when Motown was not only the dominant force in its home city of Detroit but carried The Sound of Young America all around the world The kind of music that had them Dancing In the Street from Los Angeles to London Miami to Munich and San Francisco to Sydney It was the kind of music that attracted scores of imitators some good some not so good The kind of music that appealed to the public and presidents alike and still does It was that Motown that this book was intended to be about However when you start digging deeper into the Motown story you realise that throughout its life which for the purposes of this book is its formation in 1959 through to its sale in 1988 it was constantly trying other musical genres looking to grab hits out of jazz country pop rock middle of the road and whatever else might be happening at the time Of course it wasn't particularly successful at some of the other genres although those who claim Motown never did much in the rock market conveniently overlook the healthy sales figures achieved by Rare Earth the group and focus instead on the total sales achieved on Rare Earth the label This book therefore contains biographies of all 684 artists who had releases on Motown and their various imprints as well as biographies of 16 musicians 23 producers 19 writers and 13 executives There are also details of the 50 or so labels that Motown owned licensed to or licensed from All nine films and the 17 soundtracks are also featured Every Motown single and album and EP that made the Top Ten of the pop charts in either the US or UK also have their own entries with 222 singles 84 albums and five EPs being featured Finally there are 36 other entries covering such topics as the Hollywood Walk of Fame the Motortown Revues Grammy Awards and the most played Motown songs on radio The 1 178 entries cover every aspect of Motown and more of the link between Granny in The Beverly Hillbillies and Wonder Woman of the artists from Abbey Tavern Singers to Zulema and the hits from ABC to You Really Got A Hold On Me The Motown Encyclopedia is the story of Motown Records Yesterday Today Forever Sonic Boom Peter Blecha,2009 Book The compelling saga of how one backwater music scene could produce such disparate mega talents as the Ventures Jimi Hendrix Heart Robert Cray Queensryche Sir Mix a Lot Nirvana and the legendary garage stompers the Sonics Includes 500 plus exclusive interviews with trailblazing DJs sound engineers label founders and the luminaries of Northwest rock **All Music Guide to Soul** Vladimir Bogdanov,2003-08-01 This comprehensive guide is a must have for the legions of fans of the beloved and perennially popular music known as soul and rhythm blues A member of the definitive All Music Guide series the All Music Guide to Soul offers nearly 8 500 entertaining and informative reviews that lead readers to the best recordings by more than 1 500 artists and help them find new music to explore Informative biographies essays and music maps trace R B s growth from its roots in blues and gospel through its flowering in Memphis and Motown to its many branches today Complete discographies note bootlegs important out of print albums and import only releases Extremely valuable and exhaustive The Christian Science Monitor **Catalog of Copyright Entries** Library of Congress. Copyright Office,1968 *Cold War Warriors* Ian Pearson,2021-09-01 Cold War Warriors tells the little known story of the operations by the Royal Australian Air Force s P 3 Orions during the latter years of the Cold War The aircraft s largely low profile missions usually

flown far from their base were often shrouded by confidentiality Now access to declassified documents has allowed this story to be told From the lead up to their delivery in 1968 to the end of the Cold War in 1991 from the intrigues associated with the procurement of the aircraft and subsequent upgrades to perilous moments experienced by the aircraft and their crews while conducting operations and from triumphs to tragedies Cold War Warriors documents the P 3 s service in the RAAF in the context of the unfolding domestic and international events that shaped the aircraft s evolving missions As well as being a story of the RAAF Orions and their growing capabilities Cold War Warriors is also the story of the crews who flew the aircraft Using their words Cold War Warriors faithfully describes a number of incidents both on the ground and in the air to provide a sense of the enormous breadth of service the P 3 Orion has provided to the Royal Australian Air Force to Australia and to our allies
