Edward Maguire, David Duffee

Police Streetcorner Politicians:

Police William K. Muir, 2012-07-31 This book examines the problem of police corruption in such a way that the stereotype of the crude greedy cop who is basically a grown up delinquent if not an out and out robber yields to portraits of particular men often of earnest good will and even more than ordinary compassion contending with an enormously demanding and challenging job Robert Coles New Yorker Other social scientists have observed policemen on patrol or have interviewed them systematically Professor Muir has brought the two together and because of the philosophical depth he brings to his commentaries he has lifted the sociology of the police on to a new level He has both observed the men and talked with them at length about their personal lives their conceptions of society and of the place of criminals within it His ambition is to define the good policeman and to explain his development but his achievement is to illuminate the philosophical and occupational maturation of patrol officers in Laconia a pseudonym His discussions of the policemen s moral development are threaded through with analytically suggestive formulations that bespeak a wisdom very rarely encountered in reports of sociological research Michael Banton Times Literary Supplement Police William Ker Muir (Jr.), 1979 **Police** William Ker Muir (Jr.), 1977 **The Politics of the Police** Benjamin Bowling, Robert Reiner, James W. E. Sheptycki, 2019 The Politics of the Police offers a geographical and historical overview of the law and politics of the police This fifth edition covers a wider range of empirical and theoretical issues encompassing a transnational scope and reflecting the growing diversity of policing forms in today s globalized world **The Politics of Policing** Mathieu Deflem, 2016-06-06 Developments and problems associated with police power are at the very front of current public debate This volume addresses contemporary issues of policing with a focus on the characteristics of police power as a coercive force in society and its continued need for legitimacy in a democratic social order *Disassembling Police Culture* Mike Rowe, 2023-02-10 Drawing on six years of ethnographic research this book critically examines police culture exploring police behaviours decisionmaking and actions Police culture is a concept widely used often critically to characterise the working attitudes and behaviours of usually uniformed police officers It is shorthand for a workplace imbued with machismo racism sexism a thirst for danger and excitement cynicism and conservatism Rather than looking for culture or identifying how culture affects behaviours this book identifies factors that influence the decisions and actions including technology targets training timing intelligence geography and supervision thus reassembling police culture much as Bruno Latour sought to reassemble the social The analysis develops a clearer and critical understanding of culture by explicitly connecting the debates about police culture to those about organisational culture Offering a detailed ethnography of two shifts it grounds the analysis of the idea of police culture in a thick description of the day to day activities observed in the police station and the patrol car rather than using brief illustrative extracts The book dispenses with any assumption of the utility of the concept of police culture not least because it is opaque and reassembles our understanding of policing and if it retains any relevance of police culture An accessible and

compelling read this book will appeal to students and scholars of policing criminology sociology law politics and all those interested in the day to day lives of police officers *Police Corruption* Maurice Punch, 2013-01-11 Policing and corruption are inseparable This book argues that corruption is not one thing but covers many deviant and criminal practices in policing which also shift over time It rejects the bad apple metaphor and focuses on bad orchards meaning not individual but institutional failure For in policing the organisation work and culture foster can encourage corruption This raises issues as to why do police break the law and crucially who controls the controllers Corruption is defined in a broad multi faceted way It concerns abuse of authority and trust and it takes serious form in conspiracies to break the law and to evade exposure when cops can become criminals Attention is paid to typologies of corruption with grass eaters meat eaters noble cause the forms corruption takes in diverse environments the pathways officers take into corruption and their rationalisations and to collusion in corruption from within and without the organization Comparative analyses are made of corruption scandal and reform principally in the USA UK and the Netherlands The work examines issues of control accountability and the new institutions of oversight It provides a fresh accessible overview of this under researched topic for students academics police and criminal justice officials and members of oversight agencies *Police Services* Paresh Wankhade, David Weir, 2015-06-11 This volume provides fresh insights and management understanding of the changing role of policing against the backdrop of massive cuts in public expenditure experienced and the changing landscape of policing The challenges of funding training online crimes and cultural transformation are now felt globally The need to learn and adapt from suitable models of police service delivery have never been greater The book offers critical insights into the theory and practice of strategic and operational management of police services and the related professional and policy aspects One of the highlight of this volume is to bring together scholarship using experts academics practitioners and professionals in the field to each of the chosen topics The chapters are based in the practical experiences of the authors and are written in a way that is accessible and suitable for a range of audiences We are confident that this book will cater to a wider audience to inform policy and practice both in the UK and internationally Sir Peter Fahy QPM Chief Constable Greater Manchester Police Policing across the world is facing an increasing complexity of demand and public expectation creating new challenges for leadership and management The contributors to this work are among the leading thinkers in policing and present important new insights into both the past and the way forward It will be welcomed by all those convinced that radical new approaches are required across the public services Bill Skelly Deputy Chief Constable Devon and Cornwall Police UK At times it feels that the focus on leadership in the police service is all about what went wrong the negative influences of a tightly knit culture and the almost inevitable rise of the technocrat It is refreshing to read a book that seeks new insights into the positive influences of police leadership and offers the prospect of a more emotionally aware and spiritually rich approach as to how those insights may be practically employed for the benefit of all in the police family and the communities we serve *Community Policing and Peacekeeping*

