Trauma and Forgiveness C. Fred Alford, 2014-01-09 Contrary to the view of trauma popularized by literary theorists Trauma and Forgiveness argues that the traumatized are capable of representing their experience and that we should therefore listen more and theorize less Using stories and case studies including testimonies from Holocaust survivors as well as the victims of ordinary trauma C. Fred Alford shows that while the traumatized are generally capable of representing their

experience this does little to heal them He draws on the British Object Relations tradition in psychoanalysis to argue that forgiveness which might be expected to help heal the traumatized is generally an attempt to avoid the hard work of mourning losses that can never be made whole Forgiveness is better seen as a virtue in the classical sense a recognition of human vulnerability The book concludes with an extended case study of the essayist Jean Améry and his refusal to forgive Jean Améry Yochai Ataria, Amit Kravitz, Eli Pitcovski, 2019-11-13 This volume explores themes originating from the work of Jean Améry 1912-1978 a Holocaust survivor and essayist mainly ethics and the past torture and its implications death and suicide The volume is interdisciplinary bringing together contributions from philosophy psychology law and literary studies to illuminate each of the topics from more than one angle Each essay is a novel contribution shedding new light on the relevant subject matter and on Jean Améry's unique perspective The ensuing picture is rich and multifaceted uncovering unforeseen traits of Améry's thought and surprising correlations that have so far been under researched It invites further studies of the Holocaust and its consequences to take their cue from non neutral first person reflections
