 This classic text covers all aspects of social work in health care Handbook of Empirical Social Work Practice, Volume 2 John S. Wodarski, Bruce A. Thyer, 1998-01-29 Covers key social problems and practice related issues The last two decades in social work have seen tremendous strides in field research from the development of improved research designs to more accurate methods of problem measurement and outcome analysis Drawing upon these significant advances the two volume handbook of Empirical Social Work Practice brings together empirically validated interventions for many of the psychosocial problems most frequently encountered by social workers in their daily practice Unlike other books in the field that employ a theory based approach to treatment this handbook focuses on the best supported methods of helping clients with particular problems irrespective of theoretical biases offering clinicians a valuable compendium of practice guidelines for treatment Edited and authored by recognized experts in the field the Handbook of Empirical Social Work Practice is clearly written and organized for easy reference Volume Two covers key social problems and practice related issues including Crime homelessness and unemployment Domestic violence and sexual abuse Family conflict and preservation Practice approaches for older clients Empirically based supervision With information that is at once accessible and up to date the Handbook of Empirical Social Work Practice is a vital source of guidance for today's clinical social workers and other practicing mental health professionals as well as students One of the best tools to promote the values of the social work profession is that of empirical social work practice Telling the truth is one of these values and discovering the truth is something that empirical research is very good at This book presents credible reviews of contemporary empirical literature pertaining to selected behavioral affective and intellectual disorders and their psychosocial assessment and treatment That such a book is now possible is a striking affirmation of the merits of the approach to social work called empirical clinical practice from the Handbook of Empirical Social Work Practice **Human Behavior for Social Work Practice** Wendy L. Haight, Edward H. Taylor, Ruth Soffer-Elnekave, 2020-04-15 Featuring an interdisciplinary developmental ecological systems framework Human Behavior for Social Work Practice Third Edition helps students implement a consistent system through which to approach multifaceted social issues in any environment Students will learn that by effectively connecting theory to

practice they can develop successful strategies to use as they encounter complex issues currently facing social workers whether it be in inner city schools or rural nursing homes with individuals of different ages ethnicities and socioeconomic status This text examines social work issues at various points in human development using specific programs and policies to illustrate developmentally and culturally sensitive social work practice Excerpts from interviews with practicing social workers highlight real life experiences and introduce a variety of policy contexts Part 3 of the text focuses on social work issues affecting individuals across the lifespan and around the globe through chapters on disability and stigmatization race racism and resistance women and gender and terrorism

Handbook of Social Work with Groups Charles D. Garvin, Lorraine M. Gutiérrez, Maeda J. Galinsky, 2017-05-16 This definitive text now revised and expanded has introduced thousands of students and practitioners to the theory and practice of social work with groups Leading authorities outline major models of group work and address critical issues in planning implementing and evaluating interventions The Handbook describes applications in all the major practice settings mental health prevention child welfare substance abuse health care aging corrections and more as well as organizational and community settings A strong focus on empowerment social justice and diversity is woven throughout The empirical foundations of group work are reviewed and innovative research methods discussed New to This Edition Incorporates over a decade of advances in the field Heightened focus on practitioner researcher collaboration Two chapters on substance abuse prevention with youth Chapters on social justice work evidence based practice offender reentry intimate partner violence intergroup dialogue working with immigrants and refugees qualitative methods and intervention research Major updates on existing topics such as cognitive behavioral group work psychoeducational groups health care settings and technology mediated groups Integrative epilogue that synthesizes key themes

Social Prevention and the Social Sciences Günter Albrecht, Hans-Uwe Otto, 2010-10-06 No detailed description available for Social Prevention and the Social Sciences

Decision Making in Social Work Terence O'Sullivan, 2010-11-24 At a time when accountability and the avoidance of risk are increasingly demanded of social work practitioners the ability to make clear and reasoned professional decisions is essential This welcome new edition provides a supportive framework for making social work judgements and assessments based on a structured and practical approach Woven through with practice scenarios applicable to the many facets of social work this text emphasizes the importance of good decision making to high quality social work practice Reassuringly clear throughout this new addition to the BASW Practical Social Work series is core reading for all involved in the field of social work whether as students academics practitioners or managers New to this Edition Provides an accessible discussion and framework for a skill which all students must evidence in order to qualify for practice Significantly updated to reflect the growing prominence of user involvement and interprofessional collaboration

