Dimitroff PhD, 2012-03-13 Venus has always been associated with the feminine in astrology and in culture yet little emphasis is placed upon the wisdom aspect of the planet

With the cycles of Venus we are given insight into the unfolding of wisdom within ourselves and society especially with the cycle of Venus inferior conjunctions the so called 2nd order cycle of the planet In her timely and much needed work Firegazing Gail has brilliantly outlined the meaning and import of these cycles and the deeper meaning of a planet that often only receives a passing notice in astrology yet is so intimately connected with our own lives and what it is to be human When Venus passes across the face of the solar orb we are given opportunity to gaze into the very fire of the soul itself Well done Gail Malvin Artley

Experiences With The Jesus Prayer And Guidelines For Its Luis S. R. Vas,2002 *The Writer's Way in France* Robert Greer Cohn,2016-11-11 This book is an attempt to present a new integral approach to French literature Acknowledging his debts to numerous post Hegelian philosophers or psychologists and modern critics Professor Cohn offers a lucid and swift paced account of an original view of literature which bears particular kinship to the artistic visions of Joyce Mallarm and Proust In Part I the creative temperament is defined in terms of a subtly recognizable rhythm of human nature which appears in varying forms or syncopations In Part II the evolution of the rhythm is followed through changing themes images styles and genres from the earliest known native origins to the crowning work of the Symbolists Parts I and II together constitute a method the purpose of which is to maintain as tactfully as possible a sense of direction as we move through the complexities of lively art The method is brought to bear on extensive texts in Part III with closely detailed studies of Rimbaud and Proust These individual studies are offered as examples more are promised in subsequent volumes In addition the present state of criticism is discussed in an Introduction lengthy appendices are devoted to some important modes of lyric poetry and the author s precritical or epistemological concepts and a briefer appendix takes up the idea of Progress in Art The Writer s Way in France is a work of unusual perception of great importance to all students of literature who are interested in fresh ideas and methods

Colourworks Susan Harrow,2020-12-10 How do modern writers write colour How do today s readers respond to the invitation to think colour as they read poetry and art writing and explore paintings To what extent can critical thought on colour in visual media illuminate the textual life of colour These are some of the lines of enquiry pursued in this bold new study of modern poetry and art writing in French where colour Susan Harrow argues is integral to the exploration of ekphrasis objects bodies landscape and interiority The question of colour in a variety of disciplines and media has provoked debate from Aristotle to Goethe and from Baudelaire to Derek Jarman If the past twenty years have witnessed a colour turn in contemporary cultural studies and screen research colour values in literary and textual media are often elided or simply overlooked Colourworks tackles this lacuna in the study of modern poetry and art writing in French revealing the integral role of colour in the work of three iconic French writers in the modern tradition St phane Mallarm Paul Val ry and Yves Bonnefoy This book spans the broad modern period from the 1860s to the early twenty first century in taking an exploratory approach to the viscosity of the verbal medium through an adventurous reading of text and image Harrow uncovers how colour moves and morphs in texts as it challenges the

traditionalist containments of chromatic symbolism Beyond its primary area of investigation in modern poetry and art writing in French this richly colour illustrated study has significant interdisciplinary implications conceptual methodological and practical for the study of visuality in humanities research from literature studies to material and visual culture studies

Liquidation World Alexi Kukuljevic, 2017-09-15 An examination of the disoriented subject of modernity a dissolute figure who makes an object of its absence from Baudelaire to Broodthaers In *Liquidation World* Alexi Kukuljevic examines a distinctive form of subjectivity animating the avant garde that of the darkly humorous and utterly disoriented subject of modernity a dissolute figure that makes an art of its own vacancy an object of its absence Shorn of the truly rotten illusion that the world is a fulfilling and meaningful place these subjects identify themselves by a paradoxical disidentification through the objects that take their places They have mastered the art of living absently of making something with nothing Traversing their own morbid obsessions they substitute the nonsensical for sense the ridiculous for the meaningful Kukuljevic analyzes a series of artistic practices that illuminate this subjectivity ranging from Marcel Duchamp's *Three Standard Stoppages* to Charles Baudelaire's *melancholia* He considers the paradox of Duchamp's apparatus in the *Stoppages* and the strange comedy of Marcel Broodthaers's relation to the readymade the comic subject in Jacques Vach and the ridiculous subject in Alfred Jarry the nihilist in Paul Valéry's *Monsieur Teste* Oswald Wiener's interpretation of the dandy and Charles Baudelaire as a happy melancholic Along the way he also touches on the work of Thomas Bernhard Andy Kaufman Buster Keaton and others Finally he offers an extended analysis of Danny's escape from his demented father in Stanley Kubrick's *The Shining* Each of these subjects is in Freud's terms sick sick in the specific sense that they assume the absence of meaning and the liquidation of value in the world They concern themselves with art without assuming its value or meaning Utterly debased fundamentally disoriented they take the void as their medium

