Prison Paintings:

Cellblock Visions Phyllis Kornfeld, 1997-01 Filled with quotes from men and women prisoners and Kornfeld's own anecdotes Cellblock Visions shows how these artists most of them having no previous training turn to their work for a sense of self worth an opportunity to vent rage or a way to find peace We see how the artists deal with the cramped space limited light and narrow vistas of their prison studios and how the security bans on many art supplies lead them to ingenious resourcefulness as in extracting color from shampoo and weaving with cigarette wrappers Kornfeld covers the traditional prison arts such as soap carving and tattoo and devotes a major section to painting where we see miniatures depicting themes of alienation and escape idyllic landscapes framed by bars portraits of women living in a fantasy world large canvasses filled with erotic and religious symbolism and violent action The brief vivid biographies of each artist portray that individual's experience of crime prison and art itself

The Guantánamo Artwork and Testimony of Moath Al-Alwi Alexandra S. Moore, Elizabeth Swanson, 2023-09-20 Deaf Walls Speak presents an insider's view of artmaking in Guantánamo the world's most notorious prison as self expression and protest and to stage a fundamental human rights claim that has been denied by law and politics the right to be recognized as human The book juxtaposes detainee artist Moath al Alwi's testimony and artwork with essays that situate his work within legal political aesthetic and material contexts to demonstrate that artwork at Guantánamo constitutes important forms of material witnessing to human rights abuses perpetrated and denied by the U S government

The Prison Boundary Jennifer Turner, 2016-07-13 This book explores the idea of the prison boundary identifying where it is located which processes and performances help construct and animate it and who takes part in them Although the relationship between prison and non prison has garnered academic interest from various disciplines in the last decade the cultural performance of the boundary has been largely ignored This book adds to the field by exploring the complexity of the material and symbolic connections that exist between society and carceral space Drawing on a range of cultural examples including governmental legislation penal tourism prisoner work programmes and art by offenders Jennifer Turner attends to the everyday practised manifestations and negotiations of the prison boundary The book reveals how prisoners actively engage with life outside of prison and how members of the public may cross the boundary to the inside In doing so it shows

the prison boundary to be a complex patchwork of processes people and parts The book will be of great interest to scholars and upper level students of criminology carceral geography and cultural studies
