

¿Qué es la Democracia Política?

Se denomina "política " a las distintas actividades que los integrantes de una sociedad realizan con el fin de organizar los asuntos públicos. Por ejemplo elegir quiénes van a gobernar o tomar decisiones sobre asuntos comunes. Por lo tanto implica la participación de los diferentes miembros de la sociedad.

*Los primeros en usar el término **Democracia** fueron los griegos en el siglo V a.de C. Ellos iniciaron este sistema político que sigue hasta hoy, aunque fue cambiando.*

En la actualidad las condiciones que requiere un régimen democrático son :

*-**Cargos públicos electos:** las decisiones políticas y administrativas de un gobierno son ejercidas desde los cargos públicos elegidos por los ciudadanos. Es decir que los gobiernos son representativos de la ciudadanía que los eligió.*

*-**Elecciones libres:** los cargos públicos son elegidos en elecciones frecuentes y libres.*

*-**Libertad de expresión:** los ciudadanos deben tener la posibilidad y el derecho de expresar sus opiniones libremente.*

*-**Acceso a diferentes fuentes de información:** deben existir diversas fuentes de información como diarios, libros, televisión, revistas. Estas no deben estar bajo control del gobierno y deben ser protegidas por la ley.*

*- **Autonomía de las asociaciones:** los ciudadanos tienen derecho a asociarse. Pueden formar y participar distintos tipos de organizaciones como partidos políticos u otros grupos de interés.*

*-**Ciudadanía:** todos los adultos que residen en el país y cumplan con las leyes deben disfrutar de los derechos contemplados en la Constitución. Cuando una persona se convierte en ciudadano político adquiere derechos políticos. Es decir la capacidad de elegir o ser elegido para los cargos públicos.*

El reto democrático.

Progresivamente la democracia se ha ido consolidando como la forma de organizar el ejercicio del poder político en muchos países del mundo.

*Pero también existen Estados donde **los derechos democráticos no son reconocidos.***

Generalmente estas formas de gobierno excluyen a la ciudadanía de la participación pública, no respetando derechos como la libertad de pensamiento y de expresión".

Movements and Democratic Transitions in South America in the XXth Century Fernando Devoto, Torcuato S. Di Tella, 1997 Questo volume intende fornire un contributo alla riflessione sulla storia politica e sociale dell'America Latina illustrando la grande varietà delle ideologie e delle storie politiche delle nazioni latino americane dall'inizio del nostro secolo sino al periodo più recente Annotation Supplied by Informazioni Editoriali **The Politics of Local Participatory**

Democracy in Latin America Françoise Montambeault, 2015-10-14 Participatory democracy innovations aimed at bringing citizens back into local governance processes are now at the core of the international democratic development agenda Municipalities around the world have adopted local participatory mechanisms of various types in the last two decades including participatory budgeting the flagship Brazilian program and participatory planning as it is the case in several Mexican municipalities Yet institutionalized participatory mechanisms have had mixed results in practice at the municipal

level So why and how does success vary This book sets out to answer that question Defining democratic success as a transformation of state society relationships the author goes beyond the clientelism democracy dichotomy and reveals that four types of state society relationships can be observed in practice clientelism disempowering co option fragmented inclusion and democratic cooperation Using this typology and drawing on the comparative case study of four cities in Mexico and Brazil the book demonstrates that the level of democratic success is best explained by an approach that accounts for institutional design structural conditions of mobilization and the configurations strategies behaviors and perceptions of both state and societal actors Thus institutional change alone does not guarantee democratic success the way these institutional changes are enacted by both political and social actors is even more important as it conditions the potential for an autonomous civil society to emerge and actively engage with the local state in the social construction of an inclusive citizenship

New Institutions for Participatory Democracy in Latin America Kenneth E. Sharpe, 2012-11-09 This volume describes and analyzes the proliferation of new mechanisms for participation in Latin American democracies and considers the relationship between direct participation and the consolidation of representative institutions based on more traditional electoral conceptions of democracy

Latin American Social Movements and Progressive Governments Steve Ellner, Ronaldo Munck, Kyla Sankey, 2022-08-30 This book examines the tensions and convergences between social movements and twenty first century progressive Latin American governments Focusing on feminist indigenous environmental rural and labor movements leading scholars present a well rounded picture on a controversial topic and argue against the accepted view that robust Latin American social movements are independent of the state This cutting edge book will be an invaluable supplement for Latin American studies and beyond for courses on democracy peace studies labor studies gender studies and ethnic studies

US Public Diplomacy and Democratization in Spain Francisco Rodriguez-Jimenez, Lorenzo Delgado, Nicholas J. Cull, 2016-04-29 When the post war relationship between Spain and America began Hitler s old ally was an unlikely candidate for US influence The Cold War changed all this Soon there were US bases on Spanish territory and a political conjuring trick was under way This volume examines the public diplomacy strategies that the US government employed to accomplish an almost impossible mission to keep a warm relationship with a tyrant without drifting apart from his opponents and to somehow pave the way for a transition to democracy The book s focus on the perspective of soft power breaks new ground in understanding US Spanish relations In so doing it offers valuable lessons for understanding how public diplomacy has functioned in the past and can function today and tomorrow in transitions to democracy

Comparing New Democracies Enrique A. Baloyra,2019-04-09 The transition to democracy has been a significant trend in Mediterranean Europe and Latin America during the last ten years This book presents comparative analyses that offer a theoretical synthesis of the dynamics of recent democratization processes on both sides of the Atlantic The contributors argue that transition is a response to fundamenta

