Policing Australia Old Issues New Perspectives:

W.J. MacKay and the NSW Police, 1910-1948 Richard Evans, 2022-08-29 This book tells the fascinating story of William John MacKay a man who dominated policing in New South Wales for three decades until his death in 1948 MacKay was fearless brilliant and ruthless He was responsible for beating up striking unionists but he also smashed the semi fascist New Guard when it was a threat to democracy He reformed and modernized the New South Wales Police Force and he framed innocent men for capital crimes He cracked down on organized crime and corruption and he was himself corrupt Dogged by scandal he was the subject of no fewer than seven royal commissions The story of W J MacKay is also the story of policing in Australia from the 1920s through to the corruption riddled period after the Second World War This gripping history explores the messy complexities of police power and sheds new light on a fascinating period in Australian police history *Policing Across the World* R.I. Mawby, 2013-04-15 This wide ranging text provides an overview of policing across different societies and considers the issues facing the US and British police in a wider international context The book is designed as a coherent introduction to the police **Contemporary Issues in Law Enforcement and Policing** Andrew Millie, Dilip K.

Das, 2008-05-28 Rising terrorism and advances in technology along with new organizational strategies and investigative techniques have stretched the traditional role of the police officer Calls for strong intelligence driven paramilitary policing juxtaposed with a demand for softer community policing leave officers under increased pressure to be tough and

societies The authors consider ideas of danger and social threat in historical perspective legal responses to violent criminals attempts to predict dangerous behaviour why particular groups such as women remain at risk from violent crime This inspired collection invites us to rethink the received wisdom on dangerous offenders and will be of interest to students and scholars in the fields of criminology and the sociology of Risk **MALE CRIME AND DEVIANCE** Barri R. Das,Hans-Jörg Albrecht,2005-01-01 This volume presents insight from police practitioners and scholars on the nature and extent of governmental corruption in both more and less developed countries in all regions of the globe Editors Rick Sarre Dilip K Das and H J Albrecht and the notable contributors shed light on the conditions under which corruption flourishes and its far reaching consequences for individuals safety and freedom as well as each nation s security economy and even sovereignty Importantly this volume also presents innovative anti corruption strategies to be undertaken by governments international organizations and the media Devoting special attention to malpractice within police forces The Policing of Corruption is an important resource for all who work to undo corruption and its debilitating effects **Just Boys Doing Business?** Tim Newburn,Elizabeth A Stanko,2013-11-05 What is it about crime that makes it men s work Can we imagine masculinity without crime This is the first book of its kind to bring contributors from three continents together to examine the relationship between masculinity and crime Covering such areas as policing prisons violence against women homicide white collar crime and male victimisation this book will force us to rethink many aspects of masculinity and crime **Common Law and Colonised Peoples** Jeannine M. Purdy,2019-01-15 Published in 1997 It is well known in Australia that Aboriginal people are currently massively over represented amongst the

prison population Although it is not officially acknowledged to the same degree in Trinidad it is also well known that Afro Trinidadians are over represented in the prisons of that county The disproportionate criminalisation of Aboriginal Australians and Afro Trinidadians is interpreted by the author as a continuation and concretion of the myth of the barbaric uncivilised and ungoverned savage in opposition to which Western legal systems and societies have created their own identities The book departs from much contemporary analysis in this area by drawing strongly upon a historical analysis of the operations of the common law in Trinidad and Western Australia By doing so the book illustrates that race ethnicity and criminalisation are not necessarily contiguous What such analysis does reveal is another and more constant dimension to criminalisation and that is economic basis of many of the legal relations instituted under British derived legal systems with respect to colonised peoples

Political Corruption in Australia Peter John Perry, 2017-10-05 This title was first published in 2001 Despite considerable expansion the scholarly literature on political corruption has remained fragmentary often polarized consisting either of sweeping systematic statements or case specific examples Perry bridges this gap and proves the need for further such study in this most worthwhile examination of the place of political corruption in Australia The Australian experience is paid thorough yet concise attention and then it is related to the concept of political corruption in its various and changing forms and interpretations Assuming no familiarity with the central intellectual issues Perry lucidly explores them in terms of their method practice and definition with particular reference to Australia Primarily suitable for academics interested in politics geography development studies history and sociology this book's accessible style also makes it of interest to a general audience

Democratizing the Police Abroad David H. Bayley, 2001 **Policing Marital Violence in Singapore** Ganapathy Narayanan, 2008 Why have years of police reform in Singapore not produced significant changes in improving the policing of marital violence is the fundamental question raised by this volume Carefully exploring the police response to marital violence in Singapore while paying due attention to the particular culture and historical context in place the author reframes the questions about the problem of intimate violence The book goes into the ramifications for the criminal justice system particularly into the issues of policing safety and protection of victims from such violence A careful documentation of the reform process but also the resistance encountered within the police organisation especially by the rank and file police

Child Witnesses in Twentieth Century Australian Courtrooms Robyn Blewer, 2021-04-15 This book considers the law policy and procedure for child witnesses in Australian criminal courts across the twentieth century It uses the stories and experiences of over 200 children in many cases using their own words from press reports to highlight how the relevant law was or was not applied throughout this period The law was sympathetic to the plight of child witnesses and exhibited a significant degree of pragmatism to receive the evidence of children but was equally fearful of innocent men being wrongly convicted The book highlights the impact safeguards like corroboration and closed court rules had on the outcome of many cases and the extent to which fear of children of lies or the truth and of reform influenced the criminal

justice process Over a century of children giving evidence in court it is clear that the more things changed the more they stayed the same

Community Policing and Peacekeeping Peter Grabosky,2009-06-25 In modern industrial societies the demand for policing services frequently exceeds the current and foreseeable availability of public policing resources Conversely developing nations often suffer from an inability to provide a basic level of security for their citizens Community Policing and Peacekeeping offers a fresh overview of the challenge

Women Police in a Changing Society Mangai Natarajan,2016-02-11 Offering a fascinating account of the development of women police over the past twenty years this book refers to the author s extended research in India to examine how the Indian experience demonstrates a valuable alternative to the Anglo American model not only for traditional societies but for women police in the West as well With reference to the establishment in 1992 of all women units in Tamil Nadu this unique experiment proved highly successful in enhancing the confidence and professionalism of women officers and ensuring the effectiveness and efficiency of the police At a time when policing is being rethought all over the world not only in traditional societies the Tamil Nadu practice illustrates important lessons for western countries that are finding it increasingly difficult to recruit and retain women officers Natarajan s remarkable book is an important and original contribution to the literature on gendered policing which to date has concentrated almost exclusively on the US and British experience

Policing and Media Murray Lee,Alyce McGovern,2013-11-26 This book examines the relationship between police media and the public and analyses the shifting techniques and technologies through which they communicate In a critical discussion of contemporary and emerging modes of mediatized police work Lee and McGovern demonstrate how the police engage with the public through a fluid and quickly expanding assemblage of communications and information technologies Policing and Media explores the rationalities that are driving police media relations and asks how these relationships differ or not from the ways they have operated historically what new technologies are influencing and being deployed by policing organizations and police public relations professionals and why how operational policing is shaping and being shaped by new technologies of communication and what forms of resistance are evident to the manufacture of preferred images of police The authors suggest that new forms of simulated and hyper real policing using platforms such as social media and reality television are increasingly positioning police organisations as media organisations and in some cases enabling police to bypass the traditional media altogether The book is informed by empirical research spanning ten years in this field and includes chapters on journalism and police policing and social media policing and reality television and policing resistances It will be of interest to those researching and teaching in the fields of Criminology Policing and Media as well as police and media professionals
