Lord Shaftesbury 1923:

Lord Shaftesbury John Wesley Bready,1927 *Lord Shaftesbury and Social-Industrial Progress* J. Wesley Bready,2025-02-01 Originally published in 1926 this volume is much more than a biography of an outstanding politician social reformer and philosopher It provides an analysis of the history of social conditions in England during the nineteenth century as well as a discussion of the development of social affairs and the inertia of political psychology The role that faith and religion played in motivating Lord Shaftesbury s desire for social reform is also discussed as is the ways in which he and John Wesley transformed the social and ethical ideas of England to enshrine in law many of the working conditions that we take for granted today such as defined hours of work and rest periods **Lord Shaftesbury and Social-industrial Progress** John Wesley Bready,1927 The Hammonds Stewart Angus Weaver,1997 Here for the first time is the story of one of history s great scholarly and marital collaborations J L and Barbara Hammond were among the most innovative and influential historians of the twentieth century Between 1911 and 1934 they wrote eight books together that amount in effect to the first sustained social history of modern England Three of their books in particular *The Village Labourer* 1911 *The Town Labourer* 1917 and *The Skilled Labourer* 1919 not only anticipated what came to be known as history from below but also permanently changed the way most people think about the Industrial Revolution which they defined in the apocalyptic terms to which we have become accustomed The Hammonds were also public figures prominently involved along with L T Hobhouse J A Hobson C P Scott and others in the definition and dissemination of the new liberalism From the point of involvement in the politics of one century they helped give enduring historical shape to another and thus exercise like their friends Sidney and Beatrice Webb a dual fascination Of the two Hammonds J L was the more prolific writing six books on his own and serving as a political journalist for virtually his entire professional life which saw him intervene editorially in every public crisis from the Boer War to the Second World War Ireland was after the Industrial Revolution arguably his greatest passion one to which he devoted much of his editorial life and his supreme literary effort *Gladstone and the Irish Nation* 1938 Barbara Hammond was an accomplished classicist the first woman to earn a First Class degree in Greats at Oxford She is shown here to have done much more work on the labourer books than has been previously recognized and to sustain through her letters an artful running commentary on the foibles of her age Through her especially the author evokes a radical but also doggedly Victorian sensibility that survived uneasily into the age of Bloomsbury and beyond The Hammonds were unique in the extent of their fused identity in the extent to which they became as G M Trevelyan once put it one flesh and one author The Hammonds is part dual biography part evocation of an age but it is also a study of marriage a marriage at a particular moment in history a marriage in the art and craft of history **Dictionary of British Educationists** Richard Aldrich,Peter Gordon,2016-04-01 This dictionary provides the reader with an easily accessible guide to the biographies of approximately 450 educationists It covers the period from 1800 to the present day and includes a wide range of people who were active in

History and Society R.H. Tawney,2013-04-15 R H Tawney believed that the subject of economic history raises questions which touch the fundamental concerns of all thinking people By setting economic development firmly within the framework of cultural and political life he provided an alternative to the recent fragmentation of economic history into a number of increasingly technical specialisms First published as a collection in 1978 these ten essays spanning the length of Professor Tawney s career remain as controversial and potent as ever and the original introduction by J M Winter provides the first full evaluation and significance of R H Tawney s approach to economic history Among the essays included in this volume are the indispensable studies of *The Rise of the Gentry* and *Harrington s Interpretation of His Age* as well as *The Abolition of Economic Controls* 1918 1921 here published in full for the first time Other selections such as Tawney s celebrated inaugural lecture as Professor of Economic History at the London School of Economics in 1933 the *Study of Economic History* offer a representative sample of the range and sweep of Tawney s historical imagination Taken together these essays demonstrate the validity of Tawney s conviction that economic historians must confront not only the creation of wealth but also the moral questions surrounding its distribution *Bulletin of the New York Public Library* New York Public Library,1924 Includes its Report 1896 19 Among Our Books Carnegie Library of Pittsburgh,1925 Monthly Bulletin of the Carnegie Library of Pittsburgh Carnegie Library of Pittsburgh,1925 *Catalogue of the London Library, St. James Square, London.
