*Rudyard Kipling - Just So Stories* Rudyard Kipling, 2019-06-20

Rudyard Kipling, a great Victorian, a great writer of Empire, a great man. Rudyard Kipling was one of the most popular writers of prose and poetry in the late 19th and 20th Century and awarded the Nobel Prize for Literature in 1907. Born in Bombay on 30th December 1865, as was the custom in those days, he and his sister were sent back to England when he was 5. The ill treatment and cruelty by the couple who they boarded with in Portsmouth, Kipling himself suggested, contributed to the onset of his literary life. This was further enhanced by his return to India at age 16 to work on a local paper, as not only did this result in him writing constantly but also made him explore issues of identity and national allegiance which pervade much of his work. Whilst he is best remembered for his classic children's stories and his popular poem 'If', he is also regarded as a major innovator in the art of the short story.

*Just So Stories for Little Children* is a 1902 collection of origin stories by the British author Rudyard Kipling. Considered a classic of children's literature, the book is among Kipling's best known works. Kipling began working on the book by telling the first three chapters as bedtime stories to his daughter Josephine. These had to be told just so exactly in the words she was used to or she would complain. The stories describe how one animal or another acquired its most distinctive features, such as how the leopard got his spots. For the book, Kipling illustrated the stories himself. The stories have appeared in a variety of adaptations, including a musical and animated films. Evolutionary biologists have noted that what Kipling did in fiction, they have done in reality, providing explanations for the evolutionary development of animal features.
