successful people and shows how you too can become The Richest Man in Town *The Seven Basic Plots* Christopher
Booker, 2004-01-01 This book at last provides a comprehensive answer to the age old riddle of whether there are only a small
number of basic stories in the world Using a wealth of examples from ancient myths and folk tales via the plays and novels of
great literature to the popular movies and TV soap operas of today it shows that there are seven archetypal themes which
recur throughout every kind of storytelling But this is only the prelude to an investigation into how and why we are
programmed to imagine stories in these ways and how they relate to the inmost patterns of human psychology Drawing on a
vast array of examples from Proust to detective stories from the Marquis de Sade to E T Christopher Booker then leads us
through the extraordinary changes in the nature of storytelling over the past 200 years and why so many stories have lost the
plot by losing touch with their underlying archetypal purpose BOOK JACKET Title Summary field provided by Blackwell
