

NEW YORK TIMES BESTSELLING AUTHOR

SIMON WINCHESTER

PRISON DIARY, ARGENTINA

A FALKLANDS STORY

Prison Diary Argentina

Graham Pascoe

Prison Diary Argentina:

Prison Diary, Argentina Simon Winchester, 1983 **The Falklands Saga** Graham Pascoe, 2024-02-15 The Falklands Saga presents abundant evidence from hundreds of pages of documents in archives and libraries in Buenos Aires La Plata Montevideo London Cambridge Stanley Paris Munich and Washington DC some never printed before many printed here for the first time in English and where different in their original languages Spanish French German Italian Latin or Dutch It provides the facts to correct the fallacies and distortions in accounts by earlier authors It reveals persuasive evidence that the Falklands were discovered by a Portuguese expedition at the latest around 1518 19 and not by Vespucci or Magellan It demonstrates conclusively that the Anglo Spanish agreement of 1771 did not contain a reservation of Spanish rights that Britain did not make a secret promise to abandon the islands and that the Nootka Sound Convention of 1790 did not restrict Britain's rights in the Falklands but greatly extended them at the expense of Spain For the first time ever the despairing letters from the Falklands written in German in 1824 to Louis Vernet by his brother Emilio are printed here in full in both the original German and in English translation revealing the total chaos of the abortive 1824 Argentine expedition to the islands This book reveals how tiny the Argentine settlement in the islands was in 1826 33 In April 1829 there were only 52 people and there was a constant turnover of population many people stayed only a few months and the population reached its maximum of 128 only for a few weeks in mid 1831 before declining to 37 people at the beginning of 1833 This work also refutes the falsehood that Britain expelled an Argentine population from the Falklands in 1833 That myth has been Argentina's principal propaganda weapon since the 1960s in its attempts to undermine Falkland Islanders right to self determination In fact Britain encouraged the residents to stay and only a handful left the islands A crucial document printed here is the 1850 Convention of Peace between Argentina and Britain At Argentina's insistence this was a comprehensive peace treaty which restored perfect friendship between the two countries Critical exchanges between the Argentine and British negotiators are printed here in detail which show that Argentina dropped its claim to the Falklands and accepted that the islands are British That and the many later acts by Argentina described here definitively ended any Argentine title to the islands The islands history is placed in its world context with detailed accounts of the First Falklands Crisis of 1764 71 the Second Falklands Crisis of 1831 3 the Years of Confusion 1811 1850 and the Third Falklands Crisis of 1982 the Falklands War as well as a Falklands perspective on the First and Second World Wars including the Battle of the Falklands 1914 and the Battle of the River Plate 1939 with extensive details and texts from German sources The legal status of the Falklands is analysed by reference to legal works to United Nations resolutions on decolonisation and to rulings by the International Court of Justice which together demonstrate conclusively that the islands are British territory in international law and that the Falkland Islanders who have now 2024 lived in their country for over 180 years and for nine generations are a unique people who are holders of territorial sovereignty with the full right of external self determination **The Sovereignty Dispute Over the**