Handbook of Health Social Work Sarah Gehlert, Teri Browne, 2011-10-13 Praise for HANDBOOK of HEALTH SOCIAL WORK SECOND EDITION Handbook of Health Social Work Second Edition is a crucial addition for seasoned practitioners

libraries as well as an essential foundation for fledgling social workers ready to enter health as a practice and research area. From the Foreword by Suzanne Heurtin Roberts, U.S. Department of Health and Human Services. The book's strengths include the high quality of writing and the expertise of its contributors. It covers the field of health social work in significant depth and is sure to leave readers well informed. Mary Sormanti, PhD, MSW, Associate Professor of Professional Practice, Columbia University School of Social Work. Quite simply, this is the definitive volume for health and social work. In this second edition, Gehlert and Browne and their expert contributors have confidently managed to keep pace with current theory and empirical research across a wide range of subject matter that will be of interest to practitioners, educators, and researchers. Michael Vaughn, PhD, Assistant Professor, School of Social Work, School of Public Health, and Department of Public Policy Studies, Saint Louis University. Thoroughly revised and updated, the only comprehensive handbook of its kind covering the diverse field of health social work. Now in its Second Edition, *Handbook of Health Social Work* provides a comprehensive and evidence-based overview of contemporary social work practice in health care. Written from a wellness perspective, the chapters cover practice and research areas ranging from chronic disorders to infectious disease, from physical to mental disorders, and all areas in between. An excellent resource preparing social workers for the present and future challenges of practice in the field of health care, the *Handbook of Health Social Work, Second Edition* features discussion on new trends in social work and health care, including genetics, transdisciplinary care, as well as national and state changes in policy. Health social work and children: The wide array of roles performed by social workers in health care settings. Ethical issues and decision making in a variety of arenas. Understanding of community factors in health social work. Edited by two respected leaders in the field of health social work, this second edition includes contributions from a diverse team of notable experts, researchers, and scholars addressing multiple theoretical foundations, models, issues, and dilemmas for the social worker in health care. The resulting resource offers both a foundation for social work practice in health care and a guide for strategy, policy, and program development in proactive and actionable terms.

Handbook of Social Work Practice with Vulnerable and Resilient Populations Alex Gitterman, 2014-06-03

Every day social workers deal with individuals, families, and groups struggling with problems that are often chronic, persistent, acute, and/or unexpected. When community and family support systems are weak or unavailable and when internal resources fail, these populations become vulnerable to physical, cognitive, emotional, and social deterioration. Yet, despite numerous risk factors, a large number of vulnerable people do live happy and productive lives. This best-selling handbook examines not only risk and vulnerability factors in disadvantaged populations but also resilience and protective strategies for managing and overcoming adversity. This third edition reflects new demographic data, research findings, and theoretical developments and accounts for changing economic and political realities and immigration and health care policy reforms. Contributors have expanded their essays to include practice with individuals, families, and groups, and new chapters consider working with military members and their families, victims and survivors of terrorism and torture, bullied children, and

young men of color Social Workers' Desk Reference ,2015-04-20 People all over the world are confronted by issues such as poverty a lack of access to quality education unaffordable and or inadequate housing and a lack of needed health and mental services on a daily basis Due to these issues there is a need for social workers who have access to relevant and timely scholarly materials in order to meet the needs of those facing these issues The social psychological and biological factors resulting from these issues determine the level of a person s mental health at any given point in time and it is necessary for social workers to continue to evolve and develop to the new faces and challenges of the times in order to adequately understand the effects of these issues In the first and second editions of the Social Workers Desk Reference the changes that were occurring in social work practice education and research were highlighted and focused upon This third edition continues in the same tradition and continues to respond to the changes occurring in society and how they are impacting the education research and practice of social work as a whole With 159 chapters collaboratively written by luminaries in the profession this third edition serves as a comprehensive guide to social work practice by providing the most recent conceptual knowledge and empirical evidence to aid in the understanding of the rapidly changing field of social work Each chapter is short and contains practical information in addition to websites and updated references Social work practitioners educators students and other allied professionals can utilize the Social Workers Desk Reference to gain interdisciplinary and interprofessional education practice and research Social Work in Health Care Surjit Singh Dhooper,2012 This book is a comprehensive look at the US healthcare industry from its historical development to its current status It pays particular attention to four domains of health care and the role that social workers play in these roles in the present day and in the future **Grand Challenges for Social Work and Society** Richard P. Barth,Jill Theresa Messing,Trina R. Shanks,Trina R. Williams Shanks,James Herbert Williams,2022 The second edition of Grand Challenges for Social Work and Society includes updates on the initiatives laid out in the first edition and sets new goals for the next five years It also includes new information on the Grand Challenge to Eliminate Racism expanding the social work pipeline commentaries from leading social work organizations and how interdisciplinary science can best provide a platform to tackle society s most urgent problems Handbook of Preventive Interventions for Adults Catherine N. Dulmus,Lisa A. Rapp-Paglicci,2005-02-08 This timely handbook provides practical information and evidence based findings on the most effective and current prevention interventions and programmes available regarding adult emotional mental health and social problems Each innovative chapter summarizes the problem addressing trends incidence and risk factors describes effective prevention interventions and discusses practice and policy implications as well as areas for future research An exceptional resource for practitioners researchers and students alike the Handbook of Preventive Interventions for Adults is an important addition to the mental health field **Transforming' Children'S Services: Social Work, Neoliberalism And The 'Modern' World** Garrett, Paul Michael,2009-08-01 This book provides an accessible overview of the transformation of Children s Services in England

In doing this it draws on social theory critical social policy and takes account of developments in other countries Paul Michael Garrett argues that the many changes which have taken place within and beyond Children's Services are related to the politics of neoliberalism which it is maintained lie at the core of the Change for Children programme Book Jacket
