The 12 topics included in Teaching Lifetime Outdoor Pursuits represent the outdoor pursuits that show the greatest growth in traditional PE programs. With each pursuit, students can challenge themselves and spend time outside of the customary classroom context while sharing an adventure with their teachers that can create a profoundly different student-teacher relationship. Teaching Lifetime Outdoor Pursuits is a comprehensive resource whose ideas and content can be incorporated into a traditional PE program regardless of geographic location. The activities for each pursuit align with NASPE content standards. For each pursuit, you are given detailed information on equipment needed, basic skills and techniques required, teaching strategies, safety considerations, and additional resources. In addition, Teaching Lifetime Outdoor Pursuits offers clear instruction on what to teach, how to teach it, and how to assess student learning. An attached CD-ROM that supplies objectives, sample lessons, sample assessments, and universal programming ideas for each outdoor pursuit presented in the book, and information to help you advocate for adding outdoor activities to your program.
