Principles of Macroeconomics Fred M. Gottheil, 2002 *Macroeconomics* Roger A. Arnold, 2001 Offering a unique blend of solid theoretical content and student accessibility this text stands apart with its emphasis on intriguing applications that convey the prevalence of economics in everyday life By applying economics to phenomenon that students are familiar with and interested in this book demonstrates like no other text how economic analysis can be applied to virtually anything of interest thus helping students develop true economic intuition Additional student oriented features include a unique active learning format an emphasis on developing economic analysis skills and an outstanding visual program for exhibits and graphs Content highlights include balanced presentation of major macro theories a micro presentation that centers around the trilogy of objectives constraints and choices thorough integration of international topics and fully integrated Internet features that offer hands on exercises for exploring economics on line *Macroeconomics 5e* is also available in a micro split and both micro macro are in the principles text **Economics** Roger A. Arnold, 2001 *Survey of Economics* Irvin B. Tucker, 2001 This highly successful text makes basic economics readable sensible and interesting by placing an emphasis on application and student learning It focuses on the most basic tools in economics and applies them clearly to explain real world economic issues Better than any other text Tucker implements teaching tools and methodologies that drive the student learning process and development of critical analysis skills It is known for its lively and informative writing style emphasis on critical thinking applications active learning environment use of unique highly motivational student oriented pedagogy unparalleled visual learning support and numerous in chapter review and application opportunities *Macroeconomics* James D. Gwartney, David Macpherson, Russell S. Sobel, Richard L. Stroup, 2003 Authors James D Gwartney Richard L Stroup Russell S Sobel and David Macpherson believe that a course on principles of economics should focus on the power and relevance of the economic way of thinking It is this belief and corresponding writing approach that has made *Macroeconomics Private and Public Choice* one of South Western Thomson Learning s most solid and enduring texts Throughout this text the authors integrate applications and real world data in an effort to make the basic concepts of economics come alive for the reader *Macroeconomics* Robert Ernest Hall, Marc Lieberman, 2001 *Macroeconomics Principles and Applications* provides a lively rigorous introduction to basic economic theory and its applications It has been carefully crafted in terms of both content and supporting pedagogy to keep students focused on learning and applying the central ideas used in economic analysis Its objective is to be a study tool for students and a complement to rather than a substitute for the instructor Pedagogy and applications are designed to maintain a focus on the fundamentals while allowing instructors the flexibility to bring in additional material as they choose In text Internet links and a dedicated Web site provide opportunities and exercises for students to access and analyze additional real world economic applications This text is available in combined micro macro hardcover and in softcover split versions *Economics* James David Gwartney, 2003
