of news nature sports history fiction science comics and Scouting *The Works of Daniel De Foe* Daniel Defoe,1840 *The Eisenhower Presidency* Andrew J. Polsky,2015-11-30 We are in the midst of a Dwight Eisenhower revival Today pundits often look to Eisenhower as a model of how a president can govern across party lines and protect American interests globally without resorting too quickly to the use of force Yet this mix of nostalgia and frustration with the current polarized state of American politics may mislead us Eisenhower s presidency has much to teach us today about how a president might avert crises and showdowns at home or abroad But he governed under conditions so strikingly different from those a chief executive faces in the early 21st century that we need to question how much of his style could work in our own era The chapters in this volume address the lessons we can draw from the Eisenhower experience for presidential leadership today Although most of the authors find much to admire in the Eisenhower record they express varying opinions on how applicable his approach would be for our own time On one side they appreciate his limited faith in the power of his words to move public opinion and his reluctance to turn to the use of force to solve international problems On the other side it was plain that Ike s exercise of hidden hand leadership in Fred Greenstein s evocative term would not be possible in the modern media environment that makes Washington a giant fishbowl and instant revelation an acceptable norm Both Eisenhower admirers and skeptics and many of the authors are both will find much in these essays to reinforce their preconceptions and much that is unsettling Eisenhower emerges as an effective but flawed leader He was in many ways the right man for his time but limited because he was also a man of his time **The Works of Daniel Defoe** Daniel Defoe,William Hazlitt,1840 **LIFE**,1957-10-21 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use *LIFE*,1954-11-29 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use **Childhood, Agency, and Fantasy** Ingrid E. Castro,2021-01-12 Joining the emergent interdisciplinary investment in bridging the social sciences and the humanities Childhood Agency and Fantasy Walking in Other Worlds explores linkages between children s agency and fantasy Fantasy as an integral aspect of childhood and as a genre allows for children s spectacular dreams and hopeful realities Friendship family identity loyalty belongingness citizenry and emotionality are central concepts explored in chapters that are anchored by humanities texts of television film and literature but also by social science qualitative methods of participant observation and interviews Fantasy has the capacity to be a revolutionary change agent that in its modernity can creatively reflect critique or reimagine the social political and cultural norms of our world Such promise is also found to be true of children s agency wherein children s beings and becomings rooted in childhood s freedoms and constraints result

in a range of outcomes In the endeavor to broaden theory and research on children s agency fantasy becomes a point of possibility with its expanding subjectivities far reaching terrain and spirit of adventure