Peter Grabosky,2009-06-25 In modern industrial societies the demand for policing services frequently exceeds the current and foreseeable availability of public policing resources Conversely developing nations often suffer from an inability to provide a basic level of security for their citizens Community Policing and Peacekeeping offers a fresh overview of the challenge

Criminal Justice Theory Edward Maguire,David Duffee,2015-02-11 Criminal Justice Theory Second Edition is the first and only text edited by U S criminal justice educators on the theoretical foundations of criminal justice not criminological theory This new edition includes entirely new chapters as well as revisions to all others with an eye to accessibility and coherence for upper division undergraduate and beginning graduate students in the field

Writing the World of Policing Didier Fassin,2017-10-25 In his edited collection Writing the World of Policing The Difference Ethnography Makes renowned anthropologist sociologist Didier Fassin brings together some of the greatest minds in the social sciences to reflect on the question of urban policing in disadvantaged neighborhoods worldwide The aim of the volume is both to show how ethnography can illuminate the role of policing in society as well as to show how an attention to law enforcement can alter and provoke the practice of ethnography itself Spanning five continents and tackling such concepts as accountability complicity morality detention alibi and others this volume is bound to become one of the major statements on a topic of increasing interest Structured around three sections position observation and description the book mirrors the process of the ethnographic method itself taking us deep within each local context it investigates while never losing sight of the global relevance of crime law and the exercise of power inherent to both

Handbook of Policing Tim Newburn,2008 This work covers policing in the UK reflecting the transformations that have taken place and the increasing professionalisation of one of the country s most important services It covers policing in its comparative and historical context and considers the context in which policing takes place

Policing and Mental Health John McDaniel,Kate Moss,Ken Pease,2020-02-25 This book explores the relationship between policing and mental health Police services around the world are innovating at pace in order to develop solutions to the problems presented and popular models are being shared internationally Nevertheless disparities and perceptions of unfairness remain commonplace Innovations remain poorly funded and largely unproven Drawing together the insights of eminent academics in the UK the US Australia and South Africa the edited collection evaluates the condition of mental health and policing as an interlocked policy area uncovering and addressing a number of key issues which are shaping police responses to mental health Due to a relative lack of academic texts pertaining to developments in England and Wales the volume contains a distinct section on relevant policies and practices It also includes sections on US and Australian approaches focusing on Crisis Intervention Teams CITs Mental Health Intervention Teams MHITs stressors and innovations from Boston in the US to Queensland in Australia Written in a clear and direct style this book will appeal to students and scholars in policing criminology sociology mental health cultural studies social theory and those interested in learning about the condition and trajectory of police responses to mental health

