Prism Of Time And Eternity:

Delimitations John Sallis, 2022-05-24 Since Hegel philosophers have declared repeatedly that metaphysics is at an end a pronouncement that has sparked much contemporary philosophical debate What exactly does the end or closure of metaphysics mean and what are the implications of this view John Sallis characterizes the end of metaphysics as a limit or horizon both enclosing metaphysical thought and opening the field of thinking beyond it He elaborates five areas in which the boundaries of thinking are extended imagination as an opening power the radicalizing of phenomenology's injunction to attend to the things themselves Heidegger's shift of thinking toward an opening or clearing archaic closure through a return to Plato and Heraclitus and the nonidentity that takes place in the act of delimitation This last question is developed in relation to Husserl's project of a pure phenomenology to the debate between hermeneutics and deconstruction and to the secluding of ground announced in Schelling's thought

Transfiguring Time Olivier Clément, 2019-02-07 Clément's *Transfiguring Time* is an early work written when he was 37 It carries all the excitement of his fresh encounter with Orthodoxy and the Fathers of the Christian Church He draws on his deep study of Hinduism Buddhism and Indian myths to differentiate the understanding of time and eternity in archaic religions in Hinduism and in Buddhism from the Christian and specifically Orthodox understanding of time and eternity This new translation the first one in English wants to bring Clément's early work to a new generation of readers

Time - Just the Tip of the Iceberg Johnson Srigiri, 2023-04-01 The recurring theme Augustine and Time holds sway in both academic and popular works However most of the efforts focus on his *Confessions* XI unfortunately neglecting the rest of his corpus Even in a cursory reading of it a twin factor stands out and it permeates the entire corpus The cluster of temporal notions he uses holds many more beyond the concepts of time and eternity and its being posited in the cognition of the human mind This serendipitous observation necessitates a hermeneutical probe into the inextricable link between temporal notions and human cognition Taking the untrodden path this probe begins with an analysis of Augustine's conversion narrative since the inseparable intertwining of temporality and human cognition is first observable in the philosophical and theological matters he experienced then The cognitive capabilities for perception belief and language and the mind's concern with reality rationality and relationality are examined to show the way human cognition gives rise to complex temporality rather than just the notions of time and eternity The Appendix argues Augustine and Neuroscience could dialogue on temporality in human cognition

Shapes of Time Michael McGillen, 2023-12-15 *Shapes of Time* explores how concepts of time and history were spatialized in early twentieth century German thought Michael McGillen locates efforts in German modernism to conceive of alternative shapes of time beyond those of historicism and nineteenth century philosophies of history at the boundary between secular and theological discourses By analyzing canonical works of German modernism those of Karl Barth Franz Rosenzweig Siegfried Kracauer and Robert Musil he identifies the ways in which spatial imagery and metaphors were employed to both separate the end of

