Discusses the concepts of home house and household in past societies Because archaeology seeks to understand past societies the concepts of home house and household are important Yet they can be the most elusive of ideas Are they the space occupied by a nuclear family or by an extended one Is it a built structure or the sum of its contents Is it a shelter against the elements a gendered space or an ephemeral place tied to emotion We somehow believe that the household is a basic unit of culture but have failed to develop a theory for understanding the diversity of households in the historic and prehistoric periods In an effort to clarify these questions this volume examines a broad range of households a Spanish colonial rancho along the Rio Grande Andrew Jackson s Hermitage in Tennessee plantations in South Carolina and the Bahamas a Colorado coal camp a frontier Arkansas farm a Freedman s Town eventually swallowed by Dallas and plantations across the South to define and theorize domestic space The essays devolve from many disciplines but all approach households from an archaeological perspective looking at landscape analysis excavations reanalyzed collections or archival records Together the essays present a body of knowledge that takes the identification analysis and interpretation of households far beyond current conceptions **Railfan ,1977** **Railfan & Railroad ,1992**
