## **Political Violence In Northern Ireland:**

Children of Wrath Michael MacDonald, 1986 Analyzes the conflict in Northern Ireland suggests reasons why Britain has been unable to find a solution and describes the positions of each faction      Political Violence in Northern Ireland Alan O'Day, 1997-03-25 Political violence in Northern Ireland began in the late 1960s and has been part of life there and to a lesser extent in the Republic of Ireland and Great Britain for nearly three decades The crisis has perplexed politicians strained democratic institutions and has placed British policies under the microscope of international scrutiny The volume of up to date essays places recent developments in context It looks at the ideology of republicans and unionists the impediments to peace problems of gender and citizenship the impact of partition on the island's economy how The Troubles have been filtered through the press and the impact of overspill violence in the Republic of Ireland and Great Britain This study adds an important fresh texture to the ongoing discussion of political violence and the problems in Northern Ireland      **Northern Ireland Politics** Arthur Aughey, Duncan Morrow, 2014-06-17 Hopes for a peaceful settlement in Northern Ireland have again put the politics of the province under the spotlight This new text written by acknowledged experts on Northern Ireland provides an immediately accessible introduction to the multi faceted nature of the politics of the region      **Northern Ireland's Troubles** Marie-Therese Fay, Mike Morrissey, Marie Smyth, 1999-03-20 This work provides a background to the Northern Ireland conflict The authors investigate the human effect of the violence looking at the geographical religious gender and age distribution of deaths due to the troubles They analyse the impact of the activities of the various armed participants and examine the relationship between deprivation and levels of violence Looking at suicide rates levels of prescribed drug use and mental health admissions they examine the social impact of the conflict They then compare this with the impact on the economy GDP unemployment levels and public expenditure putting forward a positive agenda for dealing with the effects of conflict and for moving away from violence towards peace      **Political Violence and the Law in Ireland** Gerard W. Hogan, Clive Walker (Professor), 1989      *Power, Politics and Territory in the 'New Northern Ireland'* Elizabeth DeYoung, 2023-10-15 Winner of the ACIS Donald Murphy Prize for Distinguished First Book 2023 In the wake of the Good Friday Agreement the redevelopment of the former Girdwood Army Barracks in North Belfast was hailed as a symbol of hope for Northern Ireland It was a major investment in a former conflict zone and an internationally significant peacebuilding project Instead of adhering to the tenets of the Agreement sectarianism dominated the regeneration agenda Throughout the process politicians community groups and paramilitaries wrangled over the site's future and territorial contest won out over housing need After eleven years of negotiation and 11.7 million the EU funded Girdwood Community Hub opened its doors to the public in 2016 but its impact has been underwhelming The Hub's redevelopment is a microcosm of the peace process itself and the ways in which post Agreement politics have failed to deliver a shared future for the people of Northern Ireland twenty five years on This ethnography provides a lively account of Girdwood's redevelopment and a wry critique of the

fractious political context around it Through fl nerie and encounter the author brings us across peace walls into community meetings and behind the scenes of decision making in Northern Ireland Girdwood s story also sheds light on how power politics and territory intersect in divided cities globally *Inequality, Identity, and the Politics of Northern Ireland* Curtis C. Holland,2022-07-26 Inequality Identity and the Politics of Northern Ireland examines how the politics of threat and resentment undergirded by persistent poverty and class and gender inequalities across Catholic and Protestant communities shape dynamics of political conflict while simultaneously giving way to critical subjectivities at the community level through which more transformative visions of peace may emerge **The Northern Ireland Conflict on the Margins of History** Kenneth Funston,Cillian McGrattan,2025-05-01 Assessing the impact of paramilitary violence on border Protestants in Northern Ireland remains a critically overlooked part of the region s history Remembered through a framework of memory that blurs the boundary between victim and perpetrator existing scholarship often disempowers border Protestants by obscuring their experience under the Provisional IRA s campaign This re examination of the conflict illuminates how the Troubles impacted the Protestant community s physical economic and cultural presence in the border counties Combining oral history with a broader assessment of the Provisional campaign this book presents a compelling case study for viewing this violence as a form of ethnic cleansing **Policing and Combating Terrorism in Northern Ireland** Neil Southern,2018-04-12 This book explores the challenges of combating terrorism from a policing perspective using the example of the Royal Ulster Constabulary GC RUC in Northern Ireland The RUC was in the frontline of counter terrorism work for thirty years of conflict during which time it also provided a normal policing service to the public However combating a protracted and vicious terrorist campaign exacted a heaving price on the force Importantly the book addresses a seriously under researched theme in terrorism studies namely the impact of terrorism on members of the security forces Accordingly the book examines how officers have been affected by the conflict as terrorists adopted a strategy which targeted them both on and off duty This resulted in a high percentage of officers being killed whilst off duty sometimes in the company of their wives and children The experience of officers wives is also documented thus highlighting the familial impact of terrorism Generally speaking the victims of terrorist attacks have received scant scholarly attention which has resulted in victims experiences being little understood This piece of work casts a specific and unique light on the nature of victimhood as it has been experienced by members of this branch of the security forces in Northern Ireland **Strained Peace: Northern Ireland from Good Friday to Brexit** Amanda Hall,2024-09-30 As the United Kingdom continues to grapple with the aftermath of Brexit one corner of the Union has remained caught in the crosshairs Northern Ireland has been the subject of renewed scrutiny since 2016 as efforts to leave the European Union come up against the terms of the Good Friday Agreement and threaten the region s hard won peace The reasons for these challenges can be traced back to the Agreement itself as the negotiated settlement and its immediate aftermath set in place a strained peace This book examines the function