history from a narrative framework and to map the liminal relation between history and eschatology Drawing on theories and practices as disparate as constructivism non Euclidean geometry photography and urban architecture Shapes of Time presents original connections between modernism theology and mathematics as played out within the canon of twentieth century German letters Concepts of temporal and spatial form McGillen contends contribute to the understanding not only of modernist literature but also of larger theoretical concerns within modern cultural and intellectual history The Glory of the Lord Hans Urs von Balthasar,1983 This book is volume one of the long awaited English version of von Balthasar s masterwork Herrlichkeit The first volume must make its way slowly toward our actual concerns in an introduction which deals both substantively and historically with the subject Its main section then treats the question of theological knowledge first as concerning its subjective structure and then with regard to its presuppositions in the theological object The fact that in this way many things come into view which are normally dealt with by so called fundamental theology should not give the impression that we are here developing a fundamental theology which would be distinct from and even opposed to dogmatics The very direction of our reflections will rather endeavor to convince the reader of the inseparability of both aspects of theology Publisher Unfading Light Sergius Bulgakov,2012-12-12 With its scholarly discussions of myth German idealist philosophy negative theology and mysticism shot through with reflections on personal religious experiences Unfading Light documents what a life in Orthodoxy came to mean for Sergius Bulgakov on the tumultuous eve of the 1917 October Revolution Written in the final decade of the Russian Silver Age the book is a typical product of that era of experimentation in all fields of culture and life Bulgakov referred to the book as miscellanies a patchwork of chapters articulating in symphonic form the ideas and personal experiences that he and his entire generation struggled to comprehend Readers may be reminded of St Augustine s Confessions and City of God as they follow Bulgakov through the challenges and opportunities presented to Orthodoxy by modernity **The Relevance of Hegel's Concept of Philosophy** Luca Illetterati,Giovanna Miolli,2021-12-16 In a systematic treatment of Hegel s concept of philosophy and all of the different aspects related to it this collection explores how Hegel and his understanding of his discipline can be put into dialogue with current metaphysical inquiries and shed light on the philosophical examination of the nature of philosophy itself Taking into account specific aspects of Hegel s elaboration on philosophy such the scientificity of philosophy as a self grounding rational process and his explanation of the relationship between philosophy and the history of philosophy an international line up of contributors consider Hegel s concept of philosophy in general from skepticism idealism history and difference to time politics and religion The relation of Hegel s concept of philosophy to other philosophical traditions and philosophers including Kant Fichte Schelling and Jacobi Hegel s concept of philosophy with reference to philosophy s relation to other forms of rationality and disciplines The relation of Hegel s concept of philosophy to specific issues in present metaphysical debates Reflecting the renewed and widespread interest in Hegel seen in Analytic philosophy and Continental thought this volume

advances study of Hegel's conceptual tools and provides new readings of traditional philosophical problems *The Heritage of Sufism* Leonard Lewisohn, 2018-04-30 The first volume in a three volume set this is a study of the rise of Persian Sufi spirituality and literature in Islam during the first six Muslim centuries This collection of 24 essays covers the key achievements of the Muslim intellectual and cultural tradition in history mysticism philosophy and poetry It demonstrates the positive role played by Sufi thinkers during this period The subjects covered include Sufi masters and schools literature and poetry spiritual chivalry divine love Persian Sufi literature Rumi and Attar *Time in the Babylonian Talmud* Lynn Kaye, 2018-02-08 In this book Lynn Kaye examines how rabbis of late antiquity thought about time through their legal reasoning and storytelling and what these insights mean for thinking about time today Providing close readings of legal and narrative texts in the Babylonian Talmud she compares temporal ideas with related concepts in ancient and modern philosophical texts and in religious traditions from late antique Mesopotamia Kaye demonstrates that temporal flexibility in the Babylonian Talmud is a means of exploring and resolving legal uncertainties as well as a tool to tell stories that convey ideas effectively and dramatically Her book the first on time in the Talmud makes accessible complex legal texts and philosophical ideas It also connects the literature of late antique Judaism with broader theological and philosophical debates about time *NON-EVENING LIGHT* Sergiy N. Bulgakov, Wealth without work Pleasure without conscience Science without humanity Knowledge without character Politics without principle Commerce without morality Worship without sacrifice <https://vidjambov.blogspot.com/2023/01/book-inventory/vladimir-djambov-talmach.html> Wealth without work Pleasure without conscience Science without humanity Knowledge without character Politics without principle Commerce without morality Worship without sacrifice <https://vidjambov.blogspot.com/2023/01/book-inventory/vladimir-djambov-talmach.html> But how difficult it is in our age of lukewarmness and indifference to faith I do not pin hope on my weak powers I only put my hopes on the grace of God given to the apostles on the day of Pentecost which made them the unwise and unbooks the wise fishers of the universe And the fact that I a sinner and weak are worthy of this great apostolic grace in the days of Pentecost fills my soul with a special high spiritual joy and hope for the all powerful help of God Come to me O Good Comforter and cleanse me from all filth sharing me with Thy holiness and non evening light and Divine lives and the most fragrant dispensing canon 6 to the Holy Spirit Holy Hierarchs of God Calling on this fiery Spirit of grace onto my sinful head pray the Lord that it would burn out in me all sinful impurity that it would sanctify and enlighten me that it would instruct me in all truth and that it would make me worthy of this great and terrible blessed and glorious service
