Prisoner Education Project Newgate And Other College Programs:

Prisoner Education Marjorie J. Seashore, Steven Habersfeld, 1976 **Adult offender education programs** John Phillips Conrad, 1981 **Correctional education programs for inmates** National Institute of Law Enforcement and Criminal Justice, 1979 *Prisons, Education, and Work* John Braithwaite, 1980 **Can Prisons Work?** Stephen Duguid, 2000-01-01

Duguid shows that both critics and defenders of incarceration have erred by making prisoners the object rather than the subject of their discourse **Education for Liberation** Gerard Robinson, Elizabeth English Smith, 2019-01-25 Almost 650 000 men and women approximately the size of the city of Memphis TN return home from prison every year Oftentimes with some pocket change and a bus ticket they reenter society and struggle to find work housing a supportive social network Economic barriers the stigma of a felony conviction and mental health and addiction challenges make reentry a bleak picture leading some to return to a life of crime A Department of Justice study of 404 638 inmates in 30 states released in 2005 for example identified that 68 percent were rearrested within 3 years and 77 percent within 5 years of release Education and workforce readiness programs must be central components in better preparing individuals to successfully reenter society and stay out of prison This book compiles chapters written by individuals on the right and the left of the political spectrum and within and outside the fields of prison education and reentry that address this need for reform Chapters feature the voices of prominent national figures pushing for reform current and former students who have benefitted from an education program while in prison those teaching or managing educational programs within prison and researchers entrepreneurs and policy influencers *Prisoners' Rights* John Kleinig, 2017-07-05 This volume brings together a selection of the most important published research articles from the ongoing debate about the moral rights of prisoners The articles consider the moral underpinnings of the debate and include framework discussions for a theory of prisoners rights as well as several international documents which detail the rights of prisoners including women prisoners Finally detailed analysis of the moral bases for particular rights relating to prison conditions covers areas such as health solitary confinement recreation work religious observance library access the use of prisoners in research and the disenfranchisement of prisoners **Mass Incarceration in the 21st Century** Addrain Conyers, Vanessa Lynn, Margaret Leigey, 2023-09-15 This reader presents a comprehensive review of the research on mass incarceration as it relates to causes impact and solutions Assembling contributions from leading experts in a variety of disciplines as well as the voices of directly impacted people the editors have created a diverse collection of chapters addressing prison punishment incarceration reentry and reintegration embedded in the context of the ever evolving discussion around ending mass incarceration The effects of the exponential prison growth in the United States over more than 50 years have been catastrophic resulting in disparities that especially plague the poor communities of color and women Mass incarceration is a culmination of policies and practices that benefit the privileged praxis and consequently disproportionately disenfranchise marginalized communities The ideology affects every stage of the

criminal justice system from policing to release and this book meets the need to expand the examination beyond departments of corrections to explore the administration behind laws biased practices and an unforgiving societal stigma It deepens comprehension and engagement with concise and accessible readings that offer nuance and provoke thought The book is ideal as a primary or supplementary textbook for corrections prisons or penology courses as well as courses focused on law policy sociology social work and social justice It also will serve as a valuable reference book for any individual searching for knowledge on the past present and future of mass incarceration *Colleges with Fences* Brian E. Simms,1987 **Civil**

Rights and Federal Higher Education Nicholas Hillman,Gary Orfield,2022-08-23 Civil Rights and Federal Higher Education offers a renewed vision for higher education policy making presenting an incisive analysis of the connections between educational politics and educational inequality With a view toward the future the editors assert that the thoughtful application of evidence based solutions to complex policy problems can help establish a more just and equitable system of higher education Edited by Nicholas Hillman and Gary Orfield the volume focuses on federal policy debates that have significant racial and socioeconomic implications linking civil rights reforms to contemporary higher education policy issues Through a mix of history and current events the chapters highlight how policy has strayed from the Higher Education Act s intended trajectory of promoting and protecting civil rights This drift the editors show has created far reaching consequences for students of color low income students and incarcerated students in addition to the colleges that serve them Deftly identifying the social justice dimensions of today s federal policies the editors reveal how certain political influences have preserved the interests of powerful and historically advantaged stakeholders often at the expense of those who are less powerful and most disadvantaged With great insight the book s contributors explore higher education issues such as enrollment at Minority Serving Institutions for profit college outcomes and legal and academic perspectives on affirmative action Perhaps more importantly Civil Rights and Federal Higher Education provides guidance on what can be done to course correct The book offers short and long term policy prescriptions and policy alternatives to help legislative staffers policy analysts and researchers plot a way forward