Dongshan's Five Ranks Ross Bolleter, 2014-05-20 The first in depth English commentary on the Five Ranks a core text of the Zen tradition that teaches what can't be taught which contains new translations of all of the key texts of the Five Ranks cycle We imagine ourselves and the universe to be distinct but within us glimmers the suspicion that we are in fact intimately connected and inseparable from all that there is The dawning and expansion of such awareness is called enlightenment In his masterwork a suite of dialectical works known collectively as the Five Ranks Dongshan a Zen master of Old China approaches enlightenment from five angles using paradox and poetry to lay out a multifaceted path whereby we might discover enlightenment within this very moment Ross Bolleter Roshi assembles and provides commentary on all of the core texts of the Five Ranks including the precursors that inspired it and works inspired by it Approaching the Five Ranks from a rich and sophisticated koan perspective Bolleter Roshi augments his explanations of the works with liberal doses of humor and storytelling bringing this esteemed classic to life Each part of the Five Ranks focuses differently on the relationship between the timeless realm of our essential natures and the contingent realm of life and death They encourage us to transcend naive individualism and to bring

our best qualities of compassion and wisdom intimately into our daily lives In this regard Dongshan s Five Ranks lays out the path that every student of the Way must traverse on the journey to becoming a teacher Mysticism and Its Nature; The Main Directions of Ancient Church Mysticism Pyotr M. Minin, **The Zohar** ,2003-10-28 The first two volumes of The Zohar Pritzker Edition translated with commentary by Daniel C Matt cover more than half of the Zohar s commentary on the Book of Genesis through Genesis 32 3 This is the first translation ever made from a critical Aramaic text of the Zohar which has been established by Professor Matt based on a wide range of original manuscripts The extensive commentary appearing at the bottom of each page clarifies the kabbalistic symbolism and terminology and cites sources and parallels from biblical rabbinic and kabbalistic texts The translator s introduction is accompanied by a second introduction written by Arthur Green discussing the origin and significance of the Zohar For ancillary materials including the Aramaic text please visit SUP s Zohar Home Page www.sup.org/zohar Further information on the Zohar Sefer ha Zohar The Book of Radiance has amazed and overwhelmed readers ever since it emerged mysteriously in medieval Spain toward the end of the thirteenth century Written in a unique Aramaic this masterpiece of Kabbalah exceeds the dimensions of a normal book it is virtually a body of literature comprising over twenty discrete sections The bulk of the Zohar consists of a running commentary on the Torah from Genesis through Deuteronomy This translation begins and focuses here in what are projected to be ten volumes Two subsequent volumes will cover other shorter sections The Zohar s commentary is composed in the form of a mystical novel The hero is Rabbi Shim on son of Yohai a saintly disciple of Rabbi Akiva who lived in the second century in the land of Israel In the Zohar Rabbi Shim on and his companions wander through the hills of Galilee discovering and sharing secrets of Torah On one level biblical figures such as Abraham and Sarah are the main characters and the mystical companions interpret their words actions and personalities On a deeper level the text of the Bible is simply the starting point a springboard for the imagination For example when God commands Abraham Lekh lekha Go forth to the land that I will show you Genesis 12 1 Rabbi El azar ignores idiomatic usage and insists on reading the words more literally than they were intended hyperliterally Lekh lekha Go to yourself Search deep within to discover your true self At times the companions themselves become the main characters and we read about their dramatic mystical sessions with Rabbi Shim on or their adventures on the road for example an encounter with a cantankerous old donkey driver who turns out to be a master of wisdom in disguise Ultimately the plot of the Zohar focuses on the ten sefirot the various stages of God s inner life aspects of divine personality both feminine and masculine By penetrating the literal surface of the Torah the mystical commentators transform the biblical narrative into a biography of God The entire Torah is read as one continuous divine name expressing divine being Even a seemingly insignificant verse can reveal the inner dynamics of the sefirot how God feels responds and acts how She and He the divine feminine and masculine relate intimately with each other and with the world **Mutative Metaphors in Psychotherapy** Murray Cox,Alice Theilgaard,1997 The authors look at how literary material can be incorporated into therapy and show that
