Squeeze This! Marion Jacobson,2012-03-15 No other instrument has witnessed such a dramatic rise to popularity and precipitous decline as the accordion *Squeeze This* is the first history of the piano accordion and the first book length study of the accordion as a uniquely American musical and cultural phenomenon Ethnomusicologist and accordion enthusiast Marion Jacobson traces the changing idea of the accordion in the United States and its cultural significance over the course of the twentieth century From the introduction of elaborately decorated European models imported onto the American vaudeville stage and the instrument s celebration by ethnic musical communities and mainstream audiences alike to the accordion infused pop parodies by Weird Al Yankovic Jacobson considers the accordion s contradictory status as both an outsider instrument and as a major force in popular music in the twentieth century Drawing on interviews and archival investigations with instrument builders and retailers artists and audiences professionals and amateurs *Squeeze This* explores the piano