and dysfunction of peace after 1998 to explain why its endurance cannot be taken for granted Strained peace stands apart from the traditional peace violence binary Structures of conflict and patterns of division are reiterated in the structures of peace Tensions might relax just as they might be inflamed by new challenges but the threat of a return to violence is never fully gone This book explores how such a condition developed between Good Friday and Brexit addressing variations in the quality of peace in the insecurity of official structures at Stormont the shifting role of community groups and the third sector and the adaptation of culture as a culture war replaced physical violence on the streets      *Western Responses to Terrorism* Ronald D. Crelinsten, Alex P. Schmid, 2012-11-12 This volume combines case studies of national responses to terrorism with analyses of conceptual political economic and data collection problems surrounding the control of terrorism in democratic societies over the last 25 years      *International Handbook of Traumatic Stress Syndromes* John P. Wilson, Beverley Raphael, 2013-06-29 Over 100 researchers from 16 countries contribute to the first comprehensive handbook on post traumatic stress disorder Eight major sections present information on assessment measurement and research protocols for trauma related to war veterans victims of torture children and the aged Clinicians and researchers will find it an indispensable reference touching on such disciplines and psychiatry psychology social work counseling sociology neurophysiology and political science      **The Oxford Handbook of Late Colonial Insurgencies and Counter-Insurgencies** Martin Thomas, Gareth Curless, 2023-10-10 The lethality of conflicts between insurgent groups and counter insurgent security forces has risen markedly since the Second World War just as those of conventional or inter state wars have declined For several decades conflicts within states rather than between them have been the prevalent form of organised political violence worldwide Recent conflicts in Afghanistan Iraq and Syria have fired interest in colonial experiences of rebellion while current western interventions in sub Saharan Africa have prompted accusations of militarist humanitarianism Yet despite mounting interest in counter insurgency and empire comparative investigation of colonial responses to insurrection and civil disorder is sparse Some scholars have written of a golden age of counter insurgency which began with Britain's declaration of a Malayan Emergency in 1948 and ended with the withdrawal of US ground troops from Vietnam in 1973 It is with this period if not with any presumed golden age that this volume is concerned This Handbook connects ideas about contested decolonization and the insurgencies that inspired it with an analysis of patterns and singularities in the conflicts that precipitated the collapse of overseas empires It attempts a systematic study of the global effects of organized anti colonial violence in Asia and Africa The objective is to reconceptualize late colonial violence in the European overseas empires by exploring its distinctive character and the globalizing processes underpinning it      **Criminal Justice Responses to Domestic Abuse in Northern Ireland** Ronagh J.A. McQuigg, 2022-08-29 This book provides a detailed exploration of the responses of the criminal justice system to domestic abuse in Northern Ireland The book's primary focus is on developments which have taken place since around 2010 and in particular since the restoration of the Northern

Ireland Assembly in January 2020 after a three year suspension The book includes discussion of the increased levels of domestic abuse in Northern Ireland in the context of the COVID 19 pandemic and analyses the ways in which the criminal justice system responded In addition the book includes in depth discussion of the Domestic Abuse and Civil Proceedings Act Northern Ireland 2021 which had the effect of criminalising coercive control and the implications of this legislation for Northern Ireland s response to domestic abuse The book will be of great interest to academics and researchers from a wide variety of disciplines such as criminal law criminology social policy human rights family law gender studies and sociology as well as practitioners and those in the voluntary sector who are working in the area of combating domestic abuse It can also be used on courses at both undergraduate and postgraduate levels which incorporate the topic of domestic abuse

The Healing of Nations Mark R. Amstutz, 2004-07-29 How does one forgive an international political transgression as deep as genocide or apartheid Forgiveness is often conceived of as an element of personal morality and even at that it is difficult This book argues that it is also an essential part of political ethics especially when dealing with collective wrongdoing by political regimes In the past a retributive justice demanding prosecution and punishment of all past offenses has kept the international community away from moving on to the next step in regime change Here Mark R Amstutz takes a restorative justice approach calling for nations to account for crimes through truth commissions public apology and repentance reparations and ultimately forgiveness and the lifting of deserved penalties The distinctive feature of forgiveness is the balance it strikes between backward looking accountability and forward looking reconciliation The Healing of Nations combines a theory of the role of forgiveness in public life with four key case studies that test this ethic Argentina Chile Northern Ireland and South Africa Amstutz uses the hard cases to illustrate the promise and limits of forgiving without forgetting

Restoring Civil Societies Kai J. Jonas, Thomas A. Morton, 2012-08-08 Breakdowns in civil societies can be catalyzed by factors ranging from war and

genocide to natural disaster disease and economic downturns Restoring Civil Societies examines social processes related to civic engagement in the wake of these societal ruptures The authors show how crises in civil society can be both pervasive and localized broad based and limited to defined social sub groups Whatever their scale Restoring Civil Societies identifies models that analyze the social psychology of crises in order to devise ways of re activating civic engagement and safeguarding civil society Focusing on these positive interventions the authors identify a number of key strategies ranging from the simplicity and directness of bystander interventions to the volunteer armies mobilized in the wake of natural disasters They include collective action organized to redress systemic inequalities and the vital healing role played by truth commissions in Rwanda and elsewhere Restoring Civil Societies fills the gap between basic research on social issues and translation into social policies and programs an area which in light of current economic and social unrest is more important now than ever