Policing & Firearms

Clare Farmer, Richard Evans, 2022-10-31 Policing and firearms it is a crucial relationship Should police be routinely armed If so what restrictions should be imposed on the use of firearms Where police are not routinely armed there is still a need for specialist armed police how do these units operate and are they effective This ground breaking edited book explores the nexus between policing and firearms with a genuinely international focus Contributors from Ireland Germany the United Kingdom Brazil Mexico the United States Venezuela New Zealand Australia and Canada explore the issues from a range of perspectives including human rights militarization police legitimacy and the risks police firearms pose to the community and to police themselves This thought provoking collection is an indispensable resource for law enforcement policymakers and students of policing and criminal justice **Critical Issues in Policing** Roger G. Dunham, Geoffrey P. Alpert, Kyle D. McLean, 2020-07-01

The eighth edition of this comprehensive collection includes carefully chosen articles with fresh perspectives on the most current trends in policing Critical Issues in Policing provides ready access to the brightest minds in the field of policing The 36 contributions sharpen understanding of the intricacies of police work and encourage readers to change from holding the police responsible for crime rates to holding them accountable for specific goals tasks and objectives The new edition continues its authoritative insightful coverage of complex elements of policing and presents vivid and pragmatic illustrations of law enforcement issues The anthology offers an alternative to traditional policing texts It covers philosophies of policing that guide discussions about police culture police misconduct use of force operational concerns and technological innovations **Criminal Justice Ethics** Cyndi Banks, 2018-12-31

Criminal Justice Ethics examines the criminal justice system through an ethical lens by identifying ethical issues in practice and theory exploring ethical dilemmas and offering suggestions for resolving ethical issues and dilemmas faced by criminal justice professionals Bestselling author Cyndi Banks draws readers into a unique discussion of ethical issues by first exploring moral dilemmas faced by professionals in the criminal justice system and then examining the major theoretical foundations of ethics This distinct and unique organization allows readers to understand real life ethical issues before grappling with philosophical approaches to the resolution of these issues **Policing race, ethnicity and culture** Jan Beek, Thomas Bierschenk, Annalena Kolloch, Bernd Meyer, 2023-03-28

How to deal with differences based on culture ethnicity and race has become a key issue of policing This edited collected explores everyday often mundane interactions between police officers and migrantised actors in European countries and asks how both sides deal with perceived differences The contributions reflect that such differences are not just out there but are being situationally re produced in police citizen encounters By taking a comparative approach the book develops a distinctly European perspective on these questions The book contains 12 ethnographies from ten European countries based on new and often innovative empirical research two theoretical contributions an introduction and a postface *Reflexivity and Criminal Justice* Sarah Armstrong, Jarrett Blaustein, Alistair Henry, 2016-11-23

This collection presents a diverse set of case studies and theoretical reflections on how criminologists

engage with practitioners and policy makers while undertaking research The contributions to this volume highlight both the challenges and opportunities associated with doing criminological research in a reflexive and collaborative manner They further examine the ethical and practical implications of the impact agenda in the higher education sector with respect to the production and the dissemination of criminological knowledge Developed to serve as an internationally accessible reference volume for scholars practitioners and postgraduate criminology students this book responds to the awareness that criminology as a discipline increasingly encompasses not only the study of crime but also the agencies process and structures that regulate it Key questions include How can criminal justice policy be studied as part of the field of criminology How do we account for our own roles as researchers who are a part of the policy process What factors and dynamics influence hinder and facilitate good policy

Fair Cop Janet B. L. Chan, Chris Devery, Sally Doran, 2003-01-01 Police forces everywhere have been undergoing major social and organizational changes In this one of the few longitudinal studies of police socialization Janet Chan Christopher Devery and Sally Doran present the complexity of police socialization under these changing conditions Following 150 new police recruits through two years of training and apprenticeship the authors question the traditional model of socialization that assumes a degree of stability and homogeneity in the organizational culture They suggest that recruits developmental paths can be much more varied and police culture is increasingly vulnerable to change Drawing on interviews observations and questionnaires the authors depict the complex processes by which recruits adapt redefine cope with and make sense of the positive and negative aspects of their training and apprenticeship Bringing together rigorous quantitative analyses with rich ethnographic description *Fair Cop* provides new empirical data and theoretical understanding about the reproduction and change of police culture