Amnesties, Pardons and Transitional Justice Roldan Jimeno,2017-09-07 In a consolidated democracy amnesties and pardons do not sit well with equality and a separation of powers however these measures have proved useful in extreme circumstances such as transitions from dictatorships to democracies as has occurred in Greece Portugal and Spain Focusing on Spain this book analyses the country s transition from the antecedents from 1936 up to the present within a comparative European context The amnesties granted in Greece Portugal and Spain saw the release of political prisoners but in Spain amnesty was also granted to those responsible for the grave violations of human rights which had been committed for 40 years The first two decades of the democracy saw copious normative measures that sought to equate the rights of all those who had benefitted from the amnesty and who had suffered or had been damaged by the civil war But beyond the material benefits that accompanied it this amnesty led to a sort of wilful amnesia which forbade questioning the

legacy of Francoism In this respect Spain offers a useful lesson insofar as support for a blanket amnesty rather than the use of other solutions within a transitional justice framework such as purges mechanisms to bring the dictatorship to trial for crimes against humanity or truth commissions can be traced to a relative weakness of democracy and a society characterised by the fear of a return to political violence This lesson moreover is framed here against the background of the evolution of amnesties throughout the twentieth century and in the context of international law Crucially then this analysis of what is now a global reference point for comparative studies of amnesties provides new insights into the complex relationship between democracy and the varying mechanisms of transitional justice

Los caminos de Germán Abdala Jorge Giles, Germán Abdala, 2000 [Affect, Archive, Archipelago](#) Beatriz Llenín-Figueroa, 2022-04-04 Inspired by douard Glissant s and Marta Aponte Alsina s critical creative work this book explores how Puerto Rico s affective archive of Caribbean relations from the nineteenth century through the twenty first has envisioned and embodied decolonization and sovereignty in relation to the archipelagic the sea and Caribbean regionalism The book s transdisciplinary archive includes historical figures and their legacies political and activist thought textuality and action as performative interventions and performance and live arts pieces objects materialities and texts as political activist actions Affect Archive Archipelago begins by delving into the historical political figures of Ramón Emeterio Betances Luisa Capetillo and Pedro Albizu Campos It then encounters the work of the live arts collective Agua Sol y Sereno the political activist work of Amíxas del MAR Comuna Caribe Mujeres que Abrazan la Mar and Coalición 8M and Teresa Hernández s transdisciplinary artistic trajectory Finally stemming from the book s argument and the immediate historical political affective context of Puerto Rico s summer 2019 rebellion Verano Boricua the book offers some reflections and proposals for furthering decolonial sovereign archipelagic and reparatory horizons for Puerto Rico

Comparative Election Law Gardner, James A., 2022-04-21 This timely research handbook offers a systematic and comprehensive examination of the election laws of democratic nations Through a study of a range of different regimes of election law it illuminates the disparate choices that societies have made concerning the benefits they wish their democratic institutions to provide the means by which such benefits are to be delivered and the underlying values commitments and conceptions of democratic self rule that inform these choices

Handbook of Children's Risk, Vulnerability and Quality of Life Habib Tiliouine, Denise Benatuil, Maggie K. W. Lau, 2022-07-30 This handbook makes a major contribution to the growing international research and policy interest in children s experienced well being or quality of life in childhood linking it to ongoing research on children s risk and vulnerability The editors and contributors adopt the broader concept of risk in addition to vulnerability Not much work considers the connections between risks that children experience and their quality of life In examining children s quality of life the chapters discuss various issues of risk and vulnerability that may affect their lives and also how the quality of childhood might be enhanced and maintained even in the face of these factors The chapters discuss experiences of violence and abuse access to basic services such as housing health

and education and children's vulnerability due to broader external factors such as war conflict and environmental events The volume also includes the impacts of new technologies on children and the consequent risks and vulnerabilities they may face alongside the benefits This important volume brings together a diverse range of perspectives from established experts and emerging scholars in these fields of work It covers a wide range of geographical and cultural contexts and includes theoretical empirical policy and practice based contributions This handbook is a natural first point of reference for academics and policy professionals interested in quality of life well being and children's rights

Ethics of Global Development David A. Crocker, 2008-07-10 Poverty inequality violence environmental degradation and tyranny continue to afflict the world Ethics of Global Development offers a moral reflection on the ends and means of local national and global efforts to overcome these five scourges After emphasizing the role of ethics in development studies policy making and practice David A Crocker analyzes and evaluates Amartya Sen's philosophy of development in relation to alternative ethical outlooks He argues that Sen's turn to robust ideals of human agency and democracy improves on both Sen's earlier emphasis on capabilities and functionings and Martha Nussbaum's version of the capability orientation This agency focused capability approach is then extended and strengthened by applying it to the challenges of consumerism and hunger the development responsibilities of affluent individuals and nations and the dilemmas of globalization Throughout the book the author argues for the importance of more inclusive and deliberative democratic institutions

Los Caminos De La Democracia Introduction

In today's digital age, the availability of Los Caminos De La Democracia books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Los Caminos De La Democracia books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Los Caminos De La Democracia books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Los Caminos De La Democracia versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Los Caminos De La Democracia books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Los Caminos De La Democracia books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Los Caminos De La Democracia books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public.

Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Los Caminos De La Democracia books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Los Caminos De La Democracia books and manuals for download and embark on your journey of knowledge?
