Studying the Event Film Harriet Margolis,2008 In an increasingly global market the Hollywood film industry is evolving rapidly Once a stand alone entity the Hollywood blockbuster is now integrated more closely than ever with the internet computer games and news media This growing synergy has given rise to a new phenomenon the event film As a work that transcends the boundaries and expectations of conventional film Peter Jackson s epic trilogy The Lord of the Rings makes a perfect case study for this emerging phenomenon In a carefully structured collection of essays the authors cover every aspect of the event film from its inception through to marketing of the finished product The financial implications of planning and producing an event film are examined with clear analyses of tax breaks and marketing strategies Consideration is also given to the philosophical and social impact of event films including effects on national identity and tourism in an age of globalization The twenty five contributors to this volume come from an eclectic range of backgrounds but share a perspective grounded in Aotearoa New Zealand the land of Middle earth Their expertise in fields as diverse as business communications geography music film and media studies combines to provide a clear understanding of how creative industries will figure in future economics Studying the event film offers a unique entry point for studying twenty first century media and is essential reading for fans of The Lord of the Rings and for anyone interested in contemporary Hollywood as a global industrial and cultural phenomenon The British National Bibliography Arthur James Wells,2009 **The Good News of the Return of**

**the King** Michael T. Jahosky,2020-09-15 Although many people today reject Christianity for intellectual reasons greater numbers of people are rejecting Christianity because it does not engage their imagination Christians must not only demonstrate that the Christian worldview is true but that it is also good beautiful and relevant The Good News of the Return of the King The Gospel in Middle earth is a book that endeavors to show the truth goodness and beauty of Jesus Christ the gospel and the biblical metanarrative by engaging the imagination through J R R Tolkien s The Lord of the Rings as well as The Hobbit and The Silmarillion In this book I propose that J R R Tolkien s The Lord of the Rings is a story about what Jesus

parables are about the good news about the return of the king As a work of imaginative fiction similar to Jesus parables The Lord of the Rings can bypass both intellectual and imaginative objections to the gospel and pull back the veil of familiarity that obscures the gospel for many **The Publishers Weekly** ,2003 **The Lord of the Rings, the Return of the King Photo Guide** David Brawn,2003 The official children s pictorial film tie in to the key characters creatures and places in the forthcoming film The Return of the King *Finding Fatherhood* Rob Kozak,2017-11-21 When recently divorced Rob Kozak s eight year old son Bobby moves from Canada to Australia with his mother Rob s entire life changes But although his son is literally on the other side of the world Rob soon discovers that the vast distance between them is not insurmountable Originally started as a journal to help him cope with the loss as well as record the joys of yearly visits with his son Finding Fatherhood Lessons Learned from Separation is the story of how Rob managed to maintain a loving involved relationship with Bobby even at such a great distance It is also a delightful chronicle of their adventures together over six extended Australian holidays During the months he was away from Bobby a period referred to as the desert times Rob reflected on and wrote about what it takes to be a good man and a good father until he could be back in the oasis of Bobby s company Part memoir part Australian adventure and part portrait of a touching and unbreakable bond between father and son that couldn t be severed by geography Finding Fatherhood will inspire bring comfort and offer hope to parents who are separated from their children [An Abecedarian of Sacred Trees](#) Mark G. Boyer,2016-12-09 Every person has seen a tree and maybe planted or climbed one In all world religions various trees are considered sacred Trees have the ability to help us reach wholeness if we learn their wisdom and integrate it into our lives This abecedarian a book whose contents are in alphabetical order explores the spiritual growth that is possible by reflecting on the wisdom of woody plants which help humans experience the divine In these pages you can explore trees from Acacia to Zaqquum For each of the forty entries the author presents a text identifying the tree a reflective study a question for journaling or personal meditation and a concluding prayer Some trees you may have heard about and some may be new to you The spiritual life is enhanced by the trees that surround and share the earth with us while also disclosing the divine to us **The Messiah Comes to Middle-Earth** Philip Ryken,2017-11-14 Can The Lord of the Rings help us understand the Christian faith more deeply From the inaugural Hansen Lecture Wheaton College president Philip Ryken mines the riches of Tolkien s theological imagination In the characters of Gandalf Frodo and Aragorn Ryken hears echoes of the one who is the true prophet priest and king considering what that threefold office means for the calling of all Christians [Bowker's Guide to Characters in Fiction 2007](#) ,2008-02

