Planning And Compulsory Purchase Act 2004:

Planning and Compulsory Purchase Act 2004 Stephen Tromans, 2005 *The Planning And Compulsory Purchase Act 2004 (Commencement No.9 And Consequential Provisions) Order 2006* Stationery Office, The, 2006-05-30 **Department for Communities and Local Government** Great Britain. National Audit Office, 2008 Housing developments require the approval of planning applications by the 368 local planning authorities in England before they can proceed The Department for Communities and Local Government has given local authorities approximately 68 million a year to improve the handling of planning applications and in particular to speed them up Measures taken include national targets payment of Planning Delivery Grant initiatives to build public sector planning capacity initiatives to improve the development management process While authorities are taking more decisions on major housing schemes within 13 weeks the true extent of the improvement across the development process is not as clear as it could be The combination of the extra grant and the setting by the Department of targets has encouraged local authorities to give a higher priority to taking speedier decisions The Department's figures on processing planning applications for large housing developments show a significant improvement with 67 per cent of decisions being reached in 13 weeks in 2007/08 up from 37 per cent in 2002/03 But the extent of improvement across the development process is less clear because the Department's performance measure excludes the time spent before an application's submission and after its subsequent approval both of which can be substantial The Department does not collect data on how long it took to reach these decisions The National Audit Office found that for the 11 authorities visited decisions to reject were taken more quickly than those to approve with approval taking on average 25 weeks for the 100 cases examined from 2006/07 **Planning and Compulsory Purchase Act 2004 (UK)** The Law The Law Library, 2018-04-05 *Planning and Compulsory Purchase Act 2004 UK* The Law Library presents the official text of the *Planning and Compulsory Purchase Act 2004 UK* Updated as of March 26 2018 This book contains The complete text of the *Planning and Compulsory Purchase Act 2004 UK* A table of contents with the page number of each section **Statutory Instruments** Great Britain, 1966 **Listed Buildings, Conservation Areas and Monuments** Charles Mynors, 2006 Published monthly this journal monitors developments in planning law environmental law compulsory purchase and related issues The journal is a forum for debate in planning and associated areas It includes current topics articles Parliamentary and Departmental news and case law reports **Get in on the Act** Local Government Association (England and Wales), 2004 *The proposal for a national policy statement on ports* Great Britain: Parliament: House of Commons: Transport Committee, 2010-03-17 National Policy Statements NPS are a key component of the new planning system for nationally significant infrastructure projects introduced by the Planning Act 2008 The Act stipulates that a proposal for a National Policy Statement will be subject to public consultation and allows for parliamentary scrutiny before designation as national policy by the Secretary of State The draft Ports National Policy Statement Department for Transport 2009 has been

welcomed by many organisations as a good start which can be built upon The Committee has recommended a number of modifications and expects the Department will improve the draft as a result of the consultation and scrutiny processes The Committee has reservations regarding the Government's 2007 policy for ports and the lack of guidance on location for port development in the NPS but this of itself does not make the NPS unfit for purpose But the Committee cannot recommend designation at this stage on two counts Firstly a key related policy statement the National Networks NPS has yet to be published Secondly the organisation likely to be one of the principal decision makers for port development the Marine Management Organisation has yet to be established and so has been unable to comment on guidance that will be of great importance to its role These are fundamental flaws in the consultation process and the Ports NPS should not be designated until they are rectified
