Lost Twin:

The Missing Twin Rita Herron, 2011-06-07 Detective Caleb Walker had taken on some tough cases for Guardian Angel Investigations but when Madelyn Andrews came to him claiming that her five year old daughter was able to communicate with her twin sister who d never made it home from the hospital Caleb was skeptical One glimpse at the beautiful single mother though and he couldn't walk away Now as he looked into what had really happened when Madelyn went into labor suspicious details were uncovered Details that prompted Madelyn to cling to him as pain consumed her And the deeper he dug the more invested Caleb became in their tiny family in their safety when danger penetrated their lives and in their salvation when he promised to bring a little girl home **The Lost Twin** D.W. Harper, 2015-02-01 The saga continues as twins Kayla and Layla deal with the unexpected suicide of their mother Alice Her many years of lies and deception have torn apart their once devoted family and she has left behind the twins to deal with her trail of destruction It is a long and difficult year for the girls Their efforts to unburden their family and mend the outfall of distrust prove futile and they soon find themselves struggling with their devotion towards one another As the special twin bond between the sisters is ripped apart Layla feels compelled to do something desperate to stop that from happening The Twin in the Transference Vivienne Lewin, 2018-05-16 The universal phantasy of having a twin originates in our earliest relational experiences This book is about twins and twinning processes The existence of an actual twin alive or dead may be experienced as an embodiment of the phantasy of having a twin with developmental consequences Twinning processes in twins lead to the creation of an internal twin relationship that is enduring The twin relationship may be at the narcissistic end of the spectrum leading to an enmeshed twinship or it may be a more mature object relationship All twin relationships will be manifest in the transference relationship with the analyst The twin transference has been largely neglected in the psychoanalytic literature to the detriment of our understanding of dynamic processes in twin patients In this book case material is used to explore the nature of the twin transference relationship and the necessity of analysing the twin transference as well as maternal and paternal transference relationships The Twin Enigma Vivienne Lewin, 2018-05-08 The book offers a unique in depth understanding of the twin relationship and the way in which twin development is affected by our attitudes to twins and our enduring fascination with them It explores our historical fascination with this subject and the origins of this excitement how our perceptions of twins reflect our own longing for a perfect soul mate and the effect this personal projection has on the development in twins It is a book written with the general reader in mind rather than experts Twins share a deep psychic bond that forms the core of their twinship but they are never identical Many factors will affect their development including the early mutual resonances and sensate experiences between them and parental and societal attitudes in raising them Twin and Triplet Psychology Audrey Sandbank, 2003-09-02 Information on the special needs and natures of twins and

Twin and Triplet Psychology Audrey Sandbank, 2003-09-02 Information on the special needs and natures of twins and multiples is often difficult for professionals to obtain Twin and Triplet Psychology fills this gap helping professionals to be

better equipped to offer advice to parents and twins alike Examining the psychology of twinship throughout the lifespan the book includes chapters on twins in utero temperament development and inter twin behaviour before and after birth antenatal and postnatal influences on family relationships twins with special needs the death of a twin twins in secondary school and **The living twin** Peter Bourguin, Carmen Cortés, 2024-06-11 Did you know that many people who are born as a single child began life accompanied by a brother or sister that died during pregnancy and vanished leaving no trace whatsoever And did you know that the frequency which this occurs is amazingly high It s a well known fact verified by science for some decades now that a 10% of babies who are born started their life as a part of a twin pregnancy and then lost their sibling during the first months of gestation This phenomenon had remained purely statistical until quite recently Only in the last few years has psychology started to become interested in the effects that this experience may have on the surviving twin Wha might the consequences be of spending the first weeks or months of one s life with a twin in utero but then to suffer their loss and be born alone How can person process and assimilate this primary experience when frequently it is ignored and relegated to the unconscious levels of our self The answers to these and other questions constitute the core of this book which also includes around fifty testimonies that enable us to listen firsthand to the multiple manifestations that result from the experience of being a lone twin Not All Twins Are Alike Barbara Klein, 2003-02-28 Even twins are unique Most people idealize twins fantasizing a close perpetually loving relationship Yet Klein herself an identical twin demonstrates that twins have complicated and intense relationships that range from over identification or excessive closeness to profound estrangement and conflict Most twins who are raised as individuals deal with the significant emotional pain of separation in adolescence or young adulthood yet as mature adults can come to love and respect each other as individuals As Klein makes clear the parenting that twins receive as infants and young children affects the relationships that they have with one another and with the world they choose to function in Because parenting is a critical determinant of psychological well being it should be treated as a serious but manageable challenge This book is a must read for twins their parents and scholars students and other researchers and professionals dealing with mental health and child development Twins Fred Goodwin.2000-02

