Principles of Environmental Physics John Lennox Monteith, M. H. Unsworth, 1990-02-15 Thoroughly revised and updated edition of a highly successful textbook Current Catalog National Library of Medicine (U.S.), 1993 First multi year cumulation covers six years 1965 70 **Microclimate** Norman J. Rosenberg, Blaine L. Blad, Shashi B. Verma, 1983-09-22 An up to date and much enlarged edition of this text on the microclimate emphasizing its effect on plants animals and humans Provides a basis for understanding environmental biophysics then covers the prediction manipulation and management of the climate near the ground The Grass Crop M. Jones, 2013-03-07 Grass is a very important world crop In some countries for example the UK Australia and New Zealand animal products from grassland make a greater contribution to the value of agricultural production than does any other crop Yet research being undertaken to further our understanding of the factors affecting the growth and productivity of grasslands has trailed in the shadow of the determined efforts made to improve our knowledge of cereals and to a somewhat lesser extent legumes However in spite of its low profile grassland research has resulted in considerable advances in our knowledge in the last 20 years and we feel that this book provides a timely opportunity to bring together some of this work in a review of what is primarily the ecophysiology of the temperate grass crop Unlike other crops grown for their grain or vegetative parts grass and grassland products are used almost entirely for the feeding of ruminant animals the interaction of the sward and the animal thus adds an extra dimension to investigations of the productivity of grassland No one author could adequately encompass the breadth of work covered in the book Acknowledged experts have therefore been selected as contributors to provide an up to date review of their own specialized areas Whilst multi author texts can cause problems of lack of uniformity of approach each contributor has been made aware of the contents of the other chapters in an attempt both to provide continuity and to prevent glaring overlaps **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), Agricultural Research for Development Cotton Research Corporation, 1976-08-26 NAMULONDGE AGROMETEOROLOGY SOIL PRODUCTIVITY CROP PHYSIOLOGY ENTOMOLOGY PLANT PATHOLOGY RESISTANCE BREEDING PLANT BREEDING THE NAMULONGE FARM THE APPLICATION OF AGRICULTURAL SCIENCE TO NATIONAL DEVELOPMENT **Monographic Series** Library of Congress, 1981 Simulation of Growth of Managed Forests in the Atlantic Zone of Costa Rica and Analysis of Nutrient Cycling to Determine Surpluses and Shortages , **Quarterly Journal of the Royal Meteorological Society** Royal Meteorological Society (Great Britain), 1974 Vols 10 11 include Meteorology of England by James Glaisher as separately paged section at end Library of Congress Catalogs Library of Congress, 1977