Falkland (Malvinas) Islands Lowell S. Gustafson, 1988-04-07 The complex question of the sovereignty of the Falkland Islands remains far from resolved even after the military and political events that took place from April to June 1982 The first scholarly work of its kind this broad and dispassionate study of the causes of the South Atlantic war between Britain and Argentina addresses the larger issues raised by the Falkland crisis and untangles a web of events and attitudes that stretch back over the past century The book begins with a close evaluation of the two pivotal arguments Argentina's stance that international law supports their historical right to the islands and Britain's position that the length of their occupation of the Falklands together with the principles of self determination legalized their de facto control Gustafson then discusses how potential off shore oil reserves diplomacy domestic politics and the use of force entered into the sovereignty dispute analyzes the effects of war on international relations and considers possible future approaches to handling the dispute Prisoners of War Arnold Krammer, 2007-11-30 America's current War on Terror is causing a readjustment of centuries of POW policies Prisoners of war are once again in the news as America and Western Europe grapple with a new faceless enemy and the rules of war and the torture of POWs are open to reconsideration Until very recently there has been astonishingly little written on the subject of prisoners of war Yet to understand the present it is critical to look back over history To that end Arnold Krammer examines the fate of war prisoners from Biblical and Medieval times through the halting evolution of international law to the current reshuffling of the rules The issue of prisoners of war is of more immediate concern now than ever before and an examination of the history of their treatment and current status may well influence foreign policy The fate of war prisoners through history has been cruel and haphazard The lives of captives hung by a thread Execution enslavement torture or being held for ransom were equally likely International agreements developed haltingly through the 19th and 20th centuries to culminate in the Geneva Accords of 1929 America's current War on Terror is causing a readjustment of centuries of POW policies Prisoners of war are once again in the news as America and Western Europe grapple with a new faceless enemy and the rules of war and the torture of POWs are open to reconsideration Until very recently there has been astonishingly little written on the subject of prisoners of war Yet to understand the present it is critical to look back over history To that end Arnold Krammer examines the fate of war prisoners from Biblical and Medieval times through the halting evolution of international law to the current reshuffling of the rules Since biblical times war captives have been considered property and counted as booty to be enslaved or killed Americans were interested in generals and weapons and battles but not the fate of prisoners of war The Second World War when 90 000 Americans fell into enemy hands began to change that Concern for our POWs in Germany and Japan and close contact with enemy camps in America began to change our attitudes However it was the Vietnam War media driven and polarizing that caused the American public to truly reevaluate the plight of its sons and brothers heroic and clearly loyal as they fell into the hands of an inscrutable and apparently unyielding distant enemy More recently during the first Gulf War of 1991 and the current War on Terrorism the issue of prisoners of war has

moved to center stage involving the clash of ideologies politics and expediency Since 9 11 the rights and safety of prisoners of war caught up in the War on Terror have been debated in Congress and adjudicated on by former Attorney General Alberto Gonzales whose conclusions were protested by numerous organizations The issue of prisoners of war is of more immediate concern now than ever before and an examination of the history of their treatment and current status may well influence foreign policy

The Meaning of Everything Simon Winchester,2018 The creation of the first Oxford English Dictionary was an extraordinary endeavour lasting over 70 years In *The Professor and the Madman* Simon Winchester recounted one fascinating episode in *The Meaning of Everything* he tells the whole story of the host of characters who carried out the greatest enterprise of its kind in history

The River at the Centre of the World Simon Winchester,1998-02-26 Simon Winchester undertakes a journey from the mouth of the Yangtze River to its source This is the story of the river its cities and their people built around the author's own journey to discover something of the essence of China and her people the Yangtze being her soul and centre

Falklands/Malvinas 1982 María Inés Tato,Peter Stanley,Luis Esteban Dalla Fontana,Rob McLaughlin,2023-03-07 After four decades from the 1982 war between Britain and Argentina over possession of the Falklands Malvinas islands in the South Atlantic Ocean this book allows for a new and rounded reading of the causes course and consequences of the war It provides a comprehensive overview of the Falkland Malvinas War by integrating the military history of the conflict into the diplomatic political social and cultural aspects of the war Including a substantial body of advocacy chronicle narrative and analysis the volume draws upon an extensive range of published sources in English and Spanish primary sources from both sides and unpublished testimonies The book written by Argentine and Australian historians and scholars discuss themes such as the background to the war the offensive campaign for the islands and the English and Argentine experiences and memories of the war from the perspective of the islanders Being part of the Wars and Battles of the World series this book will be an essential read for scholars and researchers of military history

British history Latin American history defence and strategic studies geopolitics and modern history

Outposts Simon Winchester,2009-10-27 The New York Times bestselling author of *Krakatoa* and *The Professor and the Madman* takes readers on a quirky and charming tour of the last outpost of the British empire *Outposts* is Simon Winchester's journey to find the vanishing empire on which the sun never sets In the course of a three year 100 000 mile journey from the chill of the Antarctic to the blue seas of the Caribbean from the South of Spain and the tip of China to the utterly remote specks in the middle of gale swept oceans he discovered such romance and depravity opulence and despair that he was inspired to write what may be the last contemporary account of the British empire Written with Winchester's captivating style and breadth here are conversations and anecdotes myths and political analysis scenery and history a poignant and colorful record of the lingering beat of what was once the heart of the civilized world

Imperial Skirmishes Andrew Graham-Yooll,2002

Notorious for its military dictatorships South America is less well known for its wars The heyday of South American war

mongering was the 19th century and it is this period that Andrew Graham Yooll reconstructs in this history of small wars
Political Prisoners and Trials James R. Bennett, 1995 Arranged by country this text includes articles from journals
pamphlets organizational reports and books on political prisoners and their trials
