Political Transition Politics And Cultures:

Political Transition Paul Gready, 2003-04-20 Examines how political transformations affect people's memories and identities *The History and Political Transition of Zimbabwe* Sabelo J. Ndlovu-Gatsheni, Pedzisai Ruhanya, 2020-10-21 This book is the first to tackle the difficult and complex politics of transition in Zimbabwe with deep historical analysis. Its focus is on a very problematic political culture that is proving very hard to transcend. At the center of this culture is an unstable but resilient nationalist military alliance crafted during the anti-colonial liberation struggle in the 1970s. Inevitably, violence, misogyny, and masculinity are constitutive of the political culture. Economically speaking, the culture is that of a bureaucratic parasitic primitive accumulation and corruption which include invasion and emptying of state coffers by a self-styled Chimurenga aristocracy. However, this Chimurenga aristocracy is not cohesive as the politics that led to Robert Mugabe's ousting from power was preceded by dirty and protracted internal factionalism. At the center of the factional politics was the first family, Robert Mugabe and his wife Grace Mugabe. This book offers a multidisciplinary examination of the complex contemporary politics in Zimbabwe, taking seriously such issues as gender, misogyny, militarism, violence, media, identity, modes of accumulation, the ethnicization of politics, attempts to open lines of credit and FDI, national healing, and the national question as key variables, not only of a complete political culture but also of difficult transitional politics. **Political Culture, Social Movements and Democratic Transitions in South America in the XXth Century** Fernando Devoto, Torcuato S. Di Tella, 1997 Questo volume intende fornire un contributo alla riflessione sulla storia politica e sociale dell'America Latina illustrando la grande varietà delle ideologie e delle storie politiche delle nazioni latino americane dall'inizio del nostro secolo sino al periodo più recente. Annotation Supplied by Informazioni Editoriali **Political Transitions in Dominant Party Systems** Joseph Wong, Edward Friedman, 2008-10-27 Using country-specific case studies, top rank analysts in the field focus on the lessons that dominant parties might learn from losing and the adaptations they consequently make in order to survive to remain competitive or to ultimately regain power. **Political Culture and Post-Communism** S. Whitefield, 2005-10-11 Our understanding of the dynamics of Communist systems was substantially improved by taking political culture into account. But how much does the concept of political culture add to our empirical understanding of post-Communist Russia? The book's contributors engage with theoretical debates between political culture and competing rational choice and institutionalist approaches to post-Soviet politics and provide illustrative empirical studies of civic participation, views of national identity, the Russian criminal justice system, and political violence. **Sub-Saharan Political Cultures of Deceit in Language, Literature, and the Media, Volume II** Esther Mavengano, Isaac Mhute, 2023-12-12 This two-volume set charts a cross-disciplinary discursive terrain that proffers rich insights about deceit in contemporary postcolonial Sub-Saharan African politics. In an attempt to produce a nuanced and multifaceted academic dialoguing platform, the two volumes have a particular focus on the aspects of treachery, fear of difference, oppositional politics, and discourses, semiotics of misself.

representation The major aim of the proposed volumes is to contribute toward the often problematised conversations about the unfolding post colonial Sub Saharan world which is topical in decolonial and Pan African studies The volumes seek to place political thinking and postcolonial political systems under the scholarly gaze with the view to highlight and enhance the participation of African cross disciplinary scholarship in the postcolonial political processes of the continent Most significantly it is through such probing of the limitations of our own disciplinary perspectives which can help us appreciate the complexity of the postcolonial Sub Saharan African politics The first volume uses Zimbabwe as a case study while the second volume examines postcolonial politics in Sub Saharan Africa more broadly The first volume uses Zimbabwe as a case study while the second volume examines postcolonial politics in Sub Saharan Africa more broadly

Democracy and Political Culture in Eastern Europe Hans-Dieter Klingemann,Dieter Fuchs,Jan Zielonka,2006-11-22 What is the relationship between democracy and political culture in countries undergoing major systemic change Have subjective political orientations of citizens been important in shaping the development of democracy in central and eastern Europe after the fall of communism These core questions are tackled by an impressive range of twenty political scientists sixteen of which are based in the central and eastern European countries covered in this essential new book Their analyses draw on a unique set of data collected and processed by the contributors to this volume within the framework of the World Values Survey project This data enables these authors to establish similarities and differences in support of democracy between a large number of countries with different cultural and structural conditions as well as historical legacies The macro level findings of the book tend to support the proposition that support of democracy declines the further east one goes In contrast micro level relationships have been found to be astonishingly similar For example support of democracy is always positively related to higher levels of education no matter where an individual citizen happens to live This new book builds a clear understanding of what makes democracies strong and resistant to autocratic temptation Spanish Culture and Society Barry Jordan,2017-09-25 This glossary offers an exciting introduction to the diversity and richness of Spanish culture and society and a route map to further study Designed specifically with undergraduates in mind it contains around 450 concise alphabetically arranged and accessible explanations of the key words events figures and concepts in Spain since 1939 *Political Culture and Civil Society in Russia and the New States of Eurasia* Vladimir Tismaneanu,1995 First Published in 1998 Routledge is an imprint of Taylor Francis an Informa company **Dynamic Governance: Embedding Culture, Capabilities And Change In Singapore (English Version)** Boon Siong Neo,Geraldine Chen,2007-07-03 In a world of uncertainty and change current achievements are no guarantee for future survival Even if the initial chosen set of principles policies and practices are good static efficiency and governance would eventually lead to stagnation and decay No amount of careful planning can assure a government of continual relevance and effectiveness if there is no capacity for

learning innovation and change in the face of ever new challenges in a volatile and unpredictable global environment This book provides an in depth look at dynamic governance the key to success in a world of rapid increasing globalization and unrelenting technological advancements If bureaucratic public institutions can evolve and embed the culture and capabilities that enable continuous learning and change their contributions to a country s socio economic progress and prosperity would be enormous The lessons from their efforts in institutionalizing culture capabilities and change could provide meaningful and valuable insights for transforming organizations in other contexts
