It is hoped that this volume will serve not only as a scholarly resource for academics students and legal practitioners but also as a policy document that can inform systemic change and guide institutions in reimagining prisons as spaces of transformation rather than punishment alone The editors extend heartfelt gratitude to all contributors for their invaluable research and critical perspectives and hope that this work inspires further dialogue action and advocacy for a more just and humane penal system     **Hearings, Reports and Prints of the House Committee on the Judiciary** United States.
