Winner of the 2007 Saskatchewan Book Award for Non fiction Unveils the rich history and traditions of the Hutterite people s extraordinary way of life Includes a glossary of Hutterite words and phrases family photos and a family tree In this insightful memoir venture into the hidden heart of the little known Hutterite colony Rich with memorable characters and vivid descriptions this ground breaking narrative shines a light on intolerance illuminating the simple truth that beneath every human exterior beats a heart longing for understanding and acceptance Perils of the Soul John R. Haule,1999-01-01 In this text join Jungian analyst John Haule on a tour of New Age beliefs and practices to reach a comprehensive historical perspective that shows just how far from new the New Age actually is **Great Projects** James Tobin,2012-06-12 Since the earliest days of the republic great engineering projects have shaped American landscapes and expressed American dreams The ambition to build lies as close to the nation s heart as the belief in liberty We live in a built civilization connected one to another in an enormous web of technology Yet we have all too often overlooked the role of engineers and builders in American history With glorious photographs and epic narrative sweep Great Projects at last gives their story the prominence it deserves Each of the eight projects featured in this masterful narrative was a milestone in its own right the flood control works of the lower Mississippi Hoover Dam Edison s lighting system the spread of electricity across the nation the great Croton Aqueduct the bridges of New York City Boston s revamped street system known as the Big Dig and the ever evolving communications network called the Internet Each project arose from a heroic vision Each encountered obstacles Each reveals a tale of genius and perseverance James Tobin winner of a National Book Critics Circle Award explains the four essential tasks of the engineer to protect people from the destructive force of water while harnessing it for the enormous good it can do to provide people with electricity the motive force of modern life to make great cities habitable and vital and to create the pathways that connect place to place and person to person Tobin focuses on the individuals behind our greatest structures of earth and concrete and steel James Buchanan Eads who walked on the floor of the Mississippi to learn the river s secrets Arthur Powell Davis and Frank Crowe who imagined a dam that could transform the West Thomas Edison who envisioned a new way to light the world Samuel Insull the organizational mastermind of the electrical revolution the long forgotten John Bloomfield Jervis who assured New York s future with the gift of clean water Othmar Ammann the modest Swiss American who fought his mentor to become the first engineer to bridge the lower Hudson River Fred Salvucci the antihighway rebel who transformed the face of Boston and J C R Licklider the obscure scientist who first imagined the Internet Here too are the workers who scorned hardship to turn the engineers dreams into reality deep underground and high in the sky through cold and heat and danger In Great Projects soon to be a major PBS television series by the Emmy Award winning Great Projects Film Company we share their dreams and witness their struggles we watch them create the modern world we walk through each day the city upon a hill that became our America Birder Interrupted M. Ralph Browning,2024-02-15 Inspired by Roger Tory Peterson and James Fisher s book Wild America recent high school graduate M

Ralph Browning embarked on a tightly budgeted year long trip in the US looking for birds The year was 1962 His 1955 VW Beetle broke after nine months which forced a premature end to the journey In 2005 after matters of military duty college a family and a career in birds at Smithsonian s National Museum of Natural History the author resumed the interrupted trip This time he was with the girl he d left behind in 1962 and they birded Texas the Southwest and California The author chronicles the trip with observations on birds while touching on history geology and conservation The cost of keeping alive includes periodic notes on the price of gasoline about 0 33 gallon in 1962 and food The author had earlier written to numerous birders for information about birding particular locations and many of those individuals across the country showed him birds and invited him into their homes for a gratefully appreciated warm bed and home cooking The 2005 leg of the journey was assisted by bird finding guides and the help of the legendary Jon Dunn and numerous motels

*Educating Elites* Adam Howard, Rubén A. Gaztambide-Fernández, 2010-10-16 The gaze of educational researchers has traditionally been turned down toward the experiences of communities deemed at risk presumably with the purpose of improving their plight Indeed theorizing about the relationship between education culture and society has typically emerged from the study of poor and marginalized groups in public schools Seldom have educational researchers considered class privilege and educational advantage in their attempts at understanding inequality and fomenting social justice This collection of groundbreaking studies breaks with this tradition by shifting the gaze of inquiry up toward the experiences of privilege in educational environments characterized by wealth and the abundance of material resources This edited volume brings together established and emerging scholars in education and the social sciences working critically to interrogate a diversity of educational environments serving the interests of influential groups both within and beyond schools The authors investigate the power relations that underlie various contexts of class privilege They shed light into the ways in which the success of a few relates to the failure of many

There I Grew Up William E. Bartelt, 2019-01-01 In 1859 Abraham Lincoln covered his Indiana years in one paragraph and two sentences of a written autobiographical statement that included the following We reached our new home about the time the State came into the union It was a wild region with many bears and other wild animals in the woods There I grew up William E Bartelt uses annotation and primary source material to tell the history of Lincoln s Indiana years by those who were there The book reveals through the words of those who knew him Lincoln s humor compassion oratorical skills and thirst for knowledge and it provides an overview of Lincoln s Indiana experiences his family the community where the Lincolns settled and southern Indiana from 1816 to 1830

**Texas Market Hunting** R.K. Sawyer, 2024-08-05 From its earliest days of human habitation the Texas coast was home to seemingly endless clouds of ducks geese swans and shorebirds By the 1880s Texas huntsmen or market hunters as they came to be called began providing meat and plumage for the restaurant tables and millinery salons of a rapidly growing nation A

network of suppliers packers distribution centers and shipping hubs efficiently handled their immense harvest At the peak of Texas market hunting in the late 1890s Rockport merchants shipped an average of 600 ducks a day in a five month shooting season and in the last year of legal market hunting an estimated 60 000 ducks and geese were shipped from Corpus Christi alone Market men employed efficient methods to harvest nature s bounty They commonly hunted at night often using bait to concentrate large numbers of waterfowl The effectiveness of the hunt was improved when side by side double barrel shotguns and large gauge swivel guns gave way to repeating firearms with some capable of discharging as many as eleven shells in a single volley Their methods were so efficient that by the late 1800s Texas sportsmen and others blamed the alarming decline of coastal waterfowl populations on the market hunter s occupation In 1903 after a long fight and many failures the first migratory bird game law passed the Texas legislature Though the fight would continue it was the beginning of the end of the year round slaughter Most market hunters quit and those who didn t became outlaws In this book R K Sawyer chronicles the days of market hunting along the Texas coast and the showdown between the early game wardens and those who persisted in commercial waterfowl hunting Containing an abundance of rare historical photographs and oral history Texas Market Hunting Stories of Waterfowl Game Laws and Outlaws provides a comprehensive and colorful account of this bygone period
