Railway Walks Lms:

Railway Walks Jeff Vinter,1990-01-01 **The Railway Magazine** ,1928 **The Penance Walk** John Mannering Harrison,2010-02-26 A true story From a stern Irish and English upbringing nine year old John was placed in a Roman Catholic Boarding School in England in the early years of the Second World War The heavy discipline meted out by the Catholic Teaching Order of Priests who ran St Michael s College and the viciousness practiced by the older boys was almost unbearable He was soon befriended by one of the priests his Form s English Master He did not realize that the attention he was receiving was due to the priest s physical attraction towards him but was pleased to have the attention of a sensitive father figure as his own father had died before the war When invited to stay during a summer school holiday at the Order s Novitiate College housed in a rambling Elizabethan country mansion the relationship came to a climax when the sexual advances by the priest increased and became intolerable The boy s mindset now believed that he was committing a series of mortal sins and was scared that he d be damned to Hell for eternity He felt a strong urge to go to Confession but whom could he trust With a stoicism developed during those early days at St Michael s he was determined to stop the sexual part of their relationship and eventually taught the priest a lesson he would never forget Concerning the title The Penance Walk was an exposed paved rose garden in front of the school where boys were sent in all weathers to memorize a lesson they had failed to do correctly until it was recited word perfect *The Future of the Railways* Ashley Brown,1928 **Electric Railways** Michael C. Duffy,2003-02-11 *Electric Railways 1880 1990* explores the history of the integration of both electric and diesel electric railway systems and identifies the crucial role that diesel electric traction played in the development of wireless electrification The evolution of electrical technology and the modern railway produced innovations in engineering that were integral to the development of traction power and signalling systems This book presents a thorough survey of electric railway development from the earliest days pf the London Underground to modern electrified main line trains The distinction between enforced electrification and economic electrification is also discussed and the pioneering role of J J Heilmann assessed **Railway Posters 1923-1947** Beverley Cole,Richard Durack,1992 Between 1923 and 1947 the railway poster in Britain was in its heyday These were the years of the so called Big Four companies the Great Western Railway Southern Railway London Midland and Scottish Railway and London and North Eastern Railway In the competition for passengers each of the companies developed its own distinctive style of poster advertising This book contains over 200 of the most striking and innovative designs of the period *Railway Age* ,1931 **Railway Gazette. [Weekly].** ,1928 *Female Railway Workers in World War II* Susan Major,2018-08-30 During World War II women took on railway roles which were completely new to females They worked as porters and guards on the permanent way and in maintenance and workshop operations In this book Susan Major features the voices of women talking about their wartime railway experiences using interviews by the Friends of the National Railway Museum Many were working in men s jobs or working with men for the

first time and these interviews offer tantalising glimpses of conditions sometimes under great danger What was it about railway work that attracted them It s fascinating to contrast their voices with the way they were portrayed in official publicity campaigns and in the light of attitudes to women working in the 1940s These women talk about their difficulties in a workplace not designed for women no toilets for example the attitudes of their families what they thought about American GIs and Italian POWs how they coped with swearing and troublesome colleagues rules about stockings They describe devastating air raids and being thrust into tough responsibilities for the first time This book fills a gap as most books on women s wartime roles focus on the military services or industrial work It offers valuable insights into the perceptions and concerns of these young women As generations die out and families lose a direct connection it becomes more important to be able to share their voices with a wider audience

[Rambling in Monmouthshire - A Historical Walking Guide to the Trails and Paths of Wales](#) Various,2013-05-31 The boundary of the county that lies near Gloucestershire shares some of its neighbour s popularity and a little of its speech Chepstow with its castle and magnificently wooded banks of the Wye is justly famous but the walking country around Newport is often neglected not only by its residents but by passing visitors too What endless possibilities there are of walks in contrasting scenery the hills of the Mynydd Maen range the marshes lush fields and shady woods to mention just a few of the ever changing scenes The main rivers of the county are the Wye Usk Ebbw and Rhymney The Usk and its tributaries will be the main waterways in the walks described hereafter particularly the Soar Brook and the Olway and the turbulent Afon Llwyd
