The Life, Times and Music of Mark Raphael Gillian Thornhill, 2012 This biography explores the life of Harris Furstenfeld born in 1900 of Polish Jewish immigrant parents into the dire poverty of London's East End Fatherless six weeks after his birth his childhood is one of hardship and deprivation yet his love of music transcends the squalor of his surroundings His mind is filled with the immovable ambition to become a concert singer no matter what the obstacles He decides to change his name to Mark Raphael and to forge a career for himself From soup kitchens and second hand clothes to direct charity bullying persistent worry about making ends meet and living through two world wars his struggles enable him to achieve his goal and much more An Open Secret Nicholas L. Syrett, 2021-04-05 In 1922 Robert Allerton described by the Chicago Tribune as the richest bachelor in Chicago met a twenty two year old University of Illinois architecture student named John Gregg who was twenty six years his junior Virtually inseparable from then on they began publicly referring to one another as father and son within a couple years of meeting In 1960 after nearly four decades together and with Robert Allerton nearing ninety they embarked on a daringly nonconformist move Allerton legally adopted the sixty year old Gregg as his son the first such adoption of an adult in Illinois history An Open Secret tells the striking story of these two iconoclasts locating them among their queer contemporaries and exploring why becoming father and son made a surprising kind of sense for a twentieth century couple who had every monetary advantage but one glaring problem they wanted to be together publicly in a society that did not tolerate their love Deftly exploring the nature of their design domestic and philanthropic projects Nicholas L. Syrett illuminates how viewing the Allertons as both a same sex couple and an adopted family is crucial to understanding their relationship's profound queerness By digging deep into the lives of two men who operated largely as ciphers in their own time he opens up provocative new lanes to consider the diversity of kinship ties in modern US history Sensibility and English Song Stephen Banfield, 1985 This highly acclaimed study of English song is the first detailed account of an unusually fruitful interrelationship between English music and English poetry The period covered is known as the English Musical Renaissance and runs from the last years of the nineteenth century to the Second World War Stephen Banfield traces the late flowering of Romantic impulses in solo song during these years surveying it from critical

analytical and historical angles He plots the growth of the English stylistic sensibility in song in the decades leading up to the First World War discusses in detail the plateau it reached between the wars particularly in the 1920s and shows how and why it declined as other musical concerns took the field Poets whose verse was set to music most frequently including Housman Hardy de la Mare and Yeats are treated at length as are pre eminent song composers such as Butterworth Finzi Gurney Ireland Quilter Somervell Stanford Vaughan Williams and Warlock In all more than fifty composers are discussed and numerous individual songs In the final section of the book besides providing an extensive bibliography Dr Banfield catalogues over 5 000 songs giving dates of composition and publication and much other detail listed by composer This comprehensive survey will prove an invaluable reference guide to all students of the subject **a study of the songs of Roger Quilter (1877-1953).** Trevor Hold,1978 Art Song Carol Kimball,2013-05-01 Book Art Song Linking Poetry and Music is a follow up to author Carol Kimball s bestselling Song A Guide to Art Song Style and Literature Rather than a general survey of art song literature the new book clearly and insightfully defines the fundamental characteristics of art song and the integral relationship between lyric poetry and its musical settings Topics covered include poetry basics for singers exercises for singers in working with poetry insights into composers musical settings of poetry building recital programs performance suggestions and recommended literature for college and university classical voice majors The three appendices address further aspects of poetry guidelines for creating a recital program and representative classical voice recitals of various descriptions Art Song Linking Poetry and Music is extremely useful as an unofficial text for college university vocal literature classes as an excellent resource for singers and voice teachers and of interest to all those who are fascinated by the rich legacy of the art song genre Grainger the Modernist Suzanne Robinson,Kay Dreyfus,2016-03-09 Unaccountably Percy Grainger has remained on the margins of both American music history and twentieth century modernism This volume reveals the well known composer of popular gems to be a self described hyper modernist who composed works of uncompromising dissonance challenged the conventions of folk song collection and adaptation re visioned the modern orchestra experimented with ego less composition and designed electronic machines intended to supersede human application Grainger was far from being a self sufficient maverick working in isolation Through contact with innovators such as Ferruccio Busoni L on Theremin and Henry Cowell promotion of the music of modern French and Spanish schools appreciation of vernacular jazz and folk musics as well as with the study and transcription of non Western music he contested received ideas and proposed many radical new approaches By reappraising Grainger s social and historical connectedness and exploring the variety of aspects of modernity seen in his activities in the British American and Australian contexts the authors create a profile of a composer propagandist and visionary whose modernist aesthetic paralleled that of the most advanced composers of his day and in some cases anticipated their practical experiments *All Music Guide to Classical Music* Chris Woodstra,Gerald Brennan,Allen Schrott,2005-09 Offering comprehensive coverage of classical music this guide surveys more than eleven thousand albums
