Congress. Senate. Committee on Government Operations, 1969 Queen Mother Ashley D. Farmer, 2025-11-04 From an award winning historian of Black radical politics comes the definitive biography of Audley Moore mother of modern Black Nationalism and trailblazer in the fight for reparations Queen Mother is a monumental achievement a rendering worthy of the great Audley Moore herself Jelani Cobb Dean of the Columbia School of Journalism In the world of Black radical politics the name Audley Moore commands unquestioned respect Across the nine decades of her life Queen Mother Moore distinguished herself as a leading progenitor of Black Nationalism the founder of the modern reparations movement and from her Philadelphia and Harlem homes a

mentor to some of America's most influential Black activists. And yet she is far less remembered than many of her peers and protégés Marcus Garvey, Malcolm X, and Muhammad Ahmad, to name just a few, and the ephemera of her life are either lost or plundered. In Queen Mother, celebrated writer and historian Ashley D. Farmer restores Moore's faded portrait, delivering the first ever definitive account of her life and enduring legacy. Deeply researched and richly detailed, Queen Mother is more than just the biography of an American icon. It's a narrative history of 20th-century Black radicalism told through the lens of the woman whose grit and determination sustained the movement. *Albania's Mountain Queen* Marcus Tanner, 2014-04-21

Whilst young ladies in the Victorian and Edwardian eras were expected to have many creative accomplishments, they were not expected to travel unaccompanied and certainly not to the remote corners of Southeast Europe, then part of the crumbling Ottoman Empire. But Edith Durham was no ordinary lady. In 1900, at the age of 37, Durham set sail for the Balkans for the first time. Her trip was intended as a means of recovering from a period of ill health and as a break from the stifling monotony of caring for her ailing mother. Her experiences on this trip were to change the course of her life, kindling a profound love for the region which saw her return frequently in the following decades. She became a confidante of the King of Montenegro, ran a hospital in Macedonia, and following the outbreak of the First Balkan War in 1912 became one of the world's first female war correspondents. Back in England, she was renowned as an expert on the region, writing the highly successful book *High Albania*, and along with other aficionados such as the MP Aubrey Herbert, becoming an advocate for the people of the Balkans in British political life and society. King Zog of Albania once said that before Durham visited the Balkans, Albania was but a geographical expression. By the time she left, he added her, his compatriots' desire for freedom had helped add a new state to the map. Durham was tremendously popular in the region itself, earning her the affectionate title Queen of the Mountains and an enduring legacy which continues unabated until this day. Yet she has been all but forgotten in the country of her birth. Marcus Tanner here tells the fascinating story of Durham's relationship with the Balkans, painting a vivid portrait of a remarkable and sometimes formidable woman who was several decades ahead of her time. *New York Magazine*, 1994-03-28

New York Magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea. **Queen of Spies** Paddy Hayes, 2016-01-19 This fascinating and long overdue biography reveals the remarkable life of a Baroness who was one of Britain's most celebrated spies. Washington Post From living in a shack in Tanzania to becoming Baroness Park of Monmouth, Daphne Park led a most unusual life, one that consisted of a lifelong love affair with the world of Britain's secret services. In the 1970s, she was appointed to Secret Intelligence Service's most senior operational rank as one of its seven Area Controllers. In *Queen of Spies*, Paddy Hayes recounts the evolution of the British Secret Intelligence Service.

SIS from World War II to the Cold War through the eyes of Daphne Park one of its outstanding and most unusual operatives It is a fascinating and intimate narrative of how the modern SIS went about its business whether in Moscow Hanoi or the Congo and shows how Park was able to rise through the ranks of a field that had been comprised almost entirely of men Queen of Spies captures all the paranoia isolation and deception of Cold War intelligence work and combines it with the personal story of one extraordinary woman trying to navigate this secretive world It is as exciting as any good spy thriller but it s all true Kirkus starred review