Science and Literature in Cormac McCarthy's Expanding Worlds Bryan Giemza, 2023-05-04 Bryan Giemza challenges the myth of the solitary genius both in scientific and humanistic endeavors and demonstrates how Cormac McCarthy is the exceptional figure whose work allows and encourages us to interrogate the marriage of the sciences and humanities Drawing from previously unsurfaced archival connections as well as a range of primary sources and interview subjects including those close to McCarthy Giemza places McCarthy s work within contemporary scientific discourse and literary criticism Timely and innovative in both content and structure the volume includes a biographical examination of the writer s love of science and the path that led him to the Santa Fe Institute and offers a rare look behind its closed doors The book probes the STEM subjects with chapters focused on technology engineering and math within and throughout McCarthy's fictional universe and biography The final chapter explores McCarthy's friendship with Guy Davenport and their shared interest in creating a unified aesthetic theory alongside McCarthy's essays and most recent literary projects The Passenger and Stella Maris In arguing that science and art are connected by aesthetics Giemza confirms the profound truth of McCarthy's unwavering belief that There's a beauty to science and a language of human understanding that transcends words Twins, Triplets, and More Elizabeth M. Bryan, 1998-12-15 Twins and higher multiple births bring parents unique joys and unique challenges Dr Elizabeth Bryan founder of the Multiple Births Foundation addresses everything the parents of multiple births need to know from conception to adulthood For example The real difference among fraternal identical and half identical siblings Naming resisting the John and Jane urge Twin languages and their effect on speech development Treating multiples equally without homogenizing them How to ask for and manage help all parents of multiples need it Separation and independence

getting the right mix The increased use of fertility drugs combined with the trend toward later motherhood has made multiple births more common than ever In frank but reassuring language Dr Bryan guides parents through the inimitable journey of parenting twins triplets and more Having Twins and More Elizabeth Noble, Leo Sorger, 2003 Considers the needs of prospective multiple birth parents WOOD YOU BELIEVE FR. JIM COGLEY, 2014-04-22 What we don't know can still deeply affect us This book contains groundbreaking material that expands the horizons of self awareness For many people it has implications that are enormous and far reaching It is a medical fact that more than one in eight people began their journey into life not on their own They had a wombtwin or were part of a multiple pregnancy It is a medical fact that for every set of twins born at least one in five were triplets There is ever increasing evidence that the memory of this early loss can be carried through life as a form of psychological trauma that has previously been unrecognized and usuallymisdiagnosed The symptoms of having experienced loss in the womb or shortly after include A sadness and sense of loss that persists A loneliness that eats into the bones A difficulty with close relationships A burden of guilt that is irrational A black hole that nothing can fill A tendency towards isolation A creativity that is stunted A difficulty with letting go A search that is endless A depressive mentality A restlessness of spirit A poor sense of self Whether the twin loss took place during the first few months in the latter stages of the pregnancy during or after birth the symptoms seem to vary very little Could this be you or someone that you know If so this book could shed light on the mysterious world of what it s like to be a wombtwin survivor and point the way towards healing and recovery Here are the stories of so many who discovered the key to the mystery that had plagued them all their lives Written in language that is easily understood the steps towards identification and resolution are clearly outlined Here is a book that could truly change your life It could be the most important book you will ever read **Hidden Twins** Olivia Lousada, 2018-03-26 This book finds itself being part of the rising tide of interest and investigation into the nature of relationship experience for siblings same sex twins and opposite sex twins It illuminates adult opposite sex twinship that has been undervalued and even hidden
