Private Libraries in Renaissance England ,1992 Private Libraries in Renaissance England and Catalogue of Tudor and Early Stuart Book-lists ,1993 **Private Libraries in Renaissance England** ,1994 **Private Libraries and their Documentation, 1665-1830** Rindert Jagersma, Helwi Blom, Evelien Chayes, Ann-Marie Hansen, 2023-11-07 The essays in *Private Libraries and their Documentation* revolve around the users and contents of early modern private book collections and around the sources used to document and study these collections They take the reader from large scale projects on historical book ownership to micro level research conducted on individual libraries and from analyses of specific types of primary sources to general typologies and overviews by period and by region As a result of its comparative approach and active engagement with questions regarding the nature selection and accessibility of sources the volume serves as a guide to sources and resources in different regions as well as to state of the art methods and interpretational approaches Publication of this volume in open access was made possible by the Ammodo KNAW Award 2017 for Humanities **Private Libraries in Renaissance England** ,1995 **Poetry and Vision in Early Modern England** Jane Partner, 2018-04-09 This book reveals the ways in which seventeenth century poets used models of vision taken from philosophy theology scientific optics political polemic and the visual arts to scrutinize the nature of individual perceptions and to examine poetry's own relation to truth Drawing on archival research *Poetry and Vision in Early Modern England* brings together an innovative selection of texts and images to construct a new interdisciplinary context for interpreting the poetry of Cavendish Traherne Marvell and Milton Each chapter presents a reappraisal of vision in the work of one of these authors and these case studies also combine to offer a broader consideration of the ways that conceptions of seeing were used in poetry to explore the relations between the inward life of the viewer and the outward reality that lies beyond terms that are shown to have been closely linked through ideas about sight with the emergence of the fundamental modern categories of the subjective and objective This book will be of interest to literary scholars art historians and historians of science *Lily's Grammar of Latin in English: An Introduction of the Eyght Parties of Speche, and the Construction of the Same* William Lily, 2013-06-27 This is an edition of the sixteenth century Latin grammar which became by Henry VIII's acclamation the first authorized text for the teaching of Latin in grammar schools in England It deeply influenced the study of Latin and the understanding of grammar This edition includes chapters on its origins composition and subsequent history Sir Philip Sidney and the Circulation of Manuscripts, 1558-1640 H. R. Woudhuysen, 1996-05-23 This is the first modern study of the production and circulation of manuscripts during the English Renaissance H R Woudhuysen examines the relationship between manuscript and print looks at people who lived by their pens and surveys authorial and scribal manuscripts paying particular attention to the copying of verse plays and scholarly works by hand It investigates the professional production of manuscripts for sale by scribes such as Ralph Crane and Richard Robinson The second part of the book examines Sir Philip Sydney's works in the context of Woudhuysen's

research discussing all Sidney's important manuscripts and seeking to assess his part in the circulation of his works and his role in the promotion of a scribal culture. A detailed examination of the manuscripts and early prints of his poems, his *Arcadias* and of *Astrophil and Stella*, shed new light on their composition, evolution and dissemination as well as on Sidney's friends and admirers.

Graven With Diamonds Nicola Shulman, 2013-02-05. In this thrillingly entertaining book Nicola Shulman interweaves the bloody events of Henry VIII's reign with the story of English love poetry and the life of its first master. Henry VIII's most glamorous and enigmatic subject, Sir Thomas Wyatt, poet, statesman, spy, lover of Anne Boleyn and favorite both of Henry VIII and his sinister minister Thomas Cromwell, the brilliant Wyatt was admired and envied in equal measure. His love poetry began as risqué entertainment for ambitious men and women at the slippery top of the court. But when the axe began to fall and Henry VIII's laws made his subjects fall silent in terror, Wyatt's poetic skills became a way to survive. He saw that a love poem was a place where secrets could hide. *'Who the Devil taught thee so much Italian?'* Jason Lawrence, 2013-07-19.

This book offers a comprehensive account of the methods and practice of learning modern languages, particularly Italian, in late sixteenth and early seventeenth century England. It is the first study to suggest a fundamental connection between language learning habits and the techniques for both reading and imitating Italian materials employed by a range of poets and dramatists such as Daniel, Drummond, Marston and Shakespeare in the period. The widespread use of bilingual parallel text instruction manuals from the 1570s onwards, most notably those of the Italian teacher John Florio, highlights the importance of translation in the language learning process. This study emphasises the impact of language learning translation on contemporary habits of literary imitation in its detailed analyses of Daniel's sonnet sequence *Delia* and his pastoral tragicomedies and Shakespeare's use of Italian materials in *Measure for Measure* and *Othello*.
