in the universe is based on an evolution of consciousness from the beginning of time the Big Bang It clarifies the connectedness of all life with Science and to Spirit through the understanding of world old Hermetic Teachings in a balance of Reason and Faith Consciousness is the very fabric that all form is made out of and is the ground of all beingness of life Consciousness and the energy that makes up matter are inextricably combined or linked emerging in a sequence of events called occasions of experience that ultimately create our experiences in life and our reality The universe isn't made of things or particles Its a process Its made up of events The result of this evolution of consciousness is an Analogical Awareness of life living in the now moment of unlimited potentials for the growth of a new super conscious species of humanity moving through an Omega Point in time between 2011 2013 These Hermetic Teachings were clarified for me through the teaching of Ramtha and his Ancient Gnostic School much of what I have learned in 20 years my philosophy of life has its foundation in Ramtha's philosophy Our accelerating consciousness is moving to a quantum existence of Spirit in Mass God Man realized alive with all the lower species of life specifically the Sheeple of Economic Western Society The Science of Spirit is based on my personal experience my research and my understanding of the ancient philosophy that this work comes from It uses from research the philosophy and experience of other very credible people that have studied different aspects of a Science of Spirit as a philosophy to live by I use this eclectic approach to build an accurate model of reality based in consciousness that allows us to create our own reality once we rid ourselves of the illusions of society This approach gives credibility to my overall viewpoint a modern interpretation of a very old philosophy and way of life A Science of Spirit that is inherent in Mother Nature It goes in depth about understanding What Consciousness Is An Analogical State of Awareness that is continuously evolving faster and faster to the eternal Now Moment It uses the discovery of a new perspective of the Mayan Calendar that is supposed to end in a religious Apocalypse at The Omega Point in time around 2012 as its foundational understanding of an Evolution of Consciousness on earth This philosophy and research show an Evolution of Consciousness a rising of an Analogical Awareness of life revealing a Science to the nature of Spirit It explains from a new perspective this battle between the Forces of Good and Evil at The End of Time This Ancient Science of Spirit philosophy explains how the primeval forces of life Spirit that are inherent in Mother Earth growing for 16.4 billion years are pitted against the dogmatic stagnant god fearing personalities that run the Engines of Commerce of our Global Society with their focus on monetary control of the people and the planet This is a real life battle between evolving evolutionary beings against the Anti Christ Social Consciousness of The Multi National Corporations Religious dogmas talk about an Apocalypse at the end of time to help warn us of our impending doom the remarkable thing is that the word Apocalypse means the lifting of a veil or a disclosure to certain privileged persons of something hidden from the majority of humankind I will show in this book that the lifting of a veil is a rising of consciousness that knows no fear of the unknown and clarifies ancient predictions of the end days and the real battle of Armageddon This ancient Science The Pillar of Celestial Fire Robert Cox, 1997-11-01 In this

well documented book compelling evidence is presented that during the previous Golden Age a universal sacred science was shared by enlightened Seers of the Biblical Egyptian Vedic Taoist and Native American traditions The mysterious and powerful knowledge possessed by these ancient Seers is relevant today for it holds the keys to spiritual enlightenment perfect health and physical immortality Although this knowledge was lost long ago according to the cycles of time mapped out by the ancient Seers themselves we are now about to enter into a new Golden Age a time when the lost sacred science is destined to be revived and miraculous new technologies will arise The author presents the spiritual historical and scientific background of this imminent revival with remarkable insight offering a message of great hope for the entire human race

DOUGLAS KENYON *Forgotten Worlds* Patrick Chouinard, 2012-05-29 An examination of the mythological historical and
archaeological evidence for lost civilizations throughout the world Explores unexplained mysteries such as the Caucasian
mummies of China the pyramids of Caral in Peru and the genetically unique X woman of Siberia Examines evidence of lost
ancient civilizations in Asia Europe and the Americas including extensive investigation into Atlantis Shows that Siberia and
the Amazon may have been cradles of humanity before Africa Over and over again mainstream views of early history which
state that the first civilizations arose around 3500 BCE are plagued by evidence of much older civilizations evidence ranging
from artifacts and inexplicable remains to pyramids and ubiquitous myths that clearly speak of great empires prior to the rise
of the Sumerian city states and pharaonic Egypt Viewing Atlantis and its many related myths as a metaphor for a long lost
global civilization Patrick Chouinard explores the mythological cultural religious and archaeological evidence for many
forgotten civilizations in Europe Asia and the Americas He addresses unexplained mysteries from around the world such as
Caucasian mummies found in China the pyramids of Caral in Peru the hobbit remains on Flores Island the giant heads of
Easter Island the lost legacy of Lemuria the ideology and occult mysticism behind Nazi theory and the genetically unique X
woman of Siberia He also examines evidence of ancient alien visits and other supernatural phenomena in the distant past
Using recent archaeological findings he shows that Siberia and the Amazon may have been cradles of humanity millennia
before Africa Sounding the call to continue searching ancient remote and formerly forbidden regions for lost cultures and
genetic root races Chouinard offers a new chronology for the emergence of human life and civilization as well as a new

mechanism for how and why societies and species change over time By finding lost peoples and their forgotten worlds we can truly begin to understand the human race and learn from its long history The Free-energy Device Handbook David Hatcher Childress,1994 A large format compilation of various patents papers descriptions and diagrams concerning free energy devices and systems The Free Energy Device Handbook is a visual tool for experimenters and researchers into magnetic motors and other over unity devices With chapters on the Adams Motor the Hans Coler Generator cold fusion superconductors N machines space energy generators Nikola Tesla T Townsend Brown and the latest in free energy devices Packed with photos technical diagrams patents and fascinating information this book belongs on every science shelf With energy and profit being a major political reason for fighting various wars free energy devices if ever allowed to be mass distributed to consumers could change the world Get your copy now before the Department of Energy bans this book