*Heritage, Screen and Literary Tourism* Sheela Agarwal,Gareth Shaw,2017-11-15 This book examines the main issues and concepts relating to heritage screen and literary tourism HSLT and provides a comprehensive understanding and evaluation of these three forms of tourism in the context of global tourism development It analyses the demand and supply of HSLT within the frameworks provided by service dominant logic and value creation to enable a critical perspective on how HSLT

tourist experiences are created produced and shaped The volume explores the challenges which relate to the role of the consumer in the co creation of the tourist experience and the implications this has for the development marketing interpretation consumption planning and management of HSLT It will appeal to researchers and students of heritage tourism film and literary tourism media driven tourism tourism planning and destination development and management

**Catholic Literature and Film** Nancy Enright,2016-11-21 Catholic Literature and Film Incarnational Love and Suffering is meant to be considered as a work of literary criticism not film adaptation studies In it the author explores six literary works dealing with Catholic themes and the film versions of these works The discussion of the films is at the service of analyzing the texts Underlying all the discussions is an incarnational sacramental view of the texts which links to my interpretation of the film versions of them Catholic and actually any Christian interpretation of literature or film or any other art form is rooted in an iconic and sacramental understanding of imagery as a means of conveying the sacred Catholic spirituality lends itself to this sort of approach as it is deeply rooted in the ability to see sacred things through physical means A key sub theme is romantic love in connection with salvation which Charles Williams one of the Inklings the group of British writers including J R R Tolkien and C S Lewis who met and discussed literature and theology calls the theology of romantic love as well as the sub themes of redemptive suffering and grace My interest in the book is not an analysis of cinematography per se but on the films as vehicles for religious ideas What makes this approach unique is that it doesn t deal with only faith and film as Peter Frazer does very well in his book Images of the Passion The Sacramental Mode in Film for example it also goes beyond the realm of strict literary criticism in its tackling of how religiously oriented works of literature are affected by the transformation into film

**Film-Induced Tourism** Sue Beeton,2016-09-15 This research based monograph presents an introduction to the concept of film induced tourism building on the work of the seminal first edition Many new case studies exploring the relationship between film and TV and tourism have been added and existing cases have been updated The book incorporates studies on film studio theme parks the impact of film induced tourism on communities and the effect of film on tourists behaviour It introduces new content including film induced tourism in non Western cultures movie tours and contents tourism The book is an essential resource for postgraduate students and researchers in the fields of tourism film and media studies

**The Practice of Light** Sean Cubitt,2014-09-05 An account of Western visual technologies since the Renaissance traces a history of the increasing control of light s intrinsic excess Light is the condition of all vision and the visual media are our most important explorations of this condition The history of visual technologies reveals a centuries long project aimed at controlling light In this book Sean Cubitt traces a genealogy of the dominant visual media of the twenty first century digital video film and photography through a history of materials and practices that begins

with the inventions of intaglio printing and oil painting Attending to the specificities of inks and pigments cathode ray tubes color film lenses screens and chips Cubitt argues that we have moved from a hierarchical visual culture focused on semantic values to a more democratic but value free numerical commodity Cubitt begins with the invisibility of black then builds from line to surface to volume and space He describes Rembrandt s attempts to achieve pure black by tricking the viewer and the rise of geometry as a governing principle in visual technology seen in D rer Hogarth and Disney among others He finds the origins of central features of digital imaging in nineteenth century printmaking examines the clash between the physics and psychology of color explores the representation of space in shadows layers and projection discusses modes of temporal order in still photography cinema television and digital video and considers the implications of a political aesthetics of visual technology     **Library Journal** ,2004
