Prismatic Metropolis Inequality In Los Angeles:

Prismatic Metropolis Lawrence D. Bobo, Melvin L. Oliver, Jr. James H. Johnson, Abel, Jr. Valenzuela, 2000-11-02 This book cuts through the powerful mythology surrounding Los Angeles to reveal the causes of inequality in a city that has weathered rapid population change economic restructuring and fractious ethnic relations The sources of disadvantage and the means of getting ahead differ greatly among the city's myriad ethnic groups The demand for unskilled labor is stronger here than in other cities allowing Los Angeles's large population of immigrant workers with little education to find work in light manufacturing and low paid service jobs A less beneficial result of this trend is the increased marginalization of the city's low skilled black workers who do not enjoy the extended ethnic networks of many of the new immigrant groups and who must contend with persistent negative racial stereotypes Patterns of residential segregation are also more diffuse in Los Angeles with many once black neighborhoods now split evenly between blacks Hispanics Asians and other minorities Inequality in Los Angeles cannot be reduced to a simple black white divide Nonetheless in this thoroughly multicultural city race remains a crucial factor shaping economic fortunes A Volume in the Multi City Study of Urban Inequality **Prismatic Metropolis**

Racial Attitudes in America Today Clarissa Peterson, Emmitt Y. Riley, III, 2022-04-19 With this book Clarissa Peterson and Emmitt Y Riley III dive into how racial attitudes change and inform political decisions Peterson and Riley use racial resentment black blame and racial identity to investigate the extent to which racial attitudes influence vote choice evaluations of Black Lives Matter and attitudes toward public policies Moving the conversation beyond the study of Blacks and Whites the authors unpack the potency of racial attitudes among Asians Blacks Hispanics and Whites In doing so they challenge our understanding of how racial attitudes are central to political decision making in an environment that is inundated with anti Blackness The book reframes discussions of racial attitudes to propose that like White people some racial minorities in the United States harbor negative attitudes toward Black people The authors suggest that while White political

attitudes are significantly explained by racial resentment the overall influence of racial resentment on political decision making among some racial groups may be mitigated by racial identity At a time when White supremacists walk unhooded in the streets of America *Racial Attitudes in America Today* is essential reading for educators wanting to fully engage with and understand racial resentment in America and undergraduate students in the fields of political science sociology history and psychology

Race, Migration and Identity Martin Bulmer, John Solomos, 2017-10-02 The chapters in this collection cover diverse aspects of the changing meanings and boundaries of race migration and identity in the contemporary United States The situation in the USA has been the subject of intense policy and political debate over the past decades and the papers in this volume provide an important insight from a wide range of analytical perspectives They provide an insight into the changing dynamics of race and migration in the contemporary environment combining conceptual analysis with original empirical research The concerns of this volume address global questions of relevance as well as those specific to the USA

This book was originally published as a special issue of *Ethnic and Racial Studies*

The Trump Paradox Raul Hinojosa-Ojeda, Edward Telles, 2021-03-23 The Trump Paradox Migration Trade and Racial Politics in US Mexico Integration explores one of the most complex and unequal cross border relations in the world in light of both a twenty first century political economy and the rise of Donald Trump Despite the trillion plus dollar contribution of Latinos to the US GDP political leaders have paradoxically stirred racial resentment around immigrants just as immigration from Mexico has reached net zero With a roster of state of the art scholars from both Mexico and the US The Trump Paradox explores a dilemma for a divided nation such as the US in order for its economy to continue flourishing it needs immigrants and trade

Migration, Transnationalism, and Faith in Missiological Perspective Kirsteen Kim, Alexia Salvatierra, 2022-04-04 Los Angeles is a global crossroads of migrating communities that presents a case study of migration transnationalism and interfaith engagement with significant implications for thinking and practice in other global hubs This book weaves together contributions from internationally recognized scholars who were brought together for the 2020 Missiology Lectures at Fuller Theological Seminary They examine historical waves of migration European Protestant Asian Latino and Muslim into Southern California and use sociological missiological and theological methods to understand the experience of migration and its effects both on those who move and those who are already there The result shows how migrants are inspired and sustained by faith and spiritual resources how migration challenges faith communities about their identity and attitudes to others how faith communities in turn impact the migration landscape through immigrant integration and public advocacy and how migration forges new transnational and global ways of being in community and innovative religious movements The contributors put forward a mission theology of migration and suggest mission practices in response to the suffering caused by forced migration and the injustices of immigration systems

Redefining Urban and Suburban America Alan Berube, Bruce Katz, Robert E. Lang, 2005-10-01 Results from Census 2000 continue to reveal the striking changes taking place in the nation's cities and suburbs during the 1990s Thanks to a decade of strong economic growth concentrated poverty in inner cities declined dramatically homeownership rose among young minority households and workers from abroad settled in growing metropolitan areas that had experienced little immigration to date This second volume in the Redefining Urban and Suburban America series makes clear however that regional differences add texture to these broader social and economic trends Using data from the Census long form the contributors to this book probe migration income and poverty and housing trends in the nation's largest cities and metropolitan areas Economically the fast growing Sunbelt and the Midwest performed well in the 1990s enjoying declining poverty rates rising homeownership and the evolution of a solid middle class population Cities like San Antonio Chicago Houston and Columbus saw stunning declines in high poverty neighborhoods The story was more mixed in the coastal areas of the Northeast and West where poverty rates rose in cities such as Boston New York Washington and Los Angeles On net

their metro areas lost residents to other parts of the United States even as they gained workers and families from abroad. This volume provides a closer look at the unprecedented social and economic changes taking place in the nation's oldest and newest communities and explores the implications for a diverse set of policy areas including metropolitan development, patterns of immigrant incorporation, and the promotion of affordable housing and homeownership.
